Popular Young Alix Couple Wed Christmas Day

A quiet wedding was celebrated at the home of Mrs Mary A. Toepfer, Alix, on Thursday, December 25th, by Rev. E. Upton, when her eldest daughter, Viola May, was united in marriage to Mr. James Richard Scherpf, son of Mr. V. Scherpf of Alix.

The bride entered the living room on the arm of her uncle, Mr. F. C. Toepfer, to the strains of the wedding march played by her sister Ruth. She was charmingly gowned in a dress of much fat crepe and carried a bouquet of artificial roses and lilies-of-the-valley, and was attended by her sister, Grace, who wore a smart dress of sand cape. The groom was attended by his youngest brother, Karl. The bride's mother wore a blue dress of crepe back satin.

The groom's gift to the bride was a sterling silver bracelet. The bridesmaid was presented with a pair of suede gloves, while the best man received a tie.

Following the wedding fifty-five relatives partook of the beautiful dinner, the three-tier wedding cake, decorated by Mrs. B. E. Todd, adorning the table.

In the afternoon the happy couple left for a few days' visit to Calgary and on their return will reside on the farm of the groom's father east of town.

Those present from out of town were: Mr. and Mrs. E. Lagore and Mr. Arnold Lagore of Hargreaves; Mr. and Mrs. E. Lagore and family of Stettler; Mrs. B. Toepfer and family of Camrose.

Mr. and Mrs. C. H. Estell Celebrate Their "Golden Wedding"

Eighty-two guests, comprising Mirror friends and old Ripley District neighbors, assembled on Christmas Day at the home of Mr. and Mrs. C. H. Estell in Mirror to congratulate them and help to celebrate the passing of their 50th Wedding Anniversary, and it proved beyond question one of the most enjoyable events in the history of the neighborhood where this worthy couple have spent more than a quarter of a century, locating in Ripley district in November 1902. The evening was spent in court waltz, there being 15 tables, over which a beautiful luncheon was served.

The bride and groom of fifty years were the recipients of many tokens of esteem, among which was a deed from his brother to the fine residence in which they reside; an electric radio from their many friends of Ripley and Mirror, the address being read by Mr. F. McDonald, and suitably replied to by Mr. Estell; a set of dishes from the family; silver carving set from Mirror business men; several \$5 gold pieces, etc. We are pleased to know that this worthy are enjoying good health and we join in trusting that they will be spared for a goodly number of years to come.

Alix Puck Chases R. Big Valley

The minor hockey team has to date played and won five games, three of which were within the last week.

On Christmas Day in Mirror they ran up a score of 7 to 1 against that team.

On their own ice on Friday evening they tied 6 to 6 against Delburne and going to that town on Saturday won a shut out by a 5 to 0 score.

And on Friday night, Jan. 2nd, an Alix ice came up against the Big Valley ice. This was to be a real ripper of a game and you should surely be there.

The junior boys were from Mirror in a tight game on Monday evening on Alix ice, taking the big end of a 5 to 3 score. This aggregation is a going concern and warrants your support.

How About a "Stop Price"

Alix, Alberta, December 29th, 1930

To the Editor of The Alix Free Press:

Dear Sir—I have been reading some articles recently and I think if the Government was to do all that is being suggested they would need a million dollars a day dropping out of the sky some place to meet expenses. I am a farmer here, I farm in Saskatchewan for twenty years before coming here, and no one is in a position to know what the farmer is up against. I am a Saskatchewan Wheat Pool member and have been since the start, but I am not opposed to the Grain Trade and Grain Exchange, we need them both; I feel that the both are needed more today than ever. The trouble with farming from the beginning of time is, as soon as there is plenty, prices fall below the cost of production, as soon as it becomes scarce prices soar high. For the last twenty years I have been trying to figure out in my own mind some plan that would stop the price of farm produce falling below the cost of production. High tariff walls are of no avail, when you build a high tariff wall against a country they will come back and build just as high a wall against you. Manufactured goods are not sold below cost they simply manufacture according to what they can sell.

I have thought out a plan that I think would work and it would not cost the Government one cent. My plan is this, have the Government put a stop loss on produce sold, stop loss to be figured at cost of production and subject to change from time to time according to conditions. At present put a stop loss of 90¢ a bushel on No. 1 wheat delivered at Fort William, what I mean by stop loss is that they cannot buy wheat from the farmer below the price, say 90¢ for wheat delivered at the lakes. The Pool could make the first payment at 80¢ on this plan knowing that wheat cannot be bought lower. If we don't get this price, the cost of production, we keep it. This plan will not interfere with any grain firms or pools, it simply means that they cannot buy below this price, but can pay as much more as they like; also that we urge our Government to get in touch with all the principal wheat exporting countries and get them to adopt a similar plan. This plan will work on all farm produce, for instance let them set 8¢ a lb. on live hogs at Calgary, this means that the farmer cannot pay less than this price, if he will not pay this price of production he can't have it, but he can pay as much more as he likes. I think everybody will agree with me that the farmer is entitled to receive the cost of production for his goods, also instead of having the Government put a duty on butter coming in from other countries, have them put a stop loss on butter of say 35¢ which means that they cannot pay less than 35¢ a lb. in Canada but can pay as much more as they like. I have stated these prices simply to show what I mean. This plan will work on everything the farmer has to sell. This idea of a hundred percent by legislation is a bad mistake. We are living in a free country, let the world go free. I would like to see you put this in your paper if you see fit. Yours truly, J. A. HAMER

Isn't It True?

Love soon burns to ashes when a man makes a fool of himself.

There would be fewer divorces if there were more laughter and less coarseness in homes.

When a man becomes a crab he starts going backward.

Always be reasonably sure before you become unreasonably positive.

What's good for high blonde pressure.

According to Will Rogers the first installment is the worst.

WHEN IN A HURRY

For a piece of Printing, a few sheets of cardboard or paper that only a printing office is likely to have, it's a nice thing to have a printer as near to you as local, or within a few hours mail service. It means a lot to you. But if you are just going to use your local printer on occasions like that and send the jobs you can wait for to the city, you are hardly shooting square, are you? Plain talk? Sure! What's the use of any other kind these times? A district can only be developed by the people who are in it. The city printer has no interest in you apart from the business he can get out of you, just as the city merchant has no interest in your town and district apart from the dollars he can entice away from the near neighbors. Think it over and shoot straight

EVERYBODY INVITED

Reply To Nameless Intellectual

Editor Alix Free Press:

Dear Sir—In reply to one of our 'hard working' intellectuals, whom I presume requires a salary of approximately \$1 per hour for editorial services given. The new taxpayer has interviewed a great many old-timers and it is surprising how they have come to realize that they cannot any longer remain dormant whilst this organization and that corporation continue to say whether they shall keep on stretching the dollar, to pay excessive taxes even at the expense of their stomach. Naturally our well educated teachers cannot assimilate the fact that food, clothing and shelter takes precedence before education and that the taxpayers cannot any longer continue to sacrifice the bare necessities of life because a select few believe they should receive remuneration in excess of their services, and even those twenty or twenty-five year taxpayers are determined they will not be skinned any longer, and I fear there are very few educated taxpayers who will pay and pay gladly. The writer may be an uneducated hewer but he realizes that if we cannot stretch within our municipality in those times of stress, we surely cannot look for our Provincial and Federal representatives to do so. You know, charity should commence at home when needed, and by the way I have a name and was never averse to signing name under any circumstances.

Yours truly,

"Uneducated Taxpayer"

Re Teachers' Salaries

Alix, Alberta, December 23rd
To the Editor of The Alix Free Press

Dear Sir—I notice a comment in your paper headed "The hard work done by our teachers" and I do not think it is any credit to the old taxpayers of the district to have it in a newspaper to make a hard one something which is most certainly wrong.

It is most unfortunate that the most of our taxpayers who have taken no previous interest in this subject. We certainly should not show our eyes to the fact that the majority of our teachers are not paid according to their work and responsibility, before overpaid.

Does it not seem strange that a flock of inexperienced teachers, 75% of whom (at a conservative estimate) use the teaching method on a stepping stone to necessary, can draw a salary of approximately \$1000 per year when farmers with an investment of from five to twenty thousand dollars in land and equipment are going broke and having their land sold for taxes.

It is easily understood why teachers' salaries were not raised when prices for farm products

THE ALIX FREE PRESS

were high, because the salaries which we paid them, and are still paying, were in a way with those high prices, and are an act of all proportion to the income of the people who are paying those salaries. It seems to me also that if teachers are paying as much for board now as they did five years ago that is their fault and not the taxpayers.

Yours sincerely

The Centate Wall Presented

The Centate put on last Sunday by the united chaires of Mirror and Alix was a revelation to the majority of our citizens. The church was packed to the doors and from the opening chorus to the final selection it could be seen that the presentation was received with the keenest enjoyment. The several parts were taken in the manner of the professional and the greatest praise is due Mrs. Upon who arranged and conducted throughout. We urge those who missed it to go to Mirror next Sunday evening where it is being put on in the hall.

Annual Meeting

The annual meeting of the Alix Union Church will be held on the evening of Tuesday, January 6th, at 8 p. m. In addition to the business on hand, there will be a social evening to which all interested are invited.

Wheat Pool Meeting

A public meeting in the interests of the Alberta Wheat Pool is being held in Alix on Saturday, January 3rd, to be addressed by Mr. William Pettinger of Field Service Department and J. W. May delegate of Alberta Wheat Pool. You are cordially invited.

New Year Hapnides

A quiet wedding was solemnized at 10.30 a. m. in the Anglican church at Glendon on Wednesday, January 7th, by Rev. J. R. Davies, when Beatrice Georgina, youngest daughter of Mr. and Mrs. John C. Buckley of Glendon, and also I might add to state, of Mr. Humphrey Marryat Paribor, son of Mr. and Mrs. W. Paribor of Alix, were united in marriage. The bride was attended by Dr. Adam Wilson of Edmonton, while the groomsmen was Mr. Terry Jamieson of Alix.

Following the ceremony the company, comprising only immediate friends, partook of the wedding luncheon at the bride's home. After a couple of days in Calgary the happy couple will return to reside at Alix. The bride is now in attending best wishes.

Seven Wins And A Draw

In our last issue we reported that our senior hockey team had played and won five games. Since that they have played three more and are still unbeaten.

In Big Valley on December 31st they took that team to the cleaners to the tune of 6-1. Big Valley played the return game here on Friday of last week and staged a hard fight against the locals, the game ending in a tie 1-1. It was the fastest game on Alix this year, both squads travelling at a whirlwind pace throughout. The outstanding feature of the game was possibly the goal tending both out-tendeners held hundreds of shots and fast ones from every angle and they saved time after time. The first period was a blank. Alix shot the black circle for a tally in the second and the visitors made it a tie in the third. Two five minute overtime goals of lightning play failed to alter the tally. The visitors are nice players and it was a close game. They are slated to meet again on Alix ice tomorrow night.

On Monday night lovers of this sport were accorded another real exhibition when Mirror went up against our crew, both aggregations giving fast all the time, but once more the invincibles won 3-4.

In the first nine months of 1936 over 300,000 pounds of mail were carried by air mail service in Canada one-half of the service, according to the Canadian Air Mail Service.

Suggestion by the Board of Railway Commissioners that the Canadian Freight Association and the Express Traffic Association get together and reach some "gentleman's agreement" will regard to standardizing the crates in which eggs are packed resulted from a hearing before the

ward at Ottawa on the application of the express companies for an upward revision of rates on that product.

Heretofore the companies have carried rates at a flat rate based on an estimate of 35 pounds in the 30-day period. They asked the board that in order to insure establishing the

ment, while the in Eastern Canada were fabricated of wood seven-tenths of an inch and weighed about 15.50 pounds. When eggs were carried as freight by the railways, no discount from their being expressed, the railways charged on a basis of 50 pounds to the crate.

By a regulation of the Department

of Trade and Commerce of 1933 the rate of five-eighths of an inch was required as the government standard. Notwithstanding this, however, egg importers were obtaining their produce from the United States satisfactorily in the half-inch containers.

It was brought out that a convention of breeding men will be held in

In 1937 Canada exported \$28,000,000 worth of pork and pork products. Last year, exports of the same products fell to \$2,500,000. This year they are still falling. They threaten to fall to less than \$5,000,000.

And this is an, er, incentive to it they need, we are importing pork. In 1939 we imported it at the rate of about \$500,000 a year. This year, judging from the figures of the first few months, we will import \$4,000,000 worth. We are even importing lamb.

Canada has more lamb than does any other country in the world. The fact that we are importing it is a highly satisfactory. One result is that the British Columbia Government are now being made to realize that the British Columbia Government representative in London, however, another shipment of about 20,000 Druggins is then.

Is Our Information Correct?

The Wheat Pool meeting held on Saturday last was well attended and in the main the speakers brought to their listeners real meaning.

But we can hardly believe that our informant understood aright when he told us that Mr. William Pettigrew used words to this effect:

"During 1918 the Canadian Government played with the Western Farmer's wheat to the extent of millions of dollars; that the Wheat Board, operating for the Government, set the price to the farmer and then sold at a profit which netted them millions." Surely if this statement was true, and is so there should be a rigid investigation and exposition. If the speaker passed out this line, and it is not true, it savors of sedition with the inference that the wheat is being "farmed" by the Government to the profit of the

east. Is the speaker following those agitators of Saskatchewan who are preaching separation from the east. There is surely enough trouble without spreading this line of bunk.

And again that the reason the Wheat Pool did not take advantage of the high price of wheat during the summer of 1920 was because they had no wheat to sell. Will our people swallow this line of... when records show that we had the largest carry-over that year in Canada's history.

What is to be gained by playing politics when our people are hungry? If such men as the speaker would bend their ability to a solution of our problems they might justify themselves.

On New Year's Day our junior hockey boys played at Mirror and although they worked hard were beaten by a 3-4 score. The were shy two of their best players.

Alix School Cuts Salaries

The Annual Meeting of the trustees of the school, held on Wednesday afternoon, was held on Wednesday afternoon, when the trustees met to discuss the various reports were read and adopted and we must congratulate the teachers on the excellent standing given them by the inspectors. Mr. Mansell Smith took the chair and conducted in an able manner in dealing with the motions, amendments and counter motions. The consensus of opinion after hours spent in discussion, was that a reduction must be made in salaries, and the following motions were passed:

Moved by F. Plandell and seconded by F. McGoigal that all salaries be reduced for the year 1931.

Motion as amended carried.

Moved by F. McGoigal, seconded by M. E. Brown that the lower teachers be asked to take a salary from \$800 to \$900 and high school teachers to take \$1000 to \$1200 same to take effect in 30 days.

Monday night was installation of officers when Mrs. Daisy Morley D.D.G.P. and her installing team from Big Valley were on hand to do the work. The following are the 1931 officers:

Following the business of the evening supper was served.

The Alix whirlwinds devastated Big Valley 4-2 Friday night of last week, adding another win to their long list of sobriety wins. The large crowd of fans witnessed a thrilling battle from start to finish and it was a clean one, only a few penalties being called, about equally divided.

Alix opened the scoring in the first period and in the second end the visitors shot one tally to the Alix three while in the final end Big Valley took their second count.

To-night (Friday) on Alix the locals go up against the "Johnny Walker" team from Stettler, play to start at 8:15 sharp.

On the termination of the Governor General of Canada's term of office it has been customary for the women of Canada to present to the departing lady of the House of Commons fitting memento of her life among us.

No doubt, the desire to do this will be particularly strong in the case of Lady Willingdon who has shown such sincere interest in the women of Canada and who is personally known to so many Canadian women, even in the most remote parts of our Province.

With this in view a committee has been formed in Ottawa under the direction of Miss Mildred Bennett with Lady Borden as treasurer.

Mrs. Egbert and Mrs. McGoigal have been asked to take charge of the collection of the fund in this Province. They realize that, owing to conditions, women may not be able to contribute what they would wish but would like to emphasize that any small amount will show a kindly spirit and interest and will be appreciated.

Will you please send subscriptions to reach Government House, Edmonton, not later than January 20th and payable to either Mrs. Egbert or Mrs. McGoigal. Acknowledgement of all subscriptions will be forwarded from Government House, Edmonton, and a full list of contributions will be sent the National Committee. Remittances should be made by marked cheque or money order.

Saturday's Public Meeting

In justification of our announcement in last week's issue of the "Public Meeting" held last Saturday:

A meeting open to all residents in the district will be held tomorrow (Saturday) afternoon in Legion Hall at 2 p.m. for the discussion of matters pertaining to the financial problems of the various public bodies of the locality.

We received our information over the phone from Mr. Maxwell Smith and naturally understood it was a general meeting. For the life of us we cannot understand what business a wheat pool meeting has to do with our school unless they want the board to open a way for the school to use up some of the surplus wheat they failed to sell. Mr. Saturday's chairman ruled that a discussion of school affairs was not in order because the meeting was municipal affairs and not in order because the meeting was not so arranged. Where the difference?

However, we have no objection to a meeting of this sort providing it is arranged by the proper parties. It affords an opportunity for the uninitiated to become enlightened. We suggest the school board now call a public meeting to discuss the low price of cream and high price of butter.

The two most weighty problems under advisement (the selection of a chairman and the justification of the sale of two dollars worth of junk lumber) were first disposed of by the selection of Mr. Maxwell Smith to the chair and a statement by the buyer of the lumber that he had paid all, or more, than it was worth.

The feeling of the meeting seemed to be that retrenchment was necessary as a result a resolution was brought forward by Mr. U. G. Mayrath that all salaries be reduced by \$20.00. An amendment was made to this by Mr. F. A. Straub, that the reduction be 50 per cent, which was carried, notwithstanding an objection that the action was out of order. Mr. A. J. H. Roland, secretary for Carro out of order. Mr. A. J. H. Roland, secretary for Carro out of order. Mr. A. J. H. Roland, secretary for Carro out of order.

"Notwithstanding any agreement to the contrary every teacher in an ungraded school shall be entitled to receive a minimum salary of seventy dollars per month or eight hundred and forty dollars per year."

The motion would thus reduce three of our teachers to \$200.00, or below the minimum.

The content of the meeting was as above with the addition that secretary be asked to give a more detailed account of the expenditures at the annual meeting.

The great advantage of newspapers is that people read them in trains and that prevents them talking.

WHEN IN A HURRY

For a piece of Printing, a few sheets of cardboard or paper that only a printing office is likely to have, it's a nice thing to have a printer as near to you as local, or within a few hours mail service. It means a lot to you. But if you are just going to use your local printer on occasions like that and send the jobs you can wait for to the city, you are hardly shooting square, are you? Plain talk? Sure! What's the use of any other kind these times? A district can only be developed by the people who are in it. The city printer has no interest in you apart from the business he can get out of you, just as the city merchant has no interest in your town and district apart from the dollars he can entice away from the near neighbors. Think it over and shoot straight

Another Girl Weds

A quiet wedding was solemnized at the home of Mr. and Mrs. John Benham of Alx, Alberta, on Friday, January 16th, at 4 p. m. by Rev. R. Upton of Mirror, when their only daughter, Hazel Annie, became the bride of Mr. John Wold of Turner Valley, Alberta.

The bride was attended by her cousin, Miss Ethel Todd, while the groom was supported by Mr. Norman Todd also a cousin of the bride, both of Alx.

Following the ceremony, a wedding supper was served to the immediate relatives, the table being decorated with a three-tier wedding cake made and beautifully decorated by Mrs. B. E. Todd. At the close of the repeat a very appropriate address was delivered by Mr. C. C. McDermid, grandfather of the bride. The bride received many beautiful and useful gifts.

On the following day the happy couple set by car for a short honeymoon in Calgary before taking up residence in Turner Valley where Mr. Wold holds a position with the Royalista Oil Company.

Paying Off M. E. Cavities

The death took place in Lacombe suddenly, on Tuesday, of one of the best known and most highly respected old timers of this part of Alberta in the person of Mr. Norman E. Cavities, who succumbed to heart failure at his office shortly after reaching there in the morning, at the age of 59 years.

Decayed came to Lacombe in the pioneer days when he taught school but for a good number of years he has been the town secretary. He took a keen interest in all civic affairs.

The funeral took place on Thursday under the auspices of the Masonic Grand Lodge of Alberta of which he was Past Grand Master. Interment took place in Lacombe cemetery.

so that Woods shot home the tally. The third period saw the visitors trying hard but the local's wondrous attack and at the sound of the whistle the score still showed 1-0 for Alx.

At Mirror on Monday night our team met their first defeat of the season when they went down before that team to the tune of 5 to 1. Our gang were at a loss for the first period and allowed their opponents to tally 4, but for the balance of the game they tightened up and the final two ends saw a marker for each team. We understand the return game is tomorrow (Saturday) night.

Alx juniors defeated the Mirror boys in Alx on Saturday last by 6 to 2 tally. The scores for Alx were made by Rex Wilton 1, Jim Peters 1, Frank Shelby 4, Clayton Walker and Ray Wilton played an excellent game on defence and Dick Clark made noble wonderful saves, making a very fast game. Line up: Goal - Dick Clark. Defence - Clayton Walker Ray Wilton Forward - Rex Wilton Jim Peters Frank Shelby Subs - Frank Henry Roy Peters

IN MEMORIAM
In loving memory of our beloved children, Vernon Lily Whitfield who passed away on December 26th, 1928, and Donald Charles Whitfield who passed away on January 25th, 1929.

To-night the stars are gleaming on lonely silent graves
Where sleep in dreamland chamber the ones we loved best
could not save.
No one knows the silent heartaches
Only those who have lost can tell
Of the grief that we bear in silence
For the ones we loved so well.
Sadly missed by the sorrowing
Father and Mother

A Community Problem

Lately the question of medical service in the community has been forced upon us with increasing urgency. It is well known that many of our people who need or have needed medical attention and advice, have not had this service, and by neglecting to have it have run grave danger to their health and sometimes to their lives. The obstacles are often the sufferers in this respect. Recently I have heard of several mothers who have run the unnecessary danger of giving birth to their baby without medical attention. These conditions are rather a disgrace to a community, which is so well supplied with qualified doctors as we are. I think that our doctors should be our community health experts, whom we should feel free to consult whenever we require the use of their advice or attention.

I believe that our doctors have more than done their part, as I've never heard of anyone being refused their service even to people who could not possibly pay them. The doctors must find it quite difficult to carry on, when it is estimated that more than fifty per cent. of their accounts are not collectible. The care of those who are not able to pay for medical attention should not fall on one individual, but should be divided among the whole community.

The above would be without point or reason if I could not offer a very workable solution to this problem. This takes the form of the municipal doctor, which has proven so very satisfactory in many parts of Saskatchewan. The doctor is under contract and is paid a salary by the municipality or medical district. His services and advice are free to the people, they may consult him at any time, surgical operations are not included in the contracts. The people pay for dressing materials and drugs only. According to the contract the doctor charges a small mileage to cover the operation of his car, or that may be included in his salary.

With this system in force anyone in need of a doctor's service or advice would not hesitate to consult him. I strongly urge that this system be adopted in the community. The Alberta legislation enabling a municipality to put this system into effect has already been passed. This would be forwarded to the provincial government and the matter called to prevent the annual meeting and at the yearly municipal meeting itself.

Annual Meeting February 24th

The annual meeting of the electors of the Municipal District of Lamerton No. 398 will be held in the Legion Hall, Alx, on Saturday, the 24th day of February, commencing at 1 p. m. At the meeting the election of three councillors will be a portion of the business, those whose terms expire being: C. A. Cockrell Division 1; W. Westwell Division 5; and H. E. Stevenson of Division 6.

Public Meeting February 18th

A public meeting of the electors of Lamerton M. D. No. 398 will be held in Legion Hall, Alx, on Wednesday, February 18th, at 2 p. m. The meeting is called in accordance with the resolution at the general meeting last month. This is not the usual meeting but a general meeting for discussion of an affair prior to the Annual Meeting.

Teachers Accept Salary Cut

A meeting of the school board was held on Friday of last week and after dealing with the regular business, a consultation was held with the teachers and in compliance with a resolution from the recent annual meeting, the board announced a reduction of salaries for the balance of the term of 10% in the public school and 10% on the principal's salary. The staff agreed to the reduction. It was agreed to call for tenders on supplying 10 tons of lump coal at the school. The secretary was appointed a delegate to the convention at Edmonton.

W. I. Held Interesting Meeting

At the meeting of the W. I. held on Tuesday, there was a fair attendance, most of the members responding to the roll call with something pertaining to unemployment in connection with "Made-in-Canada" goods. Mr. Macfie gave a most interesting and helpful talk on "Canadianism", dealing with the present depression, and claimed that lack of confidence among men was one of the main reasons for it. His whole theme was made "Canada First." The address was very much enjoyed by everyone present.

Annual Village Meeting

The annual meeting of the village council was held last Monday evening and the attendance was very good. The business coming before the meeting was not large, consisting of the reading of the financial report and the passing of a few accounts. The sanitary inspector's report was read and proved very satisfactory. Mr. P. C. Tompler, who has given his service on the board for the past nine years, was the retiring councillor and having moved without the village limits, was not eligible for re-election. Nominations were called for to fill the vacancy and Mr. A. E. Henry was the unanimous choice. Mr. H. F. Sanderson moved a hearty vote of thanks to the council for its faithful services. The vote was passed that in justice to those governing the village for 1931, all complaints and grievances during the year be brought to the regular council sessions and thus save all outside criticism and slandering. The council room is the place for discussion and enlightenment.

Notes On The U. F. W. A. Activities

A very pleasant little gathering of U. F. W. A. members met on Saturday last at the home of Mrs. U. G. Macryl, in honor of Mrs. Humphrey Parby. The ideal weather made it possible for a splendid number to attend and enjoyed a very delightful afternoon. Following an informal program of vocal and instrumental numbers and dances contributed by Mrs. Humphrey Parby, Mrs. W. E. M. Strange, the Messers, and M. A novel fender-to-hub employs the chrome-plated head lamps. Added passenger comfort has been insured through the larger, regular Fisher bodies and a better ventilation development. The whole body is built on a specially reinforced rubber. The 1931 Pontiac is better offered for less than the price at which any previous Pontiac was introduced.

Winnie's Wildest War Here Now

The laugh sensation of the year is "The Life of the Party" the Warner Brothers natural color Vitaphone production coming to Legion Hall, Alix, on Wednesday of next week, February 18th. This side-splitting comedy is the last word in screen entertainment, and offers wild and wondrous "Winnie Lighter" in her most hilarious role. The all star cast includes Irene Delroy, Jack Whiting, Charles Judels and Charis Butterworth, well known Broadway stage comedians who makes his motion picture debut to this film.

Check full of roaring comedy situations and the spot modern dialogue of Arthur Caesar "The Life of the Party" works up to a climax in which Winnie loses a Harvard horse race, almost gets in jail, but gets her man.

What portion of the \$1336.91 was paid out for pests, with a suggestion for a bounty on adult crows feet all year. Why the payment of only \$20 on Old Age Pensions? With reference to pound payment, council will be asked why a resolution was not passed.
The secretary will be asked how many families are receiving relief and sums received.

A resolution will be handed in that in future a committee of three from the council investigate all cases of relief for \$10 and over.

The question of curtailing road work received a heap of consideration and a unanimous decision was dropped.

The question of whether councillors could set their own wages was unanimously answered by the Rovers who stated that their rate was set by law.

Mr. P. Bland stated to know where we would find it each year the divisions contained over running their allowance. The Rovers explained that this matter had been adjusted, and each councillor would hereafter have to balance his budget.

Councillors Weatherall and Dittie were of the opinion that the tax payers should be allowed to work out their own affairs. This met with great approval. The purpose by a previous council of the large tree or and gender and agreement entered into with J. O'Brien, received much criticism, and brought forth in the following opinion: "In our opinion the council made a regrettable mistake in purchasing the large grader and tractor and making the deal with O'Brien."

Settling of Accounts

In the settling of accounts around this time of the year, there are two sides of the matter, as which, we are sorry to say, some people recognize only one. All honor to the man who recognizes by his manner of doing business that he has as much responsibility toward his fellowman in this respect as he expects they have towards him; and who goes about seeing those whom he owes in the same manner that he would like others to do toward himself. This one-sided way of dealing with it, and complaining that collections are bad, when he himself is not active in making settlement in his own indebtedness, is an attitude that does harm to business and injures the community in which that man is one of those who depend upon it for a livelihood. We have them in **ALL** and very often they are widely known among their fellows, though they are ignorant of the fact.

Birthday Party

On Saturday, Feb. 14th, a very enjoyable evening was spent by the young people of the Ripley district when they gathered at the home of Mr. and Mrs. A. F. Barrett to celebrate their son Ned's birthday. The evening was spent in playing games, after which a delicious luncheon was served by the hostess.

Tea and Sale

The ladies of St. Patrick's Guild intend holding a sale of tea, home cooking and St. Patrick's novelties on Saturday, March 14th, in the W. I. rest room.

"B. B. B."

The above initials, in our younger days, stood for Burdock Blood Bitters, but in this article they mean "Ben Beats Bob." In November last Ben Dionne brought to our office an extra large egg next month Bob Toxler handed us one quite a bit larger. Now Ben comes all along with a record better 718 and he says if Bob can beat this one he will send his socks and cut his toe-nails for the balance of 1931 free of charge.

This Week's Toss Tattlings

Miss Holbrook R. N. of Hanna is visiting here with
her sister and family, Mr. and Mrs. K. D. McDougall.
Mr. L. H. Gebhart was a business visitor in Edmonton
on Friday of last week.

Mrs. Fred Meadows has gone to Athabasca, Alberta,
where Fred is now teaching.

Mrs. William Ballard has gone to visit for a time with
her parents at Boyle, Alberta.

A number of the Toss people attended the court trial
party given by Mr. and Mrs. K. M. McDougall. Mr. A. T.
Cunningham captured the ladies first and Mr. O. M. Con-
rad the gent's first.

The weather is no warm that a number of the Toss
and vicinity baseball fans have started regular games.

Christianity Knows No Creed or Sect

There is no doubt in our mind that the Free Methodists
now holding services in Alix, are sincere in their efforts to
do good, but to a great extent they are defeating their own
good. All christian denominations are aiming at the same
goal, the betterment of the human race and the salvation
of our people, and THAT BEING SO it is at least a gross
mistake for the preacher to run down his brother's denom-
ination, no matter of what creed. There are among his listeners
people who worship in the Anglican, the United and other
churches and they are just as good Christians as he is or
any of his flock. The editor attended a service and, being
of the old Methodist faith, naturally we enjoyed to the
fullest extent the preacher's exhortation until he started
his ranting against everything not Free Methodist, and we
have heard others express the same opinion. "The servant
is worthy of his hire" and every minister of the gospel who
serves his people has a work which will fill every hour he is
out of bed and surely he is "worthy of his hire." If the Free
Methodists are to accomplish anything they must "be
about their Father's business" and that is preaching Christ
and His Kingdom, not fault-finding.

"I was glad when they said unto me, let us go up to
the house of the Lord"; "Where two or three are met to-
gether in My name, there am I in their midst." The speaker
said to be careful just we stand in the way of success.
We say, Amen.

Interesting Meeting Of W. I.

The regular meeting of the
Women's Institute will be
held on Tuesday afternoon
of next week, March 3rd.
Under household economics,
which is the program, there
be a housewren parade. This
promise to be an interesting
meeting.

"The Happy Family" boys
and girls club is growing
with every meeting and this
must mean that a good time
is had. They meet every
Thursday night in the East
Fellows hall and for next
week they have arranged
with Mr. W. Sharp of Stett-
in to give his popular illus-
trated lecture on his trip
through Europe. We under-
stand the fathers and moth-
ers are to be invited.

The Rebelah ladies are
giving a public Bridge Party
on Friday, March 6th, at
8.30 p. m. in I. O. O. F. hall.
Usual price 35c with supper
included.

Alvin Claims Of Plaintiff In Judgment

AWARD OF \$315 IS MADE AT
CONCLUSION OF HEARING
OF DEBIL.

Judgment for the plaintiff
for claim and costs was given
by His Honor, Judge W. P.
McNeil, in District Court
Friday in an action brought
by Wong Loo, plaintiff,
against the American Hide
and Fur Company, defend-
ant, for \$315.00.

Plaintiff operates a store
at Alix. On March 3, 1930,
defendant bought four worth
\$635 from the plaintiff and
took delivery from Alix. The
sum of \$300 was paid on ac-
count and plaintiff alleged
that the defendant failed to
pay the balance.

Defendant contended that
the sale was made by a man
who was not an agent of the
defendant company. Evidence
showed, however, that the
proprietor of the defendant
company was present when
the sale took place and that
the proprietor went with the
agent to Edmonton after the
sale.

J. J. Baender acted for the
plaintiff and Benjamin Gies-
burg represented the plain-
tiff.—Calgary Albertan, Feb.
20.

Fall Means and Weather Change

Thursday afternoon around
3.30 a strong wind swept up
from the west and in a very
few minutes had assumed
the velocity of a hurricane.
The sky became darkened
and wicked looking with the
clouds of feet and the day
became midnight for a short
time, lights having to be
turned on in the stores and
homes. Between 5 and 6 the
wind shifted to the north and
a little snow fell and again
during the night while all day
Wednesday the wind blew
and snow fell bring the first
real touch of winter and it is
hoped the good work with
continues giving us a supply
of much needed moisture.

By Thursday morning the storm
had disappeared and the sun
was shining once more.

Small Debt Court At Alix

Notice is hereby given that Edwin H. Jones K.C. will hold sittings of the Small Debt Court at Alix Saturday the 28th March, 1961, at the fire hall. Any person wishing to have summons issued should attend at fire hall between the hours of 4 to 5 p.m. If the public show an interest in using this convenience the court will be held monthly.

WHY?

Alix, Alta., March 7, '61
To the ratepayers of Alix Consolidated S.D. No. 12, by courtesy of The Alix Free Press:

On Friday, Feb. 27th, the board of trustees of the Alix Consolidated School held a meeting at which fourteen applications for the position of janitor were supplied to be considered. Among those fourteen applications was one for \$300.00 per year, signed by myself.

Why was Mr. Talents given the position at \$450.00 per year?

Was it because the school board considered Mr. Talents the only person in the district mentally and physically capable of performing the duties efficiently?

Was it because the school board considered the school district responsible for the support of Mr. Talents?

Was it because they considered a single man with no one to support but himself should have precedence over a married man with a family?

Was it because the Alix Consolidated school is so strong financially that the trustees can throw away \$180.00 per year of the ratepayers' money to make good fellows of themselves?

Or was it because Mr. U. G. Murray, Mr. Howe and Mr. Talents all wear a Vet's buttons in their coat lapels?

Why did the trustees go to the trouble of tendering for a janitor when they might as well have put Mr. Talents on the back and said "never mind, Jack, as long as we are there the job is yours?"

Signed

Maurice E. Brown

In a fast game at Stettler Tuesday night our hockey team went down to defeat by a score of 2 to 3. Alix had the best of it in the first two ends, going into the first period with a lead of one but the Stettler team scoring two more gave them the game.

Premier Bennett's Reply

On January 9th we reported Mr. Pettigrew as having intimated at the Alix meeting that in 1918-19 the Canadian Government had, through the Wheat Board, peddled by millions of dollars in selling the Western Farmers' wheat, and since we have noted that the same propaganda is being used by other speakers. The following is Premier Bennett's reply to these intimations:

"Your informant is in error. The officials were appointed under the War Measures Act to deal with the Canadian wheat. They were known as the board of grain supervision of the Canadian Wheat Board. The wheat board sold the Canadian crop of 1919 and, after paying all expenses, they credited to the finance department the sum of \$428,781. After everything was wound up, the money went to the western provinces was \$560,000. There remains a surplus of \$180,000 which is in the process of being made available for relief purposes in the west."

Supply Morning's Service

The service on Sunday at 11 a.m. in the Alix United Church will be of special interest and you are cordially invited. Dr. A. S. Tuttle of Edmonton will be the preacher and special music has been prepared including an anthem by the choir and a mixed quartet.

Tree Planting In The Prairies

More than 116,000,000 young trees from Government forestry plantations have been distributed among farmers on the prairies in Western Canada during the past twenty-nine years, according to the Natural Resources Department of the Canadian National R.Lways. These trees have been planted on 100,000 farms as wind-breaks and shade.

A service that others regard as a nuisance may be the basis of a profitable business if properly handled.

Why Should Births be Registered

When the baby is born, the law requires that the event be properly and formally recorded through registration of the birth. The law should be obeyed, not simply because it is the law but because it is in the interest of the new baby certificate.

Failure to register the child's birth may cause him considerable inconvenience later on. The child may, in future years, require his birth certificate for any of the following reasons:

Proof that he was born in Canada, that he has a right to a passport as a Canadian citizen, for travelling about the country.

Proof of age as a right to enter and to leave school, an assurance that he is old enough to go to work; to have the right to vote to prove his age for marriage or enlistment in the army. Most insurance companies require proof of age before they can be settled.

To establish identity, to prove that he is the son of his parents and that he has a right to inherit.

There are many more reasons such as proof of age before securing a motor-vehicle driver's license or, to establish eligibility for old age pension. Though have been mentioned, however, to prove conclusively that it is most desirable for the baby that his birth be registered. A moral and legal obligation rests upon parents to make the birth of their child properly registered.

The country is also anxious to have all births registered. It is through the prompt and complete registration of births and deaths that it is possible to have a check on health conditions.

The public health departments which are organized and maintained for the public to safeguard the health of the people must have the necessary information to guide them if their work is to be well done. The most valuable and useful information that a department has, and which should be of use to the public, is information concerning the babies.

In order to know what is happening to the babies there must be a record of their births, otherwise the health department does not even know that these babies have been born. Each parent should try to help the health department to do their part in safeguarding the lives of all children by having the birth of the child registered.

We have taken this space to stress the importance of birth registration because there is considerable work with regard to this subject in many places. Such common infections with health work, and common trouble and inconvenience in adult life to those whose births were not registered.

WHY IS A NEWSPAPER LIKE A WOMAN?

This question was propounded by "The Leader" published in Fort Meade, Florida. For the best answer a subscription for one year was offered as a prize. Here are some of the replies:

Because they are thinner now than they used to be.
Because they have laid-off days.
Because they are easy to read.
Because they are well worth looking over.
Because back numbers are not so much in demand.
Because they are not afraid to speak their minds.
Because they have a great deal of influence.
Because if they know anything they usually tell it.
The correct answer is thus: "Because every man should have one of his own and not run after hennybobs."

A few weeks ago, Marguerite Maister's diving net uncovered the skeleton of an Etruscan woman embedded in tuff rock, which had preserved intact the woman's riches as they appeared at the time of burial several thousand years ago. Of special interest to archaeologists is an unbroken bracelet all done in fine gold thread.

Just Right For Upset Stomach

The after-eating distress, gas, discomfort and bloating, the subtle and positive non-injuring signs of Irritable Bowel Syndrome, has proved to be just right! Relief, serenity and gratifying, almost instantly lessen the very first dose—and a few more will be needed, from now and on, to be brought, back for a long time.

A Farmer's Prayer

A copy of a Wisconsin newspaper is furnished to a Journal reader which reports the annual meeting of a co-operative cannery company in that state. One of the speakers delivered an address on the advantages of being a farmer during the present lean economic depression. In his course he read the following prayer of thankfulness, prepared by a farmer in Illinois.

O Lord, I am thankful I am not the owner of real estate. I am thankful I own no stocks and bonds bought at peak prices. I am grateful for guidance that kept me out of the speculative grain markets. I am pleased that I am not a retail merchant with a bulging ledger of unpaid bills. I thank Thee, O Lord, that I am not a laborer without a job or in danger of being let go. I am thankful that I am not a coal miner or a steel manufacturer or a railroad official beset by trade wars here there and everywhere. I am only a poor farmer with 100 acres of Illinois corn, old yield for. There is with more but I didn't say and I thank Thee I didn't say more at the price.

Give me, O Lord, my pipe and my shavings and even, my health and my strength and my faith. I am not making money but I am not losing so much that I fear hunger and hunger. I live on these beautiful miles a day, there. There has provided whatever I happen.

May the day of spring and better things come for all of us. I am grateful to Thee for the small blessings and regular blessings that fall upon me and mine and my country.—The Edmonton Journal.

Mr. R. Whitfield was a visitor at Crossfield on Saturday and Sunday.

Miss Edith Clark of Brandon, Manitoba, has been a guest this week at the home of her cousin, Mr. A. B. Thumt.

If we failed to attend the Settler band concert and dance in Alx on Friday night of last week you surely missed a treat. Mr. Fisher is to be congratulated on the result of his endeavor to give our sister town an organization of such high proficiency and we trust that in the near future we will have the privilege of again hearing them.

Jack Holt, as the leader of a turbulent jail-break, supplies a big punch scene to "The Squealer," the Columbia all-talking screen drama coming to Legion Hall, Alx, on Wednesday, March 25th. Beautiful Dorothy Davis is co-starred with him in the production.

Tomorrow is the first day of spring. Services on Sunday next in St. Pankras church is at 3 p.m.

Mr. Clifford Binnett, who is home on furlough from Africa, where he has been stationed for a number of years as trade commissioneer, has been spending this week at the home of his brother here, Mr. A. S. Binnett. He leaves shortly to resume his duties as commissioner in Peru, South America.

Mr. F. F. Duggan has gone to Bettler for a few days to take charge of the McIntosh barber shop while Mr. McIntosh undergoes an operation and during his recuperation in the hospital.

ANNOUNCEMENT

H. J. Small, Sight Specialist, Graduate of Canadian Ophthalmic College, will give his next visit to Alx on Wednesday, April 15th, at the Happy Valley Hotel.

The Sunday School lesson for next Sunday is found in Luke 12: 16-21, 41-48. Golden text—"Be not drunk with wine, where-in is excess; but be filled with the spirit."—Eph. 5:18.

Attendance last Sunday was 43 children and 5 adults. See and hear "The Squealer," a whirlwind drama of up-to-date New York. Recent breaking in its speed—dynamic in its power! A motion picture that will make your blood tingle. In Alx on Wednesday, March 25th.

An old landmark has disappeared from our town in the tearing down and removal of what was formerly known as the Beatty block on Niblock street. A couple of years ago this property was purchased by Mr. George Neilson and his new site will be on the Nelson farm south of town.

Art Foster was a business visitor in Calgary over the week end. He was accompanied by Geo. Monte who remains in the city for a time, and Dan Findlater who went along to purchase and brought back a car.

P. T. Barrow, the circus man, once said of advertising: "If you have \$10 to put to good use, put up one for the article and the other nine for advertising. I can out-talk any man on earth but a printer. The man that can talk type and the most morning talk to a thousand people, while I am talking to one, is the man I am afraid of—I want him for a friend."

Inspector McLean paid a visit to the Alix Consolidated School the forepart of this week.

Activities At The Creamery

The electricians have been making a complete overhaul of the wiring, installing new motors, etc.

A citadel of lumber is on order for us around the plant and we understand platforms will be erected throughout the district at main corners where farmers may have their cream cans to be picked up by the creamery truck

The new well is now down better than 130 feet and the drill is pounding through a rock formation below which they expect to find water. At a depth of 60 feet they met through an 8 foot body of what appears to be a material similar to the cleaning and polishing preparation we buy at the store. A sample has been sent to Edmonton for analysis.

The beautiful weather throughout the winter just closed, coupled with a shortage of money throughout the district, has been the means of forcing our farmers to give more attention to the cow which has raised the output at the creamery several notches ahead of last year so far and the company anticipates 1931 will see their turnover around the two million mark.

Economic Conference in August

The Imperial Economic Conference will be held in Ottawa this summer and the probable date in August 11. Definite fixing of the date is a matter of meeting the confidence of the Government of the various parts of the British Empire, and steps in this direction are now under way.

Canada's 14th Governor General, accompanied by the Countess of Benborough and his suite, will land in historic Nova Scotia on April 4th, on the Duchess of Bedford. He will leave there that night, arriving in Ottawa on April 6th.

An ancient cannon ball, relic of the days of old wooden warriors, was found the other day on the Powell river golf course, B. C. It is very distinctly fashioned, corroded by rust and is of the type of broadside material that disappeared in the 18th century. It has laid embedded in a bank for probably two centuries.

Don't Give A Dollar

"Don't give a newspaper a dollar." Such is the advice spoken by a well known merchant over the radio recently. He was directing his remarks to business men in small towns and cities. "Don't give the newspaper a dollar," he cautioned. "Instead, buy twice as much advertising as you think you can afford for a period of one year, then watch your business grow. The newspaper," he said "is an accurate mirror of the town which it serves. If your town is a fine town, one that can meet the intense competition of today, the newspaper will be filled each week with happy invitations to trade at the various stores of that town. Your newspaper is your weekly or daily contact with the people of your trade territory. Use it liberally and you will be surprised at the results. The merchants in any community where a newspaper is published could afford to pay the subscription of the paper for every resident eligible thirty times if they would get their money back many times over by increasing contacts for advertising purposes. Boost for your newspaper. It is always boosting the community and the boost you give will pay big dividends."

Premier Answers Mr. King

Present address are that the 4-6 year olds from the Throns will have a total life of fourteen days, which will leave the last two days of this month and the first two of next for preliminary examination of estimates and the final voting of estimates to carry on government until detailed estimates are put through.

The far progress of the debate in the Throns speech appears to have satisfied all parties. The Liberal leader, Mr. King, devoted four-and-a-half hours to denigrating every act of the Bennett ministry which came under review. Mr. Bennett took less than two hours in his effort to establish the inconsistency of his chief critic and his party.

It was Mr. King's contention that Mr. Bennett's plea spoke as plain as the largest economic conference far-reaching meeting so far. Mr. Bennett admitted that the circumstances called for frankness and he had not done, but he said the record of the Imperial Conference of 1923 he was able to prove his position differed not at all from that then taken by the late Sir Wilfrid Laurier who was then Prime Minister and who was Mr. King's political grandfather. His Wilfrid's position then had been that it was absolutely essential that trade preferences be negotiated and that if the Mother Country failed to make them negotiable it must be expected that the Dominion would have to look elsewhere.

The introduction of Mr. Wilfrid's statement produced material which was a surprise to those now wedded with the carrying on of his traditions. Mr. Bennett was also able to produce from the official records of the 1920 conference concrete evidence that his position was supported by the Dominion, New Zealand, South Africa, the Irish Free State and New Brunswick. In fact only the Newfoundland government of Great Britain had been made or unwilling to subscribe to the record of his views relative to reciprocity and mutually beneficial preferences.

We had not, said Mr. Bennett, closed the door to discussion of any one's proposals and it was a matter of record that in the first seven months of the current year Canada had sold \$25,000,000 worth of wheat to the United States in the corresponding period of the previous year when Mr. King was in power.

Another feature of the address was the Premier's reply to Mr. King's protest against the order to convert white candles certain to be used, produced by foreign labor, from Canada. Mr. Bennett recalled that it was Mr. King who in 1927, had driven the Canadian Trade Commissioner from Canada, cancelling his guest diplomatic privileges and sending him his passport.

S. L. Anderson, Editor and Press

Wednesday of next week is the first of April.

Born—North of Alix, on Saturday, March 21st, to Mr. and Mrs. W. Paton, a son.

Mrs. Pratt and babe arrived from Vancouver on Friday last week to visit for a time at the home of her parents, Mr. and Mrs. M. Sornus. Mr. Sornus went to Calgary to meet her.

The Junior Choir will take the musical part of the service on Sunday in the United church. Service is at 11 a. m. and you are cordially invited.

Mr. and Mrs. H. Hodgkins left on Tuesday to take up their permanent abode on their farm near Fawcett. Real old timers in this district, they will be missed, and we join in wishing them happiness and prosperity in their new home. On Saturday night the ladies of the United church assembled at the home of Mr. and Mrs. H. M. Mason to bid Mrs. Hodgkins goodbye while at the same time a few of our business men entertained Mr. Hodgkins at a luncheon in the White Lunch. In both cases expressions of regret were voiced at their departure and remembrances were presented. They were accompanied north by Mr. and Mrs. Floyd Jones and family of Halkirk.

ANNOUNCEMENT

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Wednesday, April 15th, at the Happy Valley Hotel.

Mr. and Mrs. E. Bray loaded their effects the forepart of the week and with family have left to take over the large farm they purchased in the Fawcett district. We regret the departure of this estimable family but trust that good luck will follow them to their new home. Ed says we will probably return in the fall to look after his coal trade. On Monday night a number of the friends in Carriside district assembled to bid the family goodbye.

Service on Sunday next in St. Pancras church is at 3 p. m.

Have Prairies Been Used Wrongly?

Sir—I have noticed in your columns the beginning of an idea which, if allowed to spread, may do a great deal of harm, namely, that the prairie farmer is up against it and it is his own fault. The prairies have been managed and cultivated in the wrong way, but the great wealth of land is still there, and anyone is welcome to try to live right on these farms.

I went there long before anyone dreamt of making money growing wheat, and I have friends there now who are struggling bravely to reorganize their way of living so as to get rid of the load of debt brought about by wrong ideas. It would do many city men good to start out with a load of wheat for a four mill and return in a few days with a year's supply of flour and cream of wheat. But would friend wish carry on while he was gone and make good bread of the product?

I am living in hope that the prairie will still be fitted with thousands of homes, but this is the way it must be done: That the whole world needs a return to the simple trust that there is plenty in this beautiful world for all of us but that it can't be done by promising the unemployed work at 25 a day. The money is spent on superlatives and the children are more selfish and bewildered than ever.

There is still plenty of room and opportunity on the prairie for anyone who would appreciate the fact that flour, milk, cream, butter, eggs, rubber, vegetables, fuel, fresh air, flowers and room for your children to play need only work, patience, gratitude and management. Merely avoid the mistakes for which it is so easy to blame the prairie farmer, namely, imagining that the world owes you wheat. Let them eat rice and beans of their own growing. Try it yourself. Don't blame the prairie farmer.

Dairying and Mixed Farming In Western Canada Assisted By Tree Planting Movement

Worthy Of Praise
It appears from a survey of the
Government Bureau of Statistics
for the year 1929, that the
law enforcement officials
have done their job.

the Department is now reviewing the information submitted by the Department in 1981 to over 11,000,000. Figures as large as this are not usually available to the public, and their significance can be realized. To enable them to be more easily visualized, the Department has broken down the stockpile base amount into over 100,000 increments and a careful review of the relevant information of service inspectors shows that in spite of all opposing causes—oil, steel, iron, copper, etc.—the Department has managed to plant the seed out on the Chinese landscape and out on the Chinese people.

Applicants to receive training in 1982 are now being selected by the Department. Former members of the Department of the Interior of Indian lands, Indian leaders, and those interested with the Department are to be placed on application.

last thirty years are now flourishing and vigorous. These thriving plantations are the result of the government's policy of reforestation. The area covered might be pictured as a strip of forest a mile wide and 100 miles long, stretching from the Washington to the eastern outskirts of Portage in Prairie. Such a strip would be much in the nature of a green belt, and a comparison with this should not be far before the phenolamers are strategically placed for the purpose of protecting the timberlands.

A comparison of the total area covered by the plantations with the

Oil Production Is Decidedly On the Up Grade

Production in the Province of Alberta is decidedly on the up grade, according to the figures for 1930, released by the [@@pr@@@](#). The total output in 1930 was 1,623,544 barrels, compared with 1,325,000 barrels in 1929.

lugs shows that the average plantation is 1,800 square yards or nearly half an acre in extent.

There is no point that must not be forgotten. The plantations referred are only those for which the planting material was sent out from the Forest Nursery Station at Imbabura and Sucre, and not a plantation established by the farmer on his own volcanic soils and cuttings and down to plant seedlings on other farms in the neighborhood. Thus it has been found that the work goes

on the eastern shore of the Balise Sea, south of the Gulf of Pichincha. The total area of the country about 14,000 square miles and the area of the country recently sent out to 1,516,000 people.

With the acceptance of Bolívar's invitation to take part in the 1809 Caracas Revolution and Conference of 1810, 16 provinces were organized under their leaders to join the new state, namely: Tlaxi, Peru, Jazul, Maricao, Guatimala, New Guatimala, Casaca-Buivada, the Hwatera-

without rest out. The misapprehension of the true position is due to the increase in the production of the oil contained under the comfort of the producers in the farm house. That production of grain crops is increased has been simply proved and the whiteflies about the farm house and herds are the comfort of the producers and to the protection of the live stock.

Of late years there has been a marked tendency toward the diversification of the products of agriculture. During the raising of poultry, Switzerland and Holland.

Thrift—Waste

All the great time people in the world are individuals, corporations, communities, but of permanent power, accumulation of funds. They are people who are able to leave the primary means with a view to applying it to other things and only to overcome existing conditions, but to accumulate the means with a view to preventing a recurrence of such conditions.

Signs Of The Times

We were informed on Tuesday by Mr. F. Setters that in the first fifteen weeks of this year the Central Alberta Cramery's output was within 3000 pounds (or one day's business at present production) of a 100% increase over the same period last year and this is as it should be. We are pleased to know that our farmers are more and more taking advantage of an industry that nets them real cash every day of the year.

Enumerators Appointed

A few days ago Mr. G. W. West of Innisfail, the Census Commissioner for Red Deer Constituency, accompanied by Mr. W. J. Botterill of Red Deer, was in town and appointed the enumerators for that portion of the riding lying north of the Red Deer river and a portion south of the river as follows: Messrs. P. Russell, W. Marston and C. P. Bruch for the central districts and S. C. Anderson for Alix. The telling of the census will commence May 1st morning, June 1st, and all returns must be made by the end of that month.

Local Boys And Girls To Enjoy Bird House Contest

What promises to be one of the most interesting and educational contests ever held in Alix is a contest for boys and girls now being sponsored by Bob Whitford, manager of the Alberta Lumber Company, and in which prizes will be offered for the three best Bird Houses built by the boys and girls. "We believe," said the manager of the Alberta Lumber Company "that the encouragement of the use of tools and in making things, is the best way to get out of practical benefit to them but it puts their minds on 'constructive things'. Too, the birds that nest about our homes are so valuable a part of the home atmosphere as the American warblers and the tree-toads, consequently, building the two best bird houses." He decided to offer Three Bird Houses built by boys or girls. The contest will close at Friday, May 17th 1935. "We shall be further interested."

The telephone exchange is like a new building with its fresh coat of paint.

Obituary

The death took place on Saturday of last week, April 18th, of Archie Jacques at the family residence northeast of Mirror on Buffalo Lake. Deceased had been in poor health for some time and her death was not unexpected. An old timer in the district, her passing is deeply regretted by the whole community whose sympathy goes out to the bereaved husband and children. Interment took place Sunday in Mirror cemetery, Rev. W. P. Griffiths taking the services at house and grave.

Friday, May 1st, Is The Day

The concert put on last Friday evening at Haynes by the Alix and Mirror choirs was most enjoyable and although the crowd was not large, their concert report is money's worth many times over. One of the main items was the musical story which kept the listeners in raptures of laughter with their jokes, songs, dance, dancing, etc. And we understood the Alix people are to have an opportunity of hearing them in the United Church Friday evening of next week, May 1st, at 8 p. m. Keep the date in mind and don't fail to be there. Tickets are now on sale and the price (25c) is put low so that the church will be able to afford this two hour of real enjoyment.

Correction.—The rate of pay for councillors of Lacombe to M. D. on road inspection is \$4 per day, not \$5, as we stated last month.

Lamerton M. D. Council Minutes

A regular meeting of Lamerton M. D. council was held on April 11th with all members present and Elvira Sheberson presiding. As the division is R. W. 4-33 34 containing 64 of an acre, it was decided to settle with the P. R. H. at the rate of \$30.00 per acre.

On motion of Dittie a grant of \$30 was made to the subdivision survey with the promise of further assistance should conditions permit.

Mr. H. Rogers appeared before council asking for \$100 for mill taxes from 10-30 23 4 for grade built in 1920 on road up-into the hills. This matter was left in the hands of Councillor Dittie as she also the application from L. V. Friesen for a highway on the road built through his land N. W. 17-30 24.

Moved by Woodworth that two tons and 100 lbs. be expended for 1931. Motion carried with Dittie dissenting.

THE ALIX FREE PRESS

(Published for the Proprietor, The Alix Free Press, Ltd., by E. C. Anderson, Editor and Prop.)

Friday, May 1st "May Day."

Regular monthly meeting of the village council met Monday evening at 8 o'clock, when the board will also take care of all complaints on the 1931 assessment.

Mr. and Mrs. John Wolf of Turner Valley were week end visitors at the home of the Alix's, parents here, Mr. and Mrs. John Braham.

Mr. Mark Mann, having completed his University term, has returned home from Edmonton.

R. Thompson from this week moved his family to their new home on a farm south of Joffre.

Mr. C. Gathorne of the Royal Bank staff, Alis, has been transferred to Seasmith and leaves on Friday for his new post. Charlie was always courteous in the bank and popular outside and will surely be missed. He is succeeded here by Mr. Farr who hails from Grand Prairie.

The members of Isok Masonic Lodge spent a very pleasant time at their regular meeting on Thursday evening when the D. G. M., Rt. Wor. Bro. A. Grace, paid them an official visit.

ANNOUNCEMENT

R. J. Snell, Night Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alis on Wednesday, May 20th, at the Happy Valley Hotel.

Do you want to be excited? Do you want to feel chilly and thrill? Above all, do you want to be entertained? Then by all means see "The Widow From Chicago," the new First National picture at the Legion Hall, Alis, on Wednesday, May 6th, and you will have your desire. They call it a comedy thriller. It's all of that. But its combination of fun and adventure is not at all the usual unhappy mixture of unhappy qualities, in which the comedy takes the edge of the excitement and the thriller prevents you being able to laugh heartily. "The Widow From Chicago" is blended perfectly and the result is a simply swell example of screen drama as it ought to be produced but all too rarely is. The picture has a working story about gangs and gangsters—and about a girl who faces the toughest and cunningest crooks in the world to a far-ou well.

Elberta Martin, who remained at Erie, Saskatchewan when her parents moved to Alis, a couple of months ago arrived here on Friday of last week.

In accord with a suggestion from the Department, as conveyed in a letter received by the secretary last week, the date of the Alix Fair has been set for Thursday, August 5th, in order to fall in with the circuit and thus obtain the services of the circuit just as.

Mr. E. Johnson and family arrived in town last week from Benalto and are now settled in the section house at the C. P. R. Mr. Johnson is the new section foreman at this point.

Born—North of Alix, on April 26th, to Mrs. L. E. Williams, a son.

Lord and Lady Arbuthnot, who have been guests for the past couple of weeks at the Farby home, leave Monday to spend a month in B. C. after which they will return to Alis for a complete of their visit. It is eleven years since they last visited our district and they find a great change both in the people and in the increased acreage under cultivation. An absence of the large herds of cattle is to be regretted, said Lord Arbuthnot.

Mr. and Mrs. W. J. Brown have moved into the Pines; lost on Elm street.

Lost in Alix a couple of weeks ago, a small Beagle dog about the size of a Shet. Finder kindly have same at Free Press office.

The regular monthly meeting of the Women's Institute will be held at 3 p. m. on Tuesday of next week and all members are urged to attend. The subject to be discussed is "Education and Better Schools."

After spending the winter at Brandon, Man., Mr. Willie McLaren returned to Alis on Monday last to look after his farming operations.

The main house on tap just now for our citizens are house cleaning for the sale and gardening for baby.

The next regular session of the council of Lacombe Municipality No. 288 will be held on Saturday, May 6th.

We understand that Mr. S. A. Lear has given up the management of the farm for Lord Chevening and is intending moving his family into town temporarily. He plays on the farm will be taken by Mr. Fred Hanson of Tyn.

Husband—"I've got to get rid of my chandler; he's nearly killed me four times."

Wife—"Oh, give him a another chance."

I thought you said you were going away for a holiday?

Yes, but I was let off with a fine.

Doctor—Are you taking the medicine regularly?

Patient—I tested it and decided I'd rather have the cough.

11 Commercial Street, Alix, Alberta. Published Weekly. 25 Cts. A. C. Anderson, Editor and Prop.

Rev. and Mrs. Hartley of Trochu were guests at publisher's home from Saturday until Monday, his reverence preaching at Mirror, Hopley and Alix on Sunday.

One of the pleasing features of the Maple meeting on Thursday of last week was a visit from two of our former old townsmen, Dr. M. Graham and Mr. H. Hall now of Ponoka.

Hello, Boys! Get that Bird House made and win some pocket money. Friday, May 10th, is the last day. Don't let the other fellow beat you to it. See Bob at The Alberta Lumber Yard for any information. There are always odd pieces of lumber around home which you can use for this purpose. Let's go.

Miss Hilda Motter was in town on Friday of last week, returning from spending a couple of weeks with friends at Carstairs and Calgary.

The school girls' baseball team of Cive played for the locals on the Alix school grounds on Saturday afternoon of last week and took away the big end of the 5 to 10 score. Both teams were on the jump every minute of the game and the onlookers were given a real exhibition at this the first game of the season. Our girls worked hard but they showed want of practice. The Alix lineup was as follows: Mary Gray p, Grace Toopler c, Flora McKinnon lb, Elsie Peterson 2b, Ives Harbottle 3b, May Mason m, Marjorie Belliveau rf, Florence Dienne lf, Verona McConnel of Jim Peare, umpire.

Mrs. (Dr.) W. J. Warren was taken suddenly ill on Monday and being rushed to the Stettin hospital was that afternoon successfully operated on for appendicitis and is now recovering as rapidly as can be expected.

The next regular session of the council of Lacombe Municipality No. 396 will be held on Saturday, May 9th.

Mr. and Mrs. R. A. Ferguson, formerly of Alix, but for the past few years residents of B. C., were visitors in town this week. They are on a motor trip to the old home in New Brunswick.

The concert put on in the Alix United Church Friday evening of last week by the Mirror Alix united choir was well patronized and we have yet to hear anything but favorable comment. It would be impossible for us to pick out any particular portion of the program and say that it was best, for there was no best, every item was good as evidenced by the applause, and we consider that never before has an Alix crowd received a larger and better money's worth. We certainly congratulate Mrs. Upson and all those taking part on the results attending their efforts. We understood it: will be staged in Mirror on the evening of Monday, May 25th.

The Alix junior football boys are practicing up for the sports at Trochu on Saturday, May 10th, when they will try their luck for the McLean cup—which is at present held by the Great Bend School.

Mrs. J. E. Mackie left the forepart of the week for Portland, Oregon, having been called to the bedside of her mother who is seriously ill.

Harry Johnson, who has been negligent as the tower for many years, has been let out to give place for a man of maturity, Mr. W. Lovett who hails from Morinville. Harry does not yet know just what he will be but we trust he will find something that will keep him in our midst.

The rain which started in Wednesday night has given a good drink to a very thirsty land.

ANNOUNCEMENT

Obituary

The death took place on Saturday, May 9th, of Mrs. Sven Svederus of Hillsdown, at the Red Deer nursing home where she had been a patient for several weeks. A baby son died with her.

Before marriage deceased was Miss Helen Davidson of Haynes. She was born in Northumberland county in England in 1906, came to Canada with her parents in early childhood. She has resided in our district since then with the exception of the two years which she spent with her parents in England. She was a pupil of the Alix high school for a year, attended Central Normal and taught near her home for three years prior to marriage ten months ago. She was of a kind and gentle disposition and her many friends in Alix and Haynes districts were deeply grieved at her sudden death.

She leans to mourn, besides her young husband, a father and mother, Mr. and Mrs. John Davidson, she being their only child.

The funeral took place on Monday from Haynes church to Sioux country, Rev. Mr. Hueston of Clive conducting the services. The pallbearers were G. W. Claxton, Roy Bucknell, A. McDermid, R. Waddy, Joe Cameron and J. B. Nelson.

The very large funeral and beautiful floral offerings testified to the esteem in which Helen was held by all.

The death took place at Salem, Oregon, on Wednesday of last week of Mrs. J. Adair. Deceased was well known by a number of our citizens, she having visited many on several occasions with her daughter, Mrs. J. H. Mackie who left immediately for Salem on learning of her mother's serious illness, but death came before her arrival. We understand that the body will be brought to Calgary for interment.

A delegation from Stettler interviewed a number of the Alix Fair Board last Saturday evening and put up a proposition to bring their band to our fair in August. The offer was so generous that our board can hardly turn it down.

We learn that Mr. Davies has rented Mrs. Sheldon's house north of the C. P. R. and will move his family to take new home shortly.

May 25 is a public holiday.

This Week's Test Findings

The Tene high school basketball team is on the map and ready to do havoc to all high school teams in Central Alberta, as evidenced by the way they annihilated Mirror 51 last Friday evening.

Mr. and Mrs. L. W. McDowell are enjoying a visit from the former's mother who came over from Lacombe on Sunday.

Mr. and Mrs. Fred Hanes have moved to the Alix district to take charge of the Lord Cheyleners ranch which is situated between Alix and Mirror.

Mr. L. W. McDowell's sister and Miss Mable Lacombe were over Sunday visitors at his home here.

The Tene ball diamond has been overhauled and fixed up and is now one of the best in Central Alberta.

Mr. W. Kershaw is laid up this week with a lame back. Mr. Jim Craig is setting out a row of caragana along the north side of his house. This is the month to plant trees, everybody is doing it now.

C.E. North of Stettler was a Tene visitor yesterday.

Don't forget to come and see the "Tene Amateurs" designate the Alix ball towers Friday evening (tonight) and after the slaughter remember the concert in the United Church. A good time is on the program for all.

Eggs have hit the lowest notch we have ever heard of. This week they are selling in town at 5c per doz. One also took another tumble this week of 2c, down to 15c. No doubt the farmer would not mind these low prices if tans and other commodities would take a similar drop.

ANNOUNCEMENT

R. J. Snell, Sight Specialist, Graduate of Canadian
 Ophthalmic College, will pay his next visit to Alix on
 Wednesday, May 30th, at the Happy Valley Hotel.

The census enumerators for the northern portion of
 the Red Deer constituency attended a school of instruction
 and wrote an examination at Red Deer on Monday and
 Tuesday in preparation for their work which commences
 on Monday, June 1st.

Saturday is the last day of grace which the council
 allow for getting rid of that ash pile and all other rubbish
 around your premises.

Harry Johnson was a business visitor in Calgary over
 the week end.

Rev. Lytle of Calgary will conduct the service in the
 Alix United Church on Sunday next at 7.30 p. m.

We understand that the President of the Rebeah
 Assembly has set June 1st as the date for the institution
 of a lodge at Miror.

The Thompson lot north of the post office have been
 purchased by Mr. W. Brown on which he will erect a bar-
 ber shop, work to commence in a few days.

The wheat fields have put on a nice green coat, but we
 are in need of moisture and
 must have rain in the near
 future if they are to hold that
 appearance.

Service on Sunday in St.
 Pancras church is at 8 p. m.

The Miror Odd Fellows
 are holding their 15th annual
 picnic in Grand theatre on
 Friday of next week, May
 22nd. The Jolly Fashions
 orchestra of Stettler will fur-
 nish the music.

Mr. and Mrs. W. E. Mit-
 chell and son Ronald from
 Lloydminster are in town
 visiting among their many
 old friends. They are guests
 of Mr. and Mrs. Yarrow.

Our baseball girls went
 to Clive on Friday of last week
 and came home with the big
 score. At the end of the nine
 innings the tally stood 11-11
 and in the over-play the
 Alix bunch scored again and
 the final count was 15 to 11.

The Sunday School lesson
 for next Sunday is found in
 Luke 19:29-43; 45-48. Golden
 text—"He is Lord of Lords
 and Father of Kings."—Rev.
 17:14.

Attendance last Sunday
 was 45 children and 8 adults.
 Mrs. (Dr.) Warren, who
 underwent an appendicectomy
 operation in the Stettler
 hospital, arrived home again
 on Thursday and in a few
 days will be fully recovered.

We understand that a re-
 duction of staff at the plant
 in which Harry Price has
 been working in Calgary
 means his lay-off and he will
 be home in a day or so.

After visiting for a week in
 town Mr. and Mrs. Ferguson
 left to spend a month with
 their children in the Peace
 River district and will then go
 west to New Brunswick.

An Investment Opportunity

Premier Bennett has adopted a very practical and logical expedient for solving the problem of repaying the huge total of war and victory loans that mature before the end of 1934. A new loan of long term is being issued and holders of maturing loans are being granted the opportunity of converting into the new loan on terms advantageous to them. The principal of the Conversion Loan is not new. It has been successfully applied by both the Governments of the United States and Great Britain.

A total of \$1,087,000,000 Canadian war and victory loans mature within the next three and one-half years, the greater part falling due in 1933 and 1934.

The Government has arranged an equitable bargain with investors. In exchange for short-term war and victory loans, investors are offered a twenty-five year conversion obligation carrying a coupon rate of 4 1/2 per cent. The present status of the holders of war loans being replaced will remain unimpaired during the short span of time resulting from this maturation.

The operation, however, has a deeper significance than mere investment opportunity. It has a patriotic appeal, no less vital than that extended in the past, to show to the world of large that Canadians have confidence in Canada and that the Dominion's high credit rating makes it possible for her own people, such a greater of confidence and financial vitality for an enormous expansion of her reaching influence.

The Government will secure its new money through this conversion. It is a straight exchange of securities. Investors should welcome this unique opportunity, Government bonds represent an ordinary security.

The overwhelming support of the Government's Conversion Loan will add to the credit of Canada and the faith of Canadians in Canada and the enormous solid city of the country at large.

Our baseball boys lost their first league game on Friday evening of last week in Tees when in a two-inning game Tees broke the tie, leaving the score 8 to 9. However, it was a good exhibition, the teams running cool and each from the first bat to the finish. Len Gebhart made a first class umpire.

The foundation of the new barber shop was put in last week and work on the structure is being rushed along.

Service on Sunday in St. Francis church is at 11 a. m. Mrs. I. R. Mickle returned home on Sunday from Salem, Oregon. Mr. Mickle and Miss Jase motored to Calgary on Saturday to meet her.

Otto Berg from Gull Lake was shaming hands with his many old Alix friends the latter part of last week.

ANNOUNCEMENT

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Wednesday, June 17th, at the Happy Valley Hotel.

Boat time between closing hour on Thursday evening and opening time Friday morning of last week, thieves had been busy in town, two stores being entered. The Meit Market proved unprofitable as Sid had banked his day's takings in his pocket, but Toepler's Hardware was better for the gangsters. The safe was opened and some \$40.00 in cash purloined, but a large number of cheques were not taken. The robbery was not discovered until the opening hour Friday morning and the culprits had ample time to make their get-away. Although the police was soon on the job, up to the present nothing has been uncovered to lead to an arrest, although the job had the appearance of expert work as indications point to intricate burglar tools being used.

Service in the United Church next Sunday will be held at 11 a. m. and Sunday School at 12:15.

The Sunday School lesson for next Sunday is found in Luke 22:27-33. Golden text—"This do in remembrance of me."—Luke 22:19.

Attendance last Sunday was 20 children and 3 adults.

There were but seven entries in the "Bird House" competition recently run by the Alberta Lumber Company and on Saturday last judging took place with the following awards:

1st prize—Sidney Woolgar

2nd prize—William Lear

3rd prize—Winnie Woolgar (also girl's special)

Other competitors were Jack Henry, Frank Henry, Pearson, Ben and Edson McGonigal, who the judges were Messrs. W. L. Pettit, S. Cruikshank and A. G. Ditto. The specimens all showed skill and judgment was difficult. The prize houses have been on exhibit in the window at Toepler's Hardware.

A letter from friend Joe Smith announces his arrival in the Pouce Coupe district four hundred miles north-west of Edmonton, and he is found in grating that section of the province. He was still casting his eyes on a homestead forty miles from the railway but had not as yet decided on anything, although he writes as though he intends locating there. Well, let's hope he will find a good farm, a pretty wife and his good crops of grain, stock and Smiths. Good luck old timer.

Mr. W. J. Scott of Edmonton was a visitor here over the week end and on returning to the city Tuesday he was accompanied by his daughter, Mrs. P. C. Tompler, who is spending the balance of the week with him.

Last week the Department of Agriculture bought and shipped to Delburne from the W. Ardley farm north of Tees 500 bushels of No. 1 seed Garban wheat. It is too bad this wheat could not have been retained for sale in our own Municipality instead of shipping in outside grain.

The creamery installed another large churn this week.

We Ask You To Particularly Note

TO NIGHT (Friday, May 24th), the 16th annual ball of the Mirror Odd Fellows in Grand theatre, Mirror, with The Jolly Pambure orchestra of Southern furnishing the music. Everybody invited.

Commencing Monday, June 1st, the census taker will begin his duties and in this issue we publish a list of the questions you must answer when he calls, so take the paper at hand and fill them in now. It will save them for you and the enumerator. Farmers have been furnished with the farm schedule and if they will do the same with the 254 questions thereon they will find it time well spent.

Ladies! Did you clip out the fair list from last week's issue? The Alix Fair is not until the middle of August, but with some eleven or twelve weeks to prepare your exhibits these sections should be well filled. Start now.

Monday of next week, May 25th, is a public holiday and all places of business will be closed.

Old Timer Goes To His Reward

On Sunday morning, May 17th, death claimed one of the old timers and highly respected pioneers of the Tees district, in the person of Mr. Robert Ferguson. Born in Glasgow, Scotland, 30 years ago, Mr. Ferguson migrated to this country and settled at Guelph, Ontario, where he remained for several years. Answering the call of the west he moved to Crawford, Nebraska, where he was engaged in missionary work and later in farming for several years. In 1899 he was chosen as a representative of a large number of families to come to Alberta, took it over and it suitable make locations and returning to Nebraska the same year preparations were made for the move. In 1900 at the head of 38 covered wagons he made the trip, settling a few miles north of Tees, bringing with him that which makes good feller and citizenship. He was always ready to shoulder his share of the burden in any advancement for the benefit of the district and took keen interest in local affairs. He leaves to mourn, two daughters, Mrs. Ken McNeil of Portland, Oregon, and Mrs. E. Clough of Spokane, Washington, also four sons, Norman of Vernon, B. C., William, Richard and Philip of Tees. His wife predeceased him in 1919.

MRS. MARY DOUGLAS

Mrs. Mary Douglas, beloved wife of Mr. James Douglas passed away in the city on May 23rd, at the age of 24 years. She leaves to mourn her loss beside her husband, one son, Donald James, her mother, Mrs. Mary Linton, of Edmonton, three sisters and two brothers. The funeral took place on Tuesday, interment being made in Bechtelmeier cemetery, Rev. Collins officiating—Edmonton Journal.

Dennis Marral returned from Calgary on Sunday having completed his eight months course at the Technical school. He leaves on Monday to holiday for three months in England.

Regular monthly meeting of the village council next Monday evening at 8 o'clock.

Mr. and Mrs. R. C. Switzer of Edmonton were guests at Mr. Switzer's home on Sunday and Monday.

Tuesday next is June 1st (the matrimonial month). Mrs. R. W. Pascoe returned home on Saturday after spending several days in Edmonton.

Service on Sunday in St. Patrick's church is at 3 p. m. Mr. R. Whitfield was a business visitor at Grinnell the latter part of last week.

Your attention is directed to the announcement next week's issue of the removal of Mr. Brown to his new barber shop south of the pool hall. The building is about completed and he will move in a couple of days. Miss Hilma Muller will use the shop as a mannequin parlor.

"Kiss Me Again" told in a whirlwind of laughter, dancing, gorgeous girls and gowns, officers in brilliant red blues and gold lace, soldiers, ladies of fashion—in fashion's latest creations—on the boulevard—pieces of the street—all in the colors of life! The force of a 14-tender, fiery, frothy, French ad Franch, done to the broken time of the modern world with the Victor Herbert verse and romance! Legion Hall, Alix, Wednesday, June 3rd.

Mr. and Mrs. G. A. Linnes of Carleton place the holiday among their Alix friends.

ANNOUNCEMENT
H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Wednesday, June 17th, at the Nelson Hotel.

Excitement is beginning to permeate the school of our town and district and the reason was voiced by one of the boys this week "am time is gittin close."

Mr. and Mrs. Gus Roland and two children of Edmonton were visitors on Sunday and Monday at the home of the former's parents here, Mr. and Mrs. A. J. E. Rosand.

On Wednesday of last week Mr. T. Ralston received a nasty kick on the leg from one of the horses which has compelled him to remain in bed ever since. Mrs. Margaret McGregor of Lethbridge, President of the Rebekah Association for Alberta, will visit the district at Mirror next Monday evening. The work will be put on by a team from Lacombe and the Alix members will attend in a body.

There will be no service in the United Church next Sunday owing to the pastor's absence. Sunday School as usual at 12:15.

The Sunday School lesson for next Sunday is found in Luke 22:39-54. Golden text—"Father, if Thou be willing remove this cup from me; nevertheless not my will but Thine be done."—Luke 22:42.

Attendance last Sunday was 20 children and 5 adults.

6-3 in favor of the visitors was the result of the ball game at Alix diamond Friday evening of last week between Mirror and Alix. Both teams worked hard all the time, but the Mirror pitcher proved a little too strong for our boys, but at that Gordon Watson, on the mound for Alix, pitched as good a game as his opponent and had just as many shut-outs. The following was the score by innings:

Mirror	0 0 3 0 0 0 0 1 2-6
Alix	0 0 0 0 0 0 0 1 2-3

The soft ball game on Friday afternoon between mixed teams from Carrol and Alix teams on our diamond was an exciting one and as Carrol went to bat for the last ball of the 9th, the score was a tie, which they broke, winning by one, July 9 to 8. The return game at Carrol, Wednesday afternoon, was a win for Alix by 20 to 15 runs.

A much needed improvement has been made in the Legion hall by the installing of a full size drop curtain with wings. The curtain carries a beautifully painted mountain scene, and surrounding it are advertisements of our local

Ben Dimes, section foreman at the C. N. R., was over at his family across the track into the old depot.

Rev. R. Upton is in Calgary this week attending the seventh annual Alberta Conference of the United Church of Canada which opened last Monday and closes June 1st.

The census enumerators will begin their work next Monday. Be ready to answer their questions.

K. Ray McLean, Optometrist and Sight Specialist, of Medicine Hat and a Graduate of the College of Opticians, is on a professional visit to the Happy Valley Hotel, Wednesday, June 10th. Former patients and those desiring optical attention, please call.

The next public holiday will be on "Denison Day" Wednesday, July 1st.

The regular monthly meeting of the Alix Women's Institute will be held next Tuesday at 3 p. m. Wednesday, June 3rd, is the King's birthday.

Village Council Meeting

The council meeting last Monday was a short one, very little business coming up. The announcement of the convention of the Union of Alberta Urban Municipalities in Calgary on June 25th and 26th was read and the Rev. was appointed representative from the Alix council.

The various restaurant licenses in the village for 1934 were endorsed.

An application for the purchase of the vacant property coming Prairie street and Limit Avenue came before the council and the secretary was instructed to put over the deal at \$50.

All public work will be held up until the 1934 taxes begin to come in.

After passing a few small accounts the meeting closed.

ALIX 15—STETTLE 9

MIRROR 10—ALIX 7
Our team went to Mirror on Wednesday evening and in the first game of the play-off went down to defeat by a score of 10 to 7. The teams played a fairly close game, up to the 7th inning when Mirror was in 4 markers which proved sufficient to win the game. Both teams scored in 4 innings as follows:
Alix 022100011—7
Mirror 102003408—10
Mirror and Alix are playing in all three games for the league championship. The second game is next Monday evening at 8:15 on the Alix diamond. Come and encourage the boys.

NO. 10

WHAT A MAN STANDS FOR ISN'T SO IMPORTANT. IT'S WHAT HE FALLS FOR.

Protect the birds. The dove brings peace, the robin spring and the stork brings tax-exemptions.

One advantage that a bottle full baby has is that it gets no cigarettes when he is eyes.

His mother is an optician's daughter for two glasses will make her a spectacle.

"Telling lies is not one of my failings" said a local man to his wife. "No, dear, it seems to be one of your few successes."

"What are you two women talking about?" asked the husband of a local lady after witnessing a back-and-forth conference between the women. "Business?" "Yes, I know," he replied "the women."

Winner of \$2,925 At Calgary

With earnings of \$2,925 00 Mr. and Mrs. Frank Eaton of Alx, with their string of nine horses, took the highest award, coming within \$10 of leading their closest competitor by \$1000.00, at the two Calgary race meetings held at Victoria Park and at the Chicago Jockey Club Park, and which closed on Saturday of last week. In all they won 5 firsts, 2 seconds, 2 thirds and 4 fourths and their jockey, J. Collins, took second place in riding.

"Lauretta Whittier", the three-year-old chestnut filly belonging to Mrs. Eaton, scored a popular victory in the first running of the Alberta Derby Stakes, the outstanding event of the spring racing season at Calgary and the owner collected \$1,535.00 the largest amount paid in the history of Calgary racing. Mr. and Mrs. Eaton have been spending the past few days on their ranch north of Alx.

EVERYTHING GROWING

Parished grain fields and garden plots have been visited by heavy showers on Sunday, Monday and Wednesday night, with a real fire-hose shower Tuesday night. In all we have had better than two inches of rain fall this week.

Dr. Beckham, dentist, paid his regular weekly visit to Alx last Wednesday.

This Week's Tree Trailings

Mr. and Mrs. L. W. McDowell and daughter Marjorie went to Edmonton visitors on Monday, taking Marjorie to the baby clinic.

The recent rains have established a feeling of confidence in the people generally and all feel that there will be a crop. This together with the fact that such a strong rain on Monday night at the helm should be unreasoning that the ship of state will plough the high seas of prosperity in comfort.

Some of the Town young people attended the Sunday School at St. Andrew's on Sunday. Mr. and Mrs. L. B. Gabbard and family, Mrs. Stewart and Mr. and Mrs. Tom Cunningham and family were all local visitors on Sunday.

Mr. Robert H. Abene went to Edmonton Monday on business. Mr. Douglas McMillan has gone north to his hometown at St. John's.

Miss Jean Walker, having graduated from the Alberta University of her B. A., is now home for a while.

Everyone is overjoyed in the death of Mr. A. R. Ferguson on Wednesday.

Mr. and Mrs. Abene drove over to the Happy Valley Ranch on Sunday, the guests of Mr. and Mrs. Fred Hanson. Capt. Hanson has several race horses there, one has just won a race and is now entered. The ranch buildings are well surrounded by trees and presents a very pretty and cozy lot.

Mr. and Mrs. E. D. McDougall and family went to Gull Lake visitors on Sunday.

The Olive and Two Ladies Aid held a social party at the home of Mr. and Mrs. Dittmar of Olive for Mr. and Mrs. Hughes who are leaving soon to take up their new duties at Hinton.

Owing to the anti-vivisection of Mr. Angus Macgregory of Boyle Alberta, Mrs. Macgregory and family have come down to see him during his illness.

Doctor Addresses Farm Women

At the U.F.W.A. meeting on Saturday Dr. Warren gave the ladies a talk on the children's "Towel Clinic" arranged at the Stettler hospital. He stated that the fee was \$10 per child which covered the operation, up to 24 hours in hospital and the doctor's attendance. A clinic comprises four children and if sufficient schools take it up a special nurse from the Department of Health will be sent to examine the children. He also ventured a suggestion that the members get behind a movement to have children immunized against Scarlet Fever and Diphtheria.

Ball Games On Air Waves

The second game of the league play-off between Alx and Mirror last Monday evening was brought to a sudden stop when the settled the evening's play at the end of the third inning with a six-run lead. The game will be played to-night (Friday) weather permitting, at 6.15 on the Alx diamond.

The Alx and local girls won the Alx diamond on Tuesday evening in a heavily contested soft ball game which settled a win for our side, score 7 to 6. The teams were well matched, clean players and each member was on the job all the time. Every run was earned.

Departmental Examinations start next week.
Miss Marjorie Mann, teacher in the Garbutt Business College at Calgary, arrived home on Saturday last to visit her parents, Mr. and Mrs. F. A. Mann, for a couple of weeks.
The painters and decorators have been busy the past couple of weeks on the interior of the Nelson and Happy Valley Hotels with paint, paper and wallpaper and the result in each case is most pleasing.

The Grand Masonic Lodge of Alberta met in Edmonton this week and several Alex members attended.

Mr. W. L. Pettit was in Edmonton the forepart of the week attending the conference of M. D. secretaries. Mrs. Pettit accompanied him.

The next regular monthly meeting of Lamerton M. D. council will be held on Saturday, June 13th.

Service on Sunday in St. Pius church is at 11 a.m.

ANNOUNCEMENT
H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to ALIX on Wednesday, June 17th, at the Nelson Hotel.

Service in the United Church next Sunday is at 7.30 p.m. Sunday School as usual at 12.15.

The Sunday School lesson for next Sunday is found in Luke 24:25, 30, 31. Golden text: "It is Christ Jesus that died, yes rather, that is risen again, who is even at the right hand of God, who also maketh intercession for us."—Romans 8:34.

Attendance last Sunday was 51 children and 5 adults. The census of ALIX, taken during the past few days, tells us that of the entire population there are but 16 who are not saturated and some of these have not been long enough in the country to acquire papers; almost 50 per cent are Alberts born; 50 per cent are of English origin, 15 per cent Scotch; 10 per cent Irish; 40 per cent are adherents of the United Church; there are 29 roads in town; almost 50 per cent of our residents own their own homes.

We learn that Miss Orna Thompson, daughter of Mr. and Mrs. G. A. Thompson of Calgary, was in a motor accident a few days ago on the Banff highway, from which she escaped with some very nasty bruises and a severe shaking up.

Riding to school on Tuesday morning last, Letitia, the ten-year-old daughter of Mr. and Mrs. W. Lavine, south of town, sustained a broken arm when her horse shied and she was thrown to the ground. She was hurried to ALIX and Dr. Warren set the break which was a couple of inches above the wrist on the left arm.

Rain clouds have been hanging around all week, and while we have had several fine showers, starting with last Sunday, still we are in need of lots and lots more.

Mr. W. Morton of Cive, talking the rural census in this district, was in town last week end.

Again we draw your attention to the change of prices at the ALIX movies each Wednesday evening, 25c for every body, old and young, with the same high class pictures and same length of show. The lowering of the adult admission is an experiment and can only be maintained by increased attendance.

Walter Brodie and Ewan MacDonald are attending the Junior Conference of Farm Young People at the University of Alberta this week. Walter and Ewan have both taken the leading course provided by the Department of Extension and are attending Conference as representatives of the Flag Pole Hill Junior U. F. A.

Another of those poppy dances is being held at Erskine on Friday of next week, June 19th.

Secretary Whitfield is feeling happy now that the rain has come and he looks forward to one of the best fairs in the history of the ALIX Agricultural Society on August 13.

Have you read "The Eyes of the World" by Harold Bell Wright? See the table next Wednesday evening at the Legion Hall, ALIX.

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired. The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail order departments. The poorest way to offset this competition is for our local merchants to remain inert. For them to be "spunk up" is to give the mail-order houses a better chance to get business from this community.
A Word To The Public. When you need your money out of the community you enrich the great shops and impoverish this community. Strengthen—not weaken the community. It will be returned to you in the form of better service and better values. Be Loyal To Your Own Community.

No Up-to-date Farmer Can Afford to Miss EDMONTON EXHIBITION JULY 13-18

Competitive and Government exhibits provide valuable information on every phase of farm activity.

Here before you are the advantages of mixed farming so apparent, and the ambitious farmer knows that now is the time to replace non-paying inferior live stock with worth-while animals and birds, and to adopt MODERN FARMING METHODS.

Give The Boys and Girls a Chance—Bring them to the Exhibition, let them make competitive entries, and learn by practical experience.

Junior Stock and Seed Judging Competition

It is hoped that the Alix Agricultural Society will again send a team of young judges to Edmonton Exhibition. Any aspiring stock judges are invited to get in touch with Eric Cornack to arrange for try outs. Expenses will be paid and the youthful judges will be guests of the exhibition.

Strong Team of Judges For Local Fairs

If the exhibits are in line with the quality of the judges slated for the Alix and District Fair, we are certainly due for one of the best fairs in the history of the society. Professor J. P. Backville of the University of Alberta hopes to revisit us and give the placings with explanations on most of the livestock classes. Prof. Backville's work was greatly appreciated last year and it is hoped that he shall have full classes of well fitted stock to grant him.

Miss M. E. Storey of the Women's Bureau and Matron of the Vermilion School of Agriculture, has consented to act as our lady judge. Miss Storey has wide experience in this work and is looking forward to meeting the ladies of the district.

The poultry judge will probably be Mr. D. Thornhill who has been the field man for the Poultry Branch in this district during the past year, and who has been promoting the 100 day trap-nesting competition around here in which several of our members' flocks took prominent parts.

The Field Crops Commissioner, Mr. E. L. Gray, will be sending down one of his staff to see what sort of grain and grasses we produce. If sufficient enthusiasm can be generated it is hoped to organize a winter Seed and Poultry Fair in future.

For the 36 hours preceding 9 o'clock Thursday morning we had the largest individual rain fall ever recorded in the Alix district—3.23 inches, bringing the total precipitation for the first 17 days of June up to 4.41 inches. 365 tons of corn to the acre as well as a heap of moisture but we surely needed it. The heaviest fall was Wednesday night, 2.06 inches.

Seen in Alix on June 17, to Mr. and Mrs. C. Walker, a son.

Latterly M. B. Council Minutes

Regular meeting of the council of the Municipal District of Lacombe No. 302 was held on June 15th in the Municipal office, Alix with all councillors present and Mayor Shorstone presiding.

The minutes of the May meeting were read and adopted to be the basis of the special meeting. A letter from Mr. A. W. Macintosh, Inspector of the Department of Public Works, was read advising that the capital grant for 1931 would be \$119,000, also that the change in the district highway just north of C. P. & N. in the old railroad grade had been mentioned by the Roads Board.

Mr. A. M. Owens appeared to give a statement and discussed with them West Inspection work for the year.

Mr. K. H. Purdy appeared before the council in regard to improving the road between sections 15 and 16 and between 21 and 22 and to 40-25. Some improvements have been promised by the commission of the district.

After July 1st the council for each division will hire the second grader man for work in his division to be his man.

After June 17th the township survey and mapless four was to be made in each feet only, as motion by the council.

The application of Miss Mary Murphy for Mother's Allowance was discussed and motion of Mr. H. D. D. voting.

A petition for opening the road for a distance of two miles running north and south between sections 25 and 26 in 41-28 and sections 26 and 27 in 41-28 between the townline one road.

The secretary was instructed to give the petitioners that this was a road eligible for capital grant and as soon as this is available for Division 4 the road will be given to them.

The secretary was then instructed to write Mr. Parker, Inspector of the Department of Registered Child, asking for a report on the case of Mrs. Aubrey Keston who is now outside the municipality.

The application of Mrs. March of Tux for old age pension was approved on motion of Curtis.

Refused to issue of \$50 per month was submitted by Mrs. Charles on motion of Curtis.

Notice from Stationer Municipal Hospital was read and motion of the Robert Dutton had been submitted to that institution. Moved by Mrs. Dutton and that the hospital be written that Mr. Dutton is considered an out-patient, but in no case should provide to be in the hospital.

Notice from General Hospital with which the municipality has an agreement.

Moved by Deputy Mayor Curtis and carried that Mrs. E. B. Clarke be granted permission to have in that portion of the road road allowance between sections 21 and 22 and 22 and 23 from the south to the lake shore.

Form "2" showing estimates of Public Works expenditures on each Division were read and approved on motion of Curtis.

The monthly financial statement was read and adopted on motion of Curtis.

The meeting adjourned.

The Edmonton Exhibition is the farmer's own Ex-
hibition, and this year an effort has been made to make the
Exhibition particularly attractive along this line, with special
classes for farm boys, girls and women, in butter-making,
canning, gardening and needlework. Many of the live-
stock classes have been re-arranged, and breeders are re-
quested to place emphasis on type and breeding qualities,
rather than extreme killing, particularly in cattle classes.
Many special features are being staged during Exhibition.
July 13-18, including a Basketball Tournament, open only
to competitors living outside Edmonton; a Horse-Shoe
Pitching Tournament will also be held under the auspices
of the Alberta Horseback Riders Association. A feature
of this tournament will be the Alberta Single Chain competi-
tion and interested players should write for rule books and in-
formation to E. L. Holmes, Secretary, Avesa, Edmonton.
The grandest attractions have never more worth while
seeing than this year, with magnificent Musical Review,
the Fests of 1931, Scotch Highlanders Band, and a num-
ber of outstanding vaudeville acts. Read advertisement on
front page of this issue.

Mr. H. E. Mann and wife Mark were business visitors
in Calgary a couple of days last week.

Bob Thompson Jr., from near Jodico, was in town on
Tuesday and Wednesday of this week.

In the early hours of last Sunday morning Mr. A. G.
Ditto was awakened by a commotion coming his sleep and
hurriedly dressing he grabbed a gun and running out found
two dogs and a black wolfy there, with two ewes and a
lamb dead and two other ewes badly maimed. He shot two
of the murderers but the third escaped. There is considerable
speculation as to who owned the two dogs, but in reality
they were not to blame as had the ewes and the lamb
been shot her up at this season, the trouble would not
have arisen. There should be a law compelling an owner
of a bitch to shut her up when in season.

After waiting for several days among Alia friends, Mr. G. Lianee and children return Sunday to their home at Carstairs accompanied by Miss Fanny Brown who will be her guest for a couple of weeks.

Reports from the Dominion Bureau of Statistics indicate that the first step in taking the census of merchandising and service establishments has been successful. The census enumerators have secured the names and addresses of merchants in every section of the Dominion. In August the next step will be taken when a schedule will be mailed to each address taken by enumerator—the schedule varying with the type and size of business. The widespread interest which is being taken in the merchandising census will insure the prompt and accurate completion and return of the schedule. All types and sizes of merchandising and service establishments are realizing the importance and value of obtaining a comprehensive picture of distribution activities in Canada.

Change In Wheat Pool Policy

Following a meeting of the delegates of the Alberta Wheat Pool
the Board of Directors announced a modification of the growers'
contract and a new policy of operation effective from July 15th,
1931, to the end of the present contract covering the marketing of
the crops of 1931 and 1932.

Every Pool member will be given the option:

- (1) Of delivering his wheat as Pool wheat, accepting the prevailing
initial payment, and participating in any future payments
which may arise from the pooling thereof; or
- (2) Of disposing of his grain under any of the methods provided
by the Canada Grain Act and obtaining full current market price
for same. Any portion of a member's grain may be pooled or any
portion sold outright for cash.

The new policy comes into effect immediately and members are
now at liberty to select the above mentioned options for the
disposal of any grain from the 1930 crop which has not already
been marketed, as well as for the new crop.

The adoption of this policy means that the Alberta Pool, as an
association, forgoes its right under the provisions of any wheat delivery
contract to deliver all or any portion of its wheat on a pooling basis,
at the same time enabling him to have all his grain handled through
his own facilities and to pool any portion of his wheat he may
see fit to pool.

Definite assurance is given that no deduction for elevator return
commercial reserve, or for re-payment to apply on the 1930 crop-
payment will be taken from the proceeds of any wheat delivered by
Pool members either for pooling or for immediate sale during the
1931 crop year. Satisfactory arrangements have been agreed upon
with the Government of Alberta for the re-payment over a period of
years of the 1932 crop payment. This makes it possible for the
Alberta Pool to carry on this year without taking deductions for
same from the 1931 crop.

The extremely low price of grain together with the urgent
need for cash through the country makes it imperative that the
grower get every possible cent for his product, hence the decision
not to take deductions.

Let's Have Co-operation

Two engineers from the C.
N. R. waited on the M. D.
Secretary and the councillor
for Division two one day last
week with a proposition for
graveling the road from the
gravelled highway to the
Pool elevator, but the cost of
grading this road was con-
sidered beyond the means of
the division implied this
year as the road appropri-
ations had already been made.
However, a counter propo-
sition was made whereby the
present road through town
to the C. N. depot be gravel-
led, the village, Municipality
and railway dividing the cost.
As the crew was heavily
interested in the matter, Mr.
Larson, who was at Vancou-
ver, was wired and the return
message was to this effect:
"C. N. R. will be given busi-
ness if new road gravelled."

The distance by the road
now in use from the hotel
corner to depot is 3831 feet,
while around the other road
is practically a roundabout
further. Why this stubborn-
ness? Is it a case of I want
what I want when I want it
and to back with the best in-
terests of our town? The
graveling of our Main street
and its consequent down
Lake street to the depot
would be a real improvement
and we understand it will be
done if the creamery manager
will use a little common sense
for that's all it will cost his
institution.

Crop Prospects Good

The past month has been
real growing weather and all
grains and garden truck are
coming ahead by jumps. We
have in our office samples of
wheat from different farms
in the district, one of them
from Mr. Hamer's place which
measures 50 inches, and
another from the farm of Mr.
F. G. Morgan which stretch-
ed the tape to 49 inches, and
each sample carries good long
heads and the stand is very
heavy, estimates putting the
yield at from 25 to 40 bush-
els. Prospects point to the
best crop our district as a
whole has had in years.

On Sunday Evening at the
United Church Special Service
will be held at 7.30 featuring a
mid-summer rally. A special
message by the pastor, Rev. M.
Upson. A good musical pro-
gram is being arranged for this service
and a cordial invitation is extended
to all. On service only next
Sunday.

Among outside visitors to Alia on Sunday last we noticed Mr. and Mrs. Fred Turnbull of Red Deer and Mr. and Mrs. A. Scotland of Estevan.

Ellis Stone of Drumheller has been spending the past few days with his parents, Mr. and Mrs. C. E. Stone.

The "Jay Boys" Dance Orchestra are putting on a DANCE in the Legion Hall, Alia, on Wednesday, August 1st. Keep this date in mind and lay your plans for a real evening's fun and enjoyment.

Mrs. Robert Stothard and children, Eva, Alce and Marion, and Mr. Douglas Hiler, all of South Woodley, Ontario, spent a week at the home of the lady's brother-in-law, Mr. C. Stothard. They are travelling by car and made the round trip in record time. Leaving home at four o'clock Saturday morning they arrived in Alia at 8:30 a. m. Wednesday and would have been here on Tuesday evening but for a little car trouble. They are on the return journey last Wednesday.

Mrs. A. A. Davies and daughters left on Tuesday to visit for a couple of weeks with friends at Busby, Alta.

The school board held a special meeting on Saturday afternoon to consider the applications, of which there were around 50, for the principalship of the Alia Consolidated School and the result of their deliberations was the hiring of Mr. George E. Smith B. A. of Edmonton at a salary of \$1400 a year. Mr. Smith carries first class inspectors' reports and has had seven years experience as principal of Consolidated Schools.

The Prime Lists for the 23rd Alia Fall Fair have been mailed by Secretary Robt. Whitfield and, you have not received yours, see him and get one. May we have everyone in the district to put forth an effort to have the best exhibit this year in the annals of the society.

Mrs. Rabburn and two children of Winton are on a month's holiday here, visiting at the home of Mr. and Mrs. Wm. Loughridge.

Mrs. W. L. Pettet, District Deputy for District No. 7, paid the Rebekah Lodge at Donalds an official visit last Monday night. She was accompanied by the District Secretary Mrs. S. C. Andrews, also Mrs. S. R. Woods and Mr. W. J. Brown.

Mr. and Mrs. P. Dunham and family of Truham were Sunday visitors at the home of Mr. and Mrs. C.T. Brown. Service on Sunday in St. Pancras church is at 3 p. m.

ANNOUNCEMENT

H. J. Soell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alia on Friday, July 24th, at the Nelson Hotel.

The strip of hail four miles north of town on Monday of last week did very little damage. Bennett Bros. lost around 50 acres of wheat which they have cut for green feed, and George Morris has ten acres which shows from 25 to 50 per cent. damage.

The new cement walk, starting at Alberta Avenue on Main street, running south to Lake street and thence a block south-west, better than 1000 running feet in all, has been completed. Alia has very little board walk left, for we judge that 95 per cent have now been replaced by cement.

The W. L. are holding a private picnic for their members and their families on Wednesday afternoon of next week, July 29th, at Herring Lake beach.

The Free Methodists completed their annual conference on Sunday evening last and have pulled together. We understand that with the completion of harvest they will return to erect a permanent building on the site where they have been holding their meetings and which they purchased.

Les Pears was at Camrose the forepart of this week playing on the Mirror ball team at the exhibition and is now with the same organization, who are playing at the Estevan Fair.

The people of Alia and district are to have an opportunity of hearing the Stettler Elm's Band, winners of the Championships at both Edmonton and Calgary Fairs, as they have been engaged for the Alia Exhibition on Thursday, August 19th.

Mr. and Mrs. A. Boston of Sibbald, motoring to Jasper, were Monday and Tuesday visitors at the home of Mr. and Mrs. R. F. Sanderson.

Mr. and Mrs. Geo. Ross returned on Thursday from a visit to their home at Macleod, B. C.

Out of the pages of the greatest book of the age comes this superb Universal Picture to thrill the world. Its fine characters spring to vibrant life on the screen. You will see real war through the eyes of youth. Youth in love with life, in love with love, laughing, singing, repeating. You will be with the love and see just what they went through. You will live this glorious drama for its faithfulness, its truth, its utter sincerity. It is superb in its vivid realism and poignant beauty. The screen's response achievement, "All Quiet On The Western Front" showing in Alia sent Wednesday, July 29th.

Council Declares August 13th a Civic Holiday

The regular monthly meet-
ing of the village council was
held on Monday evening with
all members present.

The minutes of the July
meeting were read and ap-
proved.

A letter was read from the
Women's Institute offering
their services in soliciting and
making over of second-hand
clothing for the needy. A
reply was ordered sent ac-
cepting their suggestion with
thanks.

Two donations were made,
namely, \$10 on request of the
Red Cross, and a voluntary
contribution of \$20 to the
Alix Fair. The Revue point
set out that the prize winners
last year had donated a por-
tion of their winnings which
showed the spirit behind the
Fair, and he thought it only
right that a little help should
go from the village, at the
same time regretting that the
amount was not larger.

The C. N. R. accepted the
committee's offer of \$1.00 for the
bandstand, right-of-way on
the Cook quarry owned by
the village.

On request the council de-
clared Thursday, August 13
"Alix Fair Day" a civic holiday
from 12 o'clock noon
until 6 p. m.

The accounts were passed,
among which were the bills
paying the new cement walk
which cost only \$546.70.

A letter was read from Mr.
W. E. Jennings re the "British
Community Settlement in
Canada" scheme and he en-
closed a communication from
Brigadier-General L. Hornby,
sponsor of the plan, and also
a pamphlet giving full infor-
mation on the plan.

The object is the securing of tracts
of land from 2,500 to 10,000
acres on which to settle British
families, some to be financed
in Britain in the form of an
investment. The secretary
was instructed to ask that a
man be sent up to look over
the district and see if it is
suitable for the purpose.

Passes, Dies at Red Deer

Red Deer, Aug. 9.—George
W. Smith, U. F. A. member
of the legislature for the Red
Deer constituency since 1921
died here Saturday morning

following a severe attack of
stomach trouble from which
he had suffered for some time.

The late Mr. Smith had
long been a respected resident
of Red Deer district where
he settled more than 40 years
ago after coming west from
Nova Scotia where he was
born in 1855. He was the
first school teacher in the lo-
cality, where Red Deer was
known as the Old Crossing.
He homesteaded near Red
Deer. He served for several
terms on municipal and school
boards and for two years
was mayor of Red Deer. He
was highly regarded by all
sections of the community
and by his fellow members in
the legislature.—The Calgary
Herald.

The funeral was held on
Monday afternoon.

troupe visited the Hope In-
dian country to film "Way

medy which will be shown at
the Legion Hall, Alix, on
Wednesday next week.

The new picture shows
Haines as a circus clown
who becomes a cowboy in a
hilarious sequence of adven-
tures. Lella Hyams plays
the heroine, and Francis X.
Bonham Jr., Cliff Edwards,
Rolly Merson, Buday Room-

Alix Fair next Thursday, August 13th.

The regular monthly meeting of the council of the Municipal District of Lamerton tomorrow (Saturday).

John Sample was a Red Deer visitor for several days recently and returning home was accompanied by Miss Myrtle Fryer of Beaverlodge who was her guest for a week.

Today (Friday) is the last day of a most enjoyable Chautauqua, we believe the best program ever brought to Alix, and as a fitting climax at 3.30 p. m. you will be treated by the "International Concert Party" with a musical afternoon. In the evening you will be entertained by that popular three act comedy "Barney", a play well worth half the price of a season ticket. Come to both programs today, they are well worth attending.

Mrs. T. M. Revie of Red Deer was a recent visitor at the home of her cousins, Mr. and Mrs. T. Sample.

Miss Eileen Taylor from near Big Valley, has been the guest for the past couple of weeks of Miss Ethel Todd.

We learn with pleasure that another Alix girl has been successful in her exams. Miss Mary Rasmussen who has spent the past year studying Grade XII at Stettler.

The average Canadian family consists of 4.1 persons, we read, and you have one guess as to who constitutes the 4.1 person.

The picture show will be here for two nights next week (Wednesday, August 13th, and Fair night, Thursday the 13th, with a different program each night).

Miss Ruth Shaskleton of Fort Saskatchewan is holding at the home of Mr. and Mrs. A. S. Bisset and receiving her many old Alix friends.

Harvest is now in full swing at the flats and a continuous of fair weather will mean an early harvest.

Service in the United Church on Sunday is at 7.30 p. m.

Mr. Lew Hutchinson of Duhamel was a visitor in our town on Monday.

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, August 21st, at the Nelson Hotel.

Of all the vices on earth the one that is the most difficult to understand in the vice of gossip. For most crimes we can find some explanation, but for gossip there is no explanation except depravity or insanity. How people can find enjoyment in making life hard for others is one of the eternal mysteries. The slanderous activity of malicious tongues has caused more havoc in the world than any other vice viciousness.—Ex.

After spending a couple of weeks among her many old Alix friends, Miss Lucille Mogridge returned to her home in Calgary on Monday.

Clifford Thompson of Calgary is holidaying at the home of his grandparents, Mr. and Mrs. John Brown.

Doris, the little daughter of Mr. and Mrs. A. Loughridge, was taken to Lacombe hospital on Saturday of last week to have her tonsils and adenoids removed. She is now home and around as usual.

We would like to draw Councillor Cockrill's attention to the dangerous corner at the second turn on the road east of the Harewood Lake bridge. We understand that this spot has been a minor accident, and several car ones, at this spot recently owing to the brush on the road side obscuring the traffic. It is a small job to have the brush cut and earth made a bad track. We know the councillor is a busy man and so doubt he has not noticed this danger.

Mr. and Mrs. A. Anderson and daughter returned home last week from their motor trip to Wyoming.

According to the report of the Dominion meteorological survey, Alix was one of the wettest points in the Dominion during the month of June. In the province of Alberta the average rainfall for our year is approximately fourteen inches. For June alone the precipitation in the Alix district was 5.46 inches, exceeding the record of many other parts of the province by two inches or more. Calgary's record for June was 2.8 inches, and Edmonton 6 inches.—Calgary Herald, July 25th.

Burning the candle at both ends is one way to make oneself a dollar saved may be better than a dollar earned, but it is at least to be earned before it can be saved. In the modern household practically everything is operated by switches except the children. Recently some of the people who brag that they never had a job they couldn't handle, never got hold of a really hard task. A bare leader, apparently, is one who can persuade others to do the work while he takes the glory. There is one thing on one's hands before to lose his job. Still, we must respect politicians to know what the people want when the people themselves don't know.

There will be entertainment for all in Alix August 13th

Fortnightly Crop Report

Issued by the Department of Agriculture, Province of Alberta, Edmonton, August 24th, 1931

Rains have occurred in the north, north central and extreme southern part of Alberta during the past week. From Calgary to Macleod and in the west central part of the province dry weather continues and crops are suffering severely. In the north central area rains were very heavy, totalling three inches of precipitation at some points. This excessive moisture has caused considerable lodging of grain and will tend to delay ripening. Extensive hail damage is reported at a number of points and freezing temperatures were reached at a few points in the Peace River district.

Cutting of wheat in the province in the southern part of the province and barley cutting has commenced. If favored with dry weather cutting will be general throughout the province within the next ten or twelve days.

No damage from serious insect or plant disease is reported.

Harvesting has been at a standstill in a large part of the province during the past fortnight owing to the continued wet weather and many fields of sweet clover and other kinds of hay have deteriorated in quality. A period of dry warm weather is urgently needed both for haymaking and hastening maturity of grain crops.

Mr. and Mrs. W. Harrison of Glendon and Mr. and Mrs. H. Foster of Calgary are visiting among their many old friends in Alix and district.

Miss Audrey Bennett is holidaying in Lacanora a guest of her cousin, Miss Jean Hunter.

Don Carter left Wednesday to spend several weeks with friends at Peace River.

Mr. and Mrs. A. W. Ardley were Edmonton visitors a couple of days this week.

RIPLEY-WYNNE

An event of more than ordinary interest took place in the Ripley district on August 1st, when Miss Dorothy Louise Wynne of London, England, was united in marriage to Berth, eldest son of Mr. and Mrs. D. B. Ripley. The ceremony was performed by Rev. R. Upton at the home of Mr. and Mrs. Stanley Ripley, in the presence of the groom's family and the immediate relatives of the bride and bestman.

The pretty living room was most tastefully decorated with flowers in the autumn tints of purple, blue and gold, which color scheme was also maintained in the graceful altar drape which the ceremony took place. The bride was charming in white silk georgette and overdress of lace, with veil of embroidered net caught with orange blossoms. She entered the room to the strains of Wayne's Bridal Chorus played by Mrs. R. W. Barnett, being immediately preceded by the two children of the hostess, Emerson aged four who carried an exquisitely pretty basket of purple daisies and geraniums, and Gladys aged twelve with an equally pretty net of galleria. The bride's bouquet was of blue daisy, lilies, and like that of her girl attendant gathered from the garden of her hostess.

While the register was being signed Mrs. Upton sang, beautifully as ever "My Dear Son" and "Bird of Love Divine." After congratulations were over and pictures taken, a delicious lunch, which included the three-tiered and prettily decorated wedding cake, was served by the hostess assisted by Mrs. Barritt. Amid a shower of rice the happy young people left for their pretty little home on the groom's farm. The best wishes of friends for happiness, health and prosperity are extended to them.

Alix Fair Goes Over With A Bang

EFFORTS OF OFFICERS AND DIRECTORS TO
MAKE THE 1931 EXHIBITION A SUCCESS
ARE CROWNED WITH SUCCESS.

Following a heavy rain the day previous, Thursday, August 13th "Alix Annual Fair Day" was ushered in with Old Sol's blessing and nothing happened to mar a perfect day, which proved to be one of the best holidays in the history of our town. The attendance was up to within the entry the largest for some years, 1,127 separate entries being made, and loud were the comments on the splendid showing of stock and the fair exhibits. The vegetable classes were well filled and were an eye-opener to all visitors. Of the better than three hundred sections in the prize list only sixty-nine were not completed.

The committee in charge of the entertainment had it so arranged that the large crowd had not a minute to spare, starting with the ball game in the morning and ending with the last foot of the orchestra's horse as the dancers left for home in the wee hours of the night.

The three ball games were close battles and resulted as follows: 1st game Ties 7—Mirror 4; 2nd game Alix 6—Bashaw 5; Play-off Alix 8—Ties 2. W. Fieldner gave universal satisfaction as umpire.

The soft ball game between the high school girls and another local nine was won by the former by a 10 to 6 tally.

The boys and girls were pleased with the dance, quarters and half dollars handed: the winners in the athletic events, while the kids with ponies had heaps of fun.

The Locomo football team were late in arriving and a short game was the result with a win for the visitors by a count of 3 to 1.

Stettler's Elk's band played in their usual mazy style throughout the afternoon and furnished the excellent music for the dance at night, and from the crowd gathered about their stand we judge that this attraction was appreciated.

Yes, we had a real fair, and now that the wedge in once more entered us to drive it home for a larger and better day each year. While credit is coming to every member of the Association, we must hand it to Bob Whitfield, the secretary, who has worked day and night for the past two months to put the 1931 fair over, and you who attended know how he succeeded.

The Association wishes to thank all who contributed to the fair's success, visitors, exhibitors, workers, advertisers in the prize list, and others. Your assistance was appreciated. They also wish to gratefully acknowledge cash donations as follows: Mrs. Irene Parby \$20, Mr. Lovet \$5, Mrs. Parby \$3, Henry Drug Store \$9.50, Harrison & McTaggart \$8, Village of Alix \$20 and the Municipality of Lacombe \$25.

NOTE—This is your fair and any comment or suggestion as to its improvement will be welcomed by the Association.

We have heard nothing but favorable comment on the work of the judges in every department.

We were pleased to see our old friend, Mrs. A. J. Bay of Mirror, a visitor to our fair although not an exhibitor. It has been a regular pleasure to send her a check for a good year.

There will be no services in the United Church for the balance of this month, August 23rd and 24th, as the pastor, Rev. R. Upton, is attending the Summer School of Theology at Edmonton. Mrs. Upton is conducting a singing class and generally superintending the singing at the school.

Mrs. S. Whitefield and daughter Peggy are guests at the home of Mr. and Mrs. R. E. Gardner and Miss Bonnie Sprague of Camrose.

Miss Grace Umbreit and Madeline Dowdell were visitors of Mr. and Mrs. S. Whitefield on Wednesday.

Miss Peggy Brown returned on Thursday from visiting for five weeks with friends at Crossfield.

Mr. and Mrs. L. W. McDowell and Miss McDowell of Lacombe were visitors at Edmonton last Sunday.

Jack Ahern is helping Mr. Senger put up hay this week. Mr. and Mrs. Ahern and daughters Marion and Florence, are leaving Friday morning for a couple weeks' holiday at Vancouver, Seattle, Everett and Tacoma.

We understand that Miss Geneva Brown has been engaged as principal of the Youngstown school.

Miss Audrey Bennett is holidaying for a couple of weeks among Lacombe friends.

Service on Sunday, August 23rd, in St. Pankras church is at 3 p. m. when Rev. J. H. Oriel of Delburne will preach.

Federal Government Issues Timely Advice Regarding Forest Protection In West

A statement on the forest fire situation in Western Canada has been issued by Hon. Thomas G. Murphy, Minister of the Interior, as follows:

"The well-being of the forest industries is so vital to Canada's general prosperity that the Federal Government must always retain an active interest in them. This interest necessarily includes serious concern with respect to forest fire losses. The Department of the Interior has a personal interest in the situation in the Prairie Provinces. There is, in the first place, the large area of federally owned forest in the National Parks which is endangered by fire in surrounding territory; there is the general responsibility for preventing forward the subject of forest conservation throughout Canada; and lastly there is the national feeling of good will toward the many forest protective organizations of the Prairie Provinces, the majority of whose staffs have been recruited from personnel formerly connected with the old Forestry of the Department of the Interior."

"Present indications are that these forest services are going to be faced with a very trying fire season during the Western summer. The prevailing conditions in Western Canada during the past three years have been remarkable for a continued deficiency both of snow and rain-fall. Added to the accumulated effect of the drought conditions superimposed, there is the fact that throughout this region precipitation during the past four months has also been considerably below normal. The result is that lakes and streams are at very low levels, irrigation storage works being likewise affected."

"The forest fire season, 1929, was one of the most critical in the history of Western Canada. The season 1930 was likewise a trying one, although there was a considerable improvement over the year before in the matter of forest fire losses. This improvement was due in part to increased efficiency of fire protection, and particularly to a growing sympathy on the part of the general public, a state of mind that was given practical expression in efforts to co-operate in the matter of fire protection."

Attraction Of Gems

Proving a High Money Value On Jewish Borders On The Volgar

Outside their proper sphere, gems attract merely because of their great monetary value, an attraction that is unfortunately contained in itself the seeds of vulgarization. It may be wondered whether a ruby, or an emerald, or a diamond, or a sea pearl would be so greatly esteemed if it could be picked up in any street. Moravia, indeed, are fond of pointing to the utility of so high a valuation of mere trunks among natural phenomena. And there is much truth and wisdom in the sermons of these moralists.

Yet one cannot help feeling that the world would be a poorer place in more than one sense of the word if there were not gems in it to toy with, even in imagination. To admire the rare is a strong human instinct. To attach money values to the rare is a different matter; it does not exalt these instincts; it degrades them. In its right setting, whether in poetry or in human life, who does not admire a jewel?—Christian Science Monitor.

FOREST PROTECTION IS TRADE PROTECTION

Thirty years is commonly regarded as being the length of one generation, and it is more than probable that Canadians will some day look back upon the last generation—the first thirty years of this century—as the golden age of expansion in Canadian forest industry. It would be almost too much to expect that the Dominion should, in any future generation, repeat or even approach, the growth that has taken place since 1900 in the export of forest products. If the present trade can be maintained, that, in itself, will be a real achievement.

During the first ten years of this century Canada's exports of wood, wood products and paper aggregated roundly \$431,000,000. The amount

during the last ten years has more than doubled, rising to \$1,048,000,000, and in the last ten years, 1921-30, it shot up to the colossal sum of \$1,048,000,000. Taking the whole thirty-year period, 1901-30, the value of Canada's exports of wood, wood products and paper exceeded the almost unbelievable amount of \$1,400,000,000.

Canada may, right now, have reached the zenith of her career as an exporter of forest products. Whether that be so or not, it is simply clear that the Canadian people, of all peoples, cannot permit the appeal for forest conservation—however backed up it may sometimes seem—to fall upon deaf ears. For Canada, forest protection is trade protection of the most vital order.

J. H. Beavies, Of Crystal City, Wins Title At Manitoba Seed Producers' Exhibition

John H. Beavies, of Crystal City, has been declared champion wheat grower of Manitoba. He won the title at the Manitoba Seed Producers' Exhibition, held in conjunction with the Manitoba Winter Fair, Brandon. Beavies exhibited a splendid sample of durum wheat to gain the grand championship.

F. J. Best, of Joliette, Du Lac, won the championship of the previous year, while the barley champion is John Winter, of Morden.

Considerable interest was taken in the Manitoba Wheat and Barley Show, which John Beavies, of Morden, won. The Mani-

Cattle For Export

Survey Is Made Of Range In Western Canada

Following a survey of ranges in Western Canada officials of the newly-formed Western Beef Producers Association, held before Hon. Robert Weir, Minister of Agriculture, figures of the probable number of cattle suitable for export. Details were not made available, but Frederick McLeay, of High River, Alberta, chairman of the association, and George Ross, of Lethbridge, are expected to make their survey public within the next few days.

The association's figures are understood to be considerably lower than a previous estimate from another quarter which gave the total of over 1,000,000.

Results Of Research Program On Storage And Commercial Drying Of Damp Wheat

Further results from the extensive programme of research on the storage and commercial drying of damp wheat which the Research Council initiated in 1927, are contained in a draft report which Major Research, University of Alberta, and W. H. Cook, of the National Research Council staff at Edmonton, have submitted to the Council's Associate Committee on Grain Research Work, on which the final report will be made, in preparation.

In 1929 the Council published the report which set out the conditions under which damp wheat could be dried without damage to its milling and baking quality. The investigation has been continued since that time under the general direction of Professor Blaisdell. Mr. Cook constructed the improved drier that has been used and standardized the equipment and methods employed. The milling and baking tests so essential to the investigation were carried out in the co-operating laboratories of the Associate Committee attached to the Department of Field Crops, University of Alberta; Department of Chemistry of the Agricultural College, University of Manitoba, and the Department of Chemistry, University of Saskatchewan. The Beef Branch at Calgary, of the Dominion Department of Agriculture, made the germination tests.

The results of the research are as follows:

1. The efficiency of drying increased with the air temperature and decreased with the air flow. On the other hand, the injury to baking quality was affected more by the air temperature than by any other factor, and 150 degrees Fahrenheit must be regarded as the maximum safe air temperature. With air at 210 degrees, slight damage was occasionally observed, under ordinary conditions of drying while under dryness conditions, such as over drying, considerable damage was caused by air at this temperature. At still higher air temperatures, 250 degrees and 270 degrees Fahrenheit, the amount of damage increased not only with the air temperature but with the air flow. High wheat temperatures were

little effect on possible significant damage.

2. Drying in cold weather, when the air is excessively cold and dry, seemed to increase slightly the risk of damage.

3. Drying very damp wheat in two stages appeared to present no advantage over the single stage method in preventing injury to baking quality. In fact, samples dried in this way showed slightly more damage than when dried in one stage and the drying operation was less efficient.

4. Drying wheat with single stream air (heating the air from the cooler section and using the air through the heater section), gave a higher efficiency although the hot air contained more moisture. This method caused higher wheat temperature, but no damage to baking quality resulted.

5. The effect of high atmospheric humidity was to reduce the efficiency of drying, and heat the wheat more, but it had no significant effect on baking quality.

6. Drying to a low final moisture content resulted in appreciable injury only when the air temperature was above 180 degrees Fahrenheit. At this temperature the slight damage took place only when the air was so low as 10 per cent. moisture.

7. Batch drying experiments were carried out using air temperatures from 150 degrees to 210 degrees Fahrenheit only. No significant damage took place under these conditions, and both the efficiency of drying and the baking results compare favorably with continuous drying runs made under similar conditions. The highest maximum and differential wheat temperatures in the heater section suggested a greater risk of damage, however, and this method of drying is not recommended.

8. Wheat decreases in weight gain as the moisture content increases, and heat drying never brings it back to the original bulked weight. The extent of recovery is greater when the drying covers only a short moisture range, and when the wheat is dried at a slow rate.

9. Germination tests were tried as a possible index of injury, and al-

APPRECIATION I

To each and everyone who helped to put I forward;
To those who so generously gave donations of money and
gifts;
To the ladies who supplied the victuals, and who toiled so
strenuously keeping the multitude fed;
To all who took part in the amusements, with the hope
that they got some of the amusement out of it that we
did;
To the exhibitors who went to all manner of trouble, and
wished many a time they'd "left the durned stuff at
home."
To all cattle and other animals that were driven about and
got their tails twisted in a good cause;
To all who came as visitors and were kind enough to think
or to give roles to some complimentary remarks;
To the judges who, perhaps, should have come at the top
of the list;
To the many who performed the hundred and one tasks,
unnoticed and unrequited, which have so much to do
with the success of a community undertaking;
To all of them, the officers and directors of the Agricul-
tural Society extend their heartfelt thanks, realizing
that without their co-operation no fair at all could
have been put on.

Take it to yourself. Thank you,
E. W. Cormack, President

Hesgard Reunion

July 12, 1931, was another big day in the history of the Hesgard family circle. The 6th annual reunion was held at the Carl N. Brunsold home in Orfordville, Wisconsin. It was an ideal day, a little drizzle in the morning but turning into sunshine and a little cool breeze toward noon. At 10 a. m. relatives began to arrive and greetings from far and near were heard as far as voices could carry. It is indeed wonderful to relate that the young couple (Halvor Hesgard and Randy Edsholm) who were married in Hallingdal, Norway, in the year 1829, now could count descendants over 300, living in 15 states in the U. S. and one family in Canada, 108 families on record which is not completed to date. Of this large family circle there has been reported only 3 deaths, 4 births and 5 marriages in 1931. Undoubtedly some more have happened that have not been reported (relatives please send the undersigned this report). At noon hour dinner was served followed by a program of musical selections, recitations, relay, etc. Letters from relatives who could not attend were read, officers elected and the last Sunday in June next year chosen as the date for next year's assemblage.

With hopes that next year will see many of those not with us this year come to renew the bond of relationship, may God grant prosperity, joy and happiness to all in the future as in the past.—C. J. Hesgard, President.

Two members of this family circle reside in the Alix district, George Goldberg and his sister Miss Janet Goldberg, great grandchildren.

The bus, though it made every road has a short, off-road back loaded with honey from his ramble; and why should other tourists do the same.

How—Do you think the dead can communicate with us? Black—I know they can't. One I managed to borrow a doll from a Scotchman. A week later he died, and I haven't heard a word from him since.

Nothing goes down a trouble maker so quickly as to run into a woman he isn't sure he can live.

The success of a woman's evening depends upon her dress, or might say her happiness hangs by a thread.

Civilized people are those who think up a scientific reason for doing the things a savage does as a matter of common sense.

Looking to the Future

Robert Gardiner, M. L. A., president of the United Farmers of Alberta, says:

"Looking to the future I am confident that Alberta farmers will never be satisfied by any system of marketing that is not strictly co-operative in its basis, because no other system can meet their needs."

"By patronizing Pool elevators we can speed the day when the co-operative system will be firmly established as the new method of handling our products."

Alberta Wheat Pools are operated under a public licence and will handle any grain on an open market basis.

Reduction in Express Charges

To meet competition from automobile trucking companies, drastic rate cuts in many classes of shipments are being made by the Canadian National Express.

On specific commodities rates are reduced on shipments over 100 pounds, to most cases. In the general merchandise class, shippers are being made covering shipments of less than 100 pounds. Especially in agricultural produce grown and packed in Canada are rate cuts being made. In some cases rates are being lowered 33 per cent.

Fortnightly Crop Report

REPORT OF THE DEPARTMENT OF AGRICULTURE
EDMONTON, ALBERTA, SEPTEMBER 5, 1931

Wheat cutting is 90 per cent. completed in southern part of the province and in the Peace River district. In central and northern Alberta where continued rains have delayed ripening and harvesting, not more than 50 per cent. of cutting has been done. Threshing is well advanced in the south. In the area lying south of Calgary and west of Lethbridge many summerfallow are yielding from 25 to 30 bushels per acre of high grade wheat. Yields from spring cultivated lands are light. Threshing is in progress in the Peace River district. Yields are satisfactory but quality has suffered from heat and drought during the ripening period. Very little frost damage is reported.

Oats and barley have ripened rapidly in the past two days and a considerable acreage has been cut. Yields of coarse grains will be satisfactory in all parts of the province with the exception of the east-central and south eastern areas. An excellent second cutting of alfalfa has been harvested in the irrigated districts and sugar beets are progressing favorably although yields will be slightly below those of last year. Alfalfa and sweet clover crops show evidence of heavy yields. Potato and root crops are in satisfactory condition.

Down On The Farm

Down on the farm about half past four,
I jerk on my pants and slip out the door.
Out to the yard I run like the chicken
To milk the cows and feed the chickens;
Clean the barn, curry Nancy and Jigs,
Separate the cream and feed all the pigs;
Work two hours, then eat like a Turk,
And then I am ready for a full day's work.
I grease the wagon and put on the rack,
Toss a jug of water in, in an old grain sack,
Hitch up the horse and hurry down the lane,
Look out in the hay for it looks like rain.
Must get over yonder, sure's I'm born,
Cattle on the rampage and in the corn;
Start across the meadow, run a mile or two,
Heave! Heave! The 'un wades, wet down through.
Get back to the barn, then for recompense,
Nancy gets straddle of a barbed wire fence;
Joins all a-aching and muscles in a jerk,
Now it's a siddy for a full day's work.
Work all summer till winter is nigh,
Then figure up the books and have a big sigh;
Worked all year and didn't make a thing;
Got too cash now than I had last spring.
Now some folks tell us that the farm is a hell,
But maybe they farmed so they can't tell.
When spring comes round I take another chance,
While the fringe grows longer on my old gray pants;
Give my suspenders a hitch and my pants a jerk,
And then, by heck, I'm ready for a full day's work.

a like communication had also
been received from the
Alix Agricultural Society.

The awarding of the shields
for best kept property
and greatest street, inspected
by Mr. L. Sweet, went to
Mr. R. L. Toepfer and to
Niblick street. He stated
that the gardens of Mr. C.
Borssen and Mr. Tappenberg
also were worthy of
special mention.

A reply to the invitation
sent Brigadier General M. L.
Hornby, to visit Alix and in-
spect district as to its suit-
ability to participate in the
"British Commonwealth Settle-
ment in Canada" plan, was
read in which he stated that
he would meet the council
on the 19th and 20th.

Meeting adjourned.

Things From 'Toss

Mrs. MacLeod from south of
town has been visiting relatives
in Edmonton the past week.

Bert Waine was in Lacombe
on Tuesday of last week.

Mr. F. R. Hoffman came up
from Wainwright on Saturday
to be here with Mr. Hoffman
during harvest and the day after
which they will both return
to their home in Wainwright
for the winter.

Robert Abbott's injured leg
is about well again and he expects
to soon be able to throw away
the crutches and, probably
speaking "pick up his bed and
walk."

Mr. Plafon, who has been in
the hospital at Edmonton the
past six weeks, is home again
much improved.

Mrs. A. D. Brewster returned
word from her son Sheldon Brew-
ster at Lethbridge, Saturday, that
the doctor had just pronounced Mr.
and Mrs. Brewster with a fine son.
(The name has been held up
for the past two days with some
in his bed.)

The frost and freeze two nights
back put the finishing touch
to the garden and flowers.
Well we are not looking
it held off pretty long then giving
the farmers some time to get the
crops in.

Mr. and Mrs. K. D. McDougall

and family drove over to Lacombe
on Sunday morning.
Mr. Rick McDougall of Can-
gary was visiting with his wife
F. W. McDougall last week.

Mrs. R. M. Armstrong, who
has been ill with influenza for the
past week, is much better at this
writing.

In a recent letter from Mr. R.
L. Fagley, who used to be man-
ager of the Imperial Lumber
Yards here and now lives in Van-
couver, he stated that he was
building a summer cottage at
Osoyoos Lake in British Columbia.

A judge declares that home life
needs

Co operation—what if they do?
The hard to bring the home home
and then to have to try it.

Sometimes it is what a man
doesn't say that is the most in
tossing.

Passing Of Cyrus H. Williamson

Cyrus H. Williamson, son of
Mr. and Mrs. Isaac Williamson,
was born near Oshberg, Kansas
on July 31, 1872. He was taken
ill suddenly on Friday, August
11, and died at his home on Mon-
day evening, August 17, 1931, at
the age of 58 years and 27 days.
All of his life was spent in the
community, except fourteen years
during which the family lived in
Canada. They resided here
about thirty years ago.

He was united in marriage to
Laura M. Shook, whose death oc-
curred June 28th, 1906. To this
union were born one son, Irvin
Williamson of Wainwright.

On October 12th, 1894, he was
married to Mrs. J. Allen. Three
children were born to them, one
of which died in infancy. There
were two surviving daughters, Mrs.
Mary Yalving and Miss Frances
Williamson.

Mr. Williamson was a charter
member of the Masonic Lodge in
Fosteria and has been a member
for 25 years. He was the first
Master of the Fosteria lodge, suc-
ceeding as master for six years.

Mr. Williamson was a good and
sincere husband and father. His
aim as a pleasure in life was do-
ing good for others. He was a
man of strong convictions and
stood faithful to the cause of
right. He is survived by his wife
a son and two daughters. The
many who have loved him and
will be greatly missed by a
large circle of friends and rela-
tives. Interment took place in
the Spring Creek cemetery.—
Cordoned from the Fosteria, Kansas
paper.

Prior to moving here in the '10's,
the family farmed for 10 years
south of Alix and their many old
friends here will join with us in
extending sympathy to those who
remain.

Pink Fruit Weighs Better Than 25 Pounds

Mr. George Ross on Wednesday presented us with a
monster pumpkin which tipped the scales at a trifling better
than 25 pounds. It's a beauty, and we are looking forward
to some real honest-to-goodness pumpkin pies. Garden
truck of all kinds is plentiful this year and, as usual, Mr.
Ross can show you the very best of everything.

Thanksgiving day will be celebrated this year on Monday, October 12th. Official announcement of the passing of an order in council to this effect was made September 5. Fixing of a date by order-in-council for the observance of Thanksgiving day separate from Remembrance day is a departure from the former practice. Remembrance day will be commemorated each year on November 11th.

A car of prime lambs, totalling 132 head, was shipped from Alix to the packing plant at Edmonton on Saturday of last week by J. R. Mackin. Those contributing to the shipment were: D. Priddy 45, W. Tullman 24, A. C. Finclater 21, R. P. Sanderson 15, Ralph Tordella 12, H. McKinnon 9, A. McDermott 7 and A. M. Keston 1. The price paid was only 44c. J. After spending several weeks at Pouce River, Dan Pettit returned to his home here on Tuesday.

Obituary

There passed away at the family residence west of Alix on Sunday, September 27th, an old resident of our district in the person of Mrs. I. Smith at the age of 69 years, following a severe illness of several weeks.

The late Mrs. Smith, whose maiden name was Mary Hannah Mansell, was born at Newport, Shropshire, England. The family came to Canada in 1910 and for six years lived in Edmonton then purchased the farm west of Alix which has ever since been their home.

She was a staunch member of the Anglican church, a devout christian, a loving mother and wife, and a kind friend to all who knew her. She leaves to mourn a sorrowing husband, two daughters, Mrs. H. P. Baker of Edmonton and Mrs. W. S. Kent of San Diego, California and three sons, Mansell, Albert and Louis all of Alix.

The funeral was held on Tuesday afternoon from St. Paorac church to the Alix cemetery, services being conducted by Rev. W. P. G. Mills while the pallbearers were Messrs. P. Whitfield, Gen. Wilcox, J. Waterman, U. G. Marryat, A. E. Henry and C. Wolferstein.

The large number of beautiful floral remembrances testified to the high regard in which the deceased was held.

The first game in the world baseball series was played in St. Louis Thursday afternoon and resulted in a win for the Philadelphia Athletics over the St. Louis Cardinals by a 6 to 2 score.

Regular monthly meeting of the Village Council met Monday evening.

Dennis Marryat, who left the last of May for England, has returned home. While across the water he also visited several European countries.

Love Henry Must Be Careful

Editor H. W. Love of the Irma Times was in our station on Tuesday and handed us a jar of "chunk honey." No, he doesn't manufacture it in his printing office but as he has been here, better than two hundred miles, and the sample he left with us was from his own colony. He has placed his goods with the Alix merchants and asks us every broadcaster to try an order of a real peasant-to-goodness Alberta product.

Impoving Alix Rabbit Flocks

Mr. T. Seamp, secretary of the "Alix Ranch Club" passed on the information to his fellow members that word has been received from Mr. A. Freese, Dominion representative, that the shipment of rams, 27 in number, Suffolk, ordered by the club's members a few days ago, would be delivered at Alix the first week in November. These are all pure bred animals and will go far to improve the sheep raising industry which is becoming a permanent part of the farmers' business in this district.

IN MEMORIAM

In loving memory of our dear wife and mother, Helen Schepel, who passed away at the Red Deer hospital on 3rd of October, 1929, aged 59 years.

In our family house of tribulation, thoughts of you are ever ours. Inserted by the sorrowing husband and family.

Old Things From You

The school fair held in Olive last Saturday was major and better than ever and a large number were in attendance. A number of the school children were commended in capturing prizes for their exhibits.

The recent spell of the weather has seen the end of grain cutting and has dried the stubble out so that threshing has begun and some very good yields are being realized.

Mr. A. Vanner received a telegram from Gen. Bay, Ont., saying that his father was not expected to live and he boarded the morning train for the old home, St. Catharines, to be with the father when Willie Van is away.

Mr. A. W. Ardley was a Locomotive visitor to Locomotive.

Gen. Mannie is still laid up with his back which he hurt while working at Olive September 3rd. He did not think it amounted to much until after his back began to get better.

Mr. O. K. Connell is buying Grade 10 stock this morn for the firm of Robbison & Crawford at Calgary.

Miss Esther Peterson of Locomotive was a guest and visitor at the home of Mr. and Mrs. F. E. Smith.

Mr. & J. Henderson is up from Locomotive and threshing operations are on at his Tom farm. Mr. and Mrs. C. D. DeBongali and family were Locomotive visitors Sunday with relatives.

A teacher of Thomas took to the Olive dance Saturday.

Mr. and Mrs. T. A. Cunningham and family were visiting relatives in Bonanza Sunday. Tom's father has not been very well lately but is improving some now.

Miss Elizabeth Mann has purchased a new radiator. Miss Kathleen Mann has gone to attend the business college at Edmonton.

Village Council October Session

The regular monthly meeting of the village council on Monday evening last was not a very busy one.

The session came to order at 7:15 when the minutes of the September meeting were read and adopted.

The recommendation from the Old Age Pension board asking for endorsement of the application of C. H. Stuppard was read and unanimously passed.

The secretary announced that there were still a number of doctors unpaid and on motion it was decided to hand the list over to C. H. Stuppard for collection. A letter from the Fire Underwriters Association asking for protection was left with Council for consideration.

Mr. F. A. Smith visited on the council asking permission to move a building onto the town lots to the north of his residence which was granted providing he pay a rental for the property equal to the taxes. He also wanted to know if he could stack feed on his Village street property. The request said it would be all right providing the inspector raised no objection.

A letter from Brigadier General M. L. Herby was read in which he requested disbanding the council in his name. The council and seeing them to not a date for the future.

The electric light bill and one other small account were passed for payment.

Meeting adjourned.

No Teachers Convention

At the last session of Parliament it was decided to move Thanksgiving Day forward to a day in October as was the custom up until a few years ago and observe November 13 in each year as "Remembrance Day."

This has been celebrated heretofore as Armistice Day in conjunction with Thanksgiving. The joint holiday always being observed on the Monday of the week in which November 11th fell. Under the new legislation both days will be observed as public holidays. Thanksgiving has been proclaimed for Monday, October 15th, and Remembrance Day will fall on Wednesday, November 14th. Both will be school holidays.

As a measure of economy the usual district convention of teachers will be discontinued for this year. The principals and teachers reading this notice are asked to give wide publicity as possible that no confusion may result.

Can We Start a Band in Alix?

Here we enough young men and boys in the district interested enough to start a class this winter? We understand that there are a few old handmen in the village and district who no doubt would be interested and would fall in line to help the boys along. We have on good authority that Mr. Thos. Plawick, the conductor of the famous Stettler Band, along with his son the renowned cornet player, are prepared to come to Alix and teach a class with the intentions of forming a band, if enough people can be arranged for. Here is a splendid opportunity for anyone that wishes to get a real musical training at a very nominal cost. Think this over boys and if interested get in touch with Mr. Peacock or Bob Whitfield for any further information. LET'S START A BAND.

A Serious Accident

On Sunday morning last Henry Sargent met with a very painful accident which necessitated taking him to the Stettler hospital for treatment and where he still lies. He had driven into the field for a load of bundles, stopped at a stock and threw out the fork. It is thought that as he jumped to the ground his foot slipped, for he landed on the fork handle which privetized the lower bowel. We understand that he is improving slowly.

To Open Season With Hunting

The meeting at the rink last Monday was well attended by those interested in curling and skating and from the enthusiasm shown we anticipate a real enjoyable season in these sports.

The curling has been cut to \$7.50 which will be a popular move, while all arrangements for the skating ice is left to the executive.

The ice is being built up very fast and if this weather holds the stone twisters will be on the job next week.

The season will open with a banquet for which twelve rinks have already been lined up. The cost of going into the banquet is 25c and the idea is to pull all old curlers back into line and initiate new ones for all are invited. Hand in your two bits ten to the secretary, P. W. Peacock, today.

And Deer Elbow S. E. Payne

The provincial election in the Red Deer constituency on Monday resulted in the election of Mr. W. E. Payne. Conservative, and we congratulate the winners of this riding on their choice. What we require in Edmonton is a few more men of Mr. Payne's ability, and from the amount of heavy Government artillery thrown into the fight we are led to believe they were afraid of the consequences and i-

is amending to read the explanations of "why we lost." If responsible government in Mr. Brownie's watchword he will welcome men of Mr. Payne's ability even though he is with the opposition.

We understand the second count given Mr. Payne a majority around 175. He polled 1,639 votes.

Mrs. E. E. Stone and W. L. Pettit, Misses Eva Kerton and Harriet Stone. Dan and Lawrence Pettit, Floyd Cockrail, Robert and Dave Stone were all Edmonton visitors last week end.

We are not surprised that the weather man played a trick on us last week, we might have been looking for it with practically the middle of the month falling on Friday the 13th, for that was the day of the accident (the mercury dropped) and ever since the temperature has been hanging from a few degrees above zero to 6 to 15 below.

The old domestic battle is on again. The good wife is mad at dear hubby. The screw driver are still in the shed. Why not get Combination Storm and Drains from 22c at the Lumber Yard and eliminate these evils and the battle!

Dan Pettit left on Monday for Red Deer where he will remain for the winter, having charge of the rink and play his old position on the hockey team in that town.

STAY WITH THE WAKAT POOL

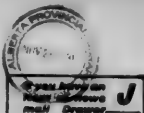

In connection with the delivery of wheat to Pool elevators in the grain province, The Northwestern Miller, never very friendly to the Pool movement, says "There is reason to believe that all three Pools have up to the present on paper their division in a trust of about one and one-half million bushels of wheat, the bulk of the wheat from the Pool country being bought by the Pool movement and then sold to the grain elevators."

The solidarity of purpose manifested by the grain growers of the west against growing pools was never more apparent. Do not let up for a minute.

Mrs. Parby Appeals on Behalf of The Red Cross

Dear Sir—

May I be permitted to say a few words through your columns with regard to the National Emergency Appeal which is to be launched by the Prime Minister on November 28th for the purpose of supplementary relief to be placed at the disposal of the Red Cross Society.

The present time of economic distress with all the suffering it has entailed for thousands of our citizens both on the farms in the drought zone and among the ranks of the unemployed is fittingly designated a "National Emergency" which needs the united efforts of all Canadians if it is to be adequately dealt with.

Every governing body—local, Provincial, Federal—is striving to be generous to the utmost to meet the demands of the situation but there is still a large field in which private effort can play an important part in relieving distress.

There can surely be no more fitting organization to undertake and disperse this form of relief than The Red Cross Society with its great record of humanitarian service during the long years of the war.

If men, women and children will rally to its call in this present time of crisis, as they did in time of war, then the emergency appeal will bring the response it should.

Those who can only contribute a few cents need not hesitate to do so for the sum seems so small, because we are told that every three five cent pieces will enable The Red Cross to provide a warm blanket coat for someone in need.

Those on the other hand who are in a position to contribute generously will, I am sure, do so in the spirit of the Christmas Festival of Goodwill towards men which is drawing so near.

If every organization will make a special effort to raise funds in some of the various ways through which this can be done, I am sure this part of Alberta should be able to contribute a very substantial sum to this National Emergency Fund and so bring comfort to those who are not so fortunately placed.

Time however is short. The most serious part of the winter is just ahead and the suffering of many districts is already a fact. Let us act quickly making our plans with a view to that help may be provided before suffering becomes all greater.

Yours truly,

Gene Parby

A sale of home cooking and dressed chickens will be held by the ladies of the U. F. W. A. in the W. J. room on Saturday next, November 28th. Tea will be served.

Mr. J. Buckley of Glenora is a guest at the home of his sister, Mrs. E. Parby.

Local - Weather

On Monday morning, 23rd November, at 10:30 in St. Mark's Church, Masfied, the marriage took place of Valeria Rose, only daughter of Mr. and Mrs. Wm. Weatherill of Teas, to Lawrence Herbert, eldest son of Mr. and Mrs. H. O. Lund of Bashaw. Rev. Father Harrington officiating.

The bride was attended by her friend, Miss Mabel Hart Gordon Weatherill, brother of the bride, supporting the groom. The bride was very prettily gowned in white satin with wreath of orange blossoms and veil while the bridesmaid was dressed in mauve georgette and lace with hat to match. A wedding dinner was served at the home of the bride to one hundred and twelve relatives and friends.

The number of beautiful presents received show the high esteem in which the young couple is held.

The happy couple are spending a few days in Edmonton.

Ample Dance New Year's Eve

Though not very largely attended the annual meeting of the Alix Agricultural Society on Saturday of last week was an enthusiastic one. The business consisted of reading the financial statement and the re-election of the 1931 officers for another year.

President—E. W. Cornack
1st Vice—J. M. Smith
2nd Vice—Mrs. Strain
Secretary—P. Whittaker

It was decided that the co-orday fair had proven the best for our district and in consequence the fair will be held for next year, date to be chosen later.

The holding of the annual dance received considerable discussion, when an motion was decided to arrange for same on New Year's Eve, the last night in the year. Full information will be given out later.

The carvers expect to be on the ice next week.

Tonight (Friday, November 27th) at the home of Mrs. T. Wilson and under the auspices of the Rebekah Lodge, an auction bridge party is being held to which all lovers of the game are invited.

A pleasant social event on Saturday evening last was the bridge party at the Devo home north of town. There were five tables and the prizes for the best scores were won by Mrs. A. A. Davies, an anglo-french club, and Mr. C. Johnson, a dressed fowl. A delicious midnight luncheon was served by the hostess.

Mothers! Don't forget the "Baby Clinic" at the Women's Institute room on Saturday of next week, December 5th, at 3 p. m.

A surprise party was given on Saturday afternoon at 1st work at the home of Mrs. F. Shaddon, the guest of honor being Mrs. J. Cleef on the occasion of her birthday. Progressive bridge followed by a delightful luncheon made an enjoyable afternoon. We have not been read as to the number of candies on the cake, that's a secret.

The annual meeting of the Women's Institute will be held in the room on Tuesday next, December 1st, at 3 p. m. The program of business will be the election of officers for 1932, and it is hoped that every member will be present.

Mr. and Mrs. A. Price of Carstairs have been visiting for the past few days at the home of Mr. and Mrs. A. E. Holdings. The ladies are sisters.

We understand the ladies of the Rebekah Lodge are working hard preparing for their annual Christmas Gift Bazaar. Watch for further announcement.

Mr. Leo Smith left on Tuesday to visit for a few days with friends at Strome.

DECEMBER'S VISITING DATES

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, December 18th, at the Nelson Hotel.

A public auction of the effects of the late Mr. Sandberg will be held on Thursday of next week, December 3rd, at the old home some miles south-east of Alix. Read the advertisement in this paper and see posters for particulars.

The risk insurance had seven tenders for carting to deal with when they met last Monday evening and after careful consideration the application of Mr. A. Longbridge was accepted.

No, it is not too early to think about your Christmas buying, and already our stores are showing many beautiful articles suitable as gifts and as days go on these will be added to. Pick out what you want and have it put under the tree. First choice is always the most satisfactory.

Mr. and Mrs. M. Schepel and Mrs. L. Schepel and two children left Wednesday morning on a visit to friends at Fawcett. Morris is trying his luck for a mouse or deer while he is up north.

The school children are spending every extra minute preparing plays, dialogues, recitations, musical numbers, drills, etc. for the annual Christmas entertainment next month.

Mr. J. E. Brethour left for the East on Thursday morning via C.P.R., having been summoned to Toronto on account of the serious illness of his mother who is past 94 years of age. During his absence Mr. J. Tailents will have charge of the postoffice.

Services on Sunday in Ripley school at 3 p. m.

Born—North of Tumb on November 25th, to Mr. and Mrs. L. H. Cottman, a son.

Owing to the postponement of the chicken supper, the Crown Derby Dinner has not been disposed of but if no public occasion offers itself, some of the independent meat towns will be asked to draw the winning number in the The Henry Drug Store on the evening of Nov. 30th.

We may be as hard up as the proverbial hot climate, but why freeze this WINTER. Fix the house up with STORM DOORS and STORM SASH from Bob at The Alberta Lumber Yard and have a pleasant climate all on your own.

STAY WITH THE WHEAT POOL

In considering the delivery of wheat to Pool shippers in the grain growing time, The Northwestern Miller, writes very friendly in the Pool movement, saying: "There is reason to believe that all these Pools have to go to the present crop and their usual quota of grain shipments to the country. Such conditions in a year of short crops and from country buying, the health of the western farmer in the grain pool has been built up."

The solidarity of purpose manifested by the grain growers of the west who are giving their grain to the Pool, is not only a great help to the farmer, but it is also a great help to the country. It is the only way to get the best price for the grain. It is the only way to get the best price for the grain. It is the only way to get the best price for the grain.

"Let Your Dollars Serve Canada" Is Slogan Of Loan

A national wide organization met into action on Monday, Nov. 22nd to tell the investing public of the country of the merits of the new National Service Loan Bonds of which there are \$100,000,000 worth placed on the market for subscription.

The undertaking which is in the hands of men who have spent the better part of their lives in buying and selling bonds, and all the skill which this implies will be brought into play to make the offering "go over" in a big way. Indeed as the merit of the service is concerned, there is no question, and it is considered only a matter of getting it tucked with that section of the public who are in a financial position to make investments at this time. A Dominion Government bond is undoubtedly the highest grade obtainable, a fact which is now widely appreciated wherever there are bondholders.

A situation which is expected to improve as a distinctly favorable factor in obtaining a wide distribution of the bonds is the fact that there has been a steady decline in the price of bonds for some time, owing to the fact of what might happen in the face of the late economic decline. These have now been very largely balanced with the fact that the price of a new issue of bonds is being sold at a premium.

There will be a large accumulation of money ripe for investment and this offering is bound to benefit. The large volume of trading in bonds generally in the past few weeks is regarded as an unmistakable indication of the better feeling among bond buyers throughout the country.

It will also be a favorable change for the public to have an opportunity of buying such a high grade investment at a price to yield slightly better than 5 per cent. There was a steady decline in the past year or two in the price obtainable, some of the highest class price being in a level which brought little better than 4 to 4 1/2 per cent. The opportunity of obtaining the high grade National Service Loan with a return in excess of 5 per cent. will thus be a distinct advantage. The organization is confident there is a reservoir of wealth waiting. If anyone has any doubt as to whether he should buy these bonds the campaign slogan may help "Let Your Dollars Serve Canada."

Regular meeting of the village council next Monday evening at 8 p. m.

Mr. Massell Smith has moved his family into town for the winter months so the children will be closer to school.

A rink of curlers (R. White, R. W. Peacock, G. E. Lissack and Art Foster) motored to Botha Thursday night of last week and in a keen game lost to the Warren four of that - we, tally 7 to 10. This was our boys' first time on the ice this season and we consider they did well.

The Rubik card party at the home of Mr. and Mrs. Wilson on Friday night of last week was most enjoyable and we trust they will arrange another in the near future. There were six tables and Mrs. W. G. Patrick and Mr. Wilson were prize winners. Not the least enjoyable part of the evening was the dainty midnight luncheon.

Mr. E. Peas was here today (Friday) to his farm in the Fawcett district north of Edmonton.

MEMBER'S VISITING DATE

H. J. Snell, Night Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, December 18th, at the Nelson Hotel.

The first of our hockey boys played this season was a tie last Friday night at Bashaw. Play was good considering this was the initial game. Bashaw shooting their one and only goal in the first end and Marvin Hunter scoring for Alix in the final period, the battle ending 1-1. The return game will be announced shortly. Alix line-up: Goal - Walter Lissack; Defence - Art Lissack, M. Hunter; Forwards - Duncan Wilton, Jack Peas, Lou Peas; Sub - Gordon Wilton, Ben Holt, Harry Price.

The Alberta Poultry Pool are buying dressed poultry in the old school building at Alix from Saturday until Wednesday (both days inclusive) December 7, 7 and 8.

Tonight (Friday) a school party is being held in the basement of the Alix school commencing at 8 p. m. when dancing and games will be the entertainment. Gentlemen 25c, ladies bring lunch. Everybody invited.

Miss Helen Miller of Mirror has taken a position in R. W. Peacock's general store for December.

Mrs. Blanche Alix left last week to spend the winter with her daughter at Victoria, B. C.

Mr. and Mrs. Harry Blomson and family returned home on Tuesday after having visited for a few days with friends at Red Deer.

The Alberta Poultry Pool are: buying dressed poultry in Alix on December 5th, 7th, 8th and 9th. Read the advt. in this issue carrying prices.

As per announcement in last week's issue the draw for the Crown Derby Bowl was made on Monday at the bank and it went to No. 514 held by Mr. Fred Main.

The Robbick Ladies have selected Saturday, 19th of December, as the date for their annual "Christmas Gifts Bazaar." Watch for full announcement later.

Mr. and Mrs. R. W. Peacock motored to Red Deer on Wednesday to attend the funeral of the lady's aunt, the late Mrs. James Bower.

The curling season opened in Alix last Tuesday with a bonspiel for which some 60 players have signed up making a total of 17 rinks. Weather permitting there will be four games each night, two at 7 and two at 9. You are welcome to the rink either as a player or spectator.

On Wednesday last Mr. A. G. Ditto shot one of the "Yellow Tailed" Crows released by Professor William Rowan of the University of Alberta, to bear out his contention that the action of daylight on the internal secretion of the ductless glands influence the migratory instinct of the birds. The crows are all banded and numbered.

Mrs. E. M. H. Parby, who has spent the past two weeks with her daughter at Calgary, returned home on Monday last.

Real Indian Summer. While the curlers are worrying about the ice, most of our citizens are quite pleased that trips to the coal bins are curtailed.

Alix Council Held Session

A regular meeting of the village council was held last Monday evening, with all the members present and Rere Mackie presiding.

The minutes of the November meeting were read and approved.

A communication from the fire underwriters re fire equipment was ordered answered by the secretary.

Re the appeal from the Red Cross, it was suggested that a complete drive of the entire district be made. The matter will be attended to.

The application of M. M. Brown for an old age pension was endorsed by the board.

Councillor Weigler reported that J. Hindley had failed to do certain work ordered on the town hall in return for occupancy. It was agreed to notify him that he either do this work or pay a rental of \$3 a month.

Mr. W. L. Pettit walked on the council with a request from the Municipal Council for their endorsement of a subway on north road under the C. P. R. bridge. This matter received considerable attention but the council decided that the proposed road would create a danger which is now nonexistent and were therefore unable to sanction it.

Meeting adjourned.

W. L. Hume SWS For Red Cross

The social evening sponsored by the W. L. in aid of the Red Cross, held in Legion Hall on Wednesday night was a success, and the ladies must feel pleased at such a generous response to their efforts. There were 24 tables of card players and later on the young folk froliced in for the dance, making it all the largest crowd at an Alix function for some time.

In addition Mayor Mackie and Mr. Griffiths, in a few well chosen words, thanked those present and those who were responsible for the evening, at the same time outlining the object of the drive.

The receipts will net better than \$85.00 which includes the money raised from the auctioning off by Mr. P. J. Batters of the surplus food, cakes, etc.

The bospital has so far advanced that we understand all the bills will be played off on Saturday night. Come and see the fun. You will be welcomed.

The Christmas Dinner

The Bazaar which the Rebekah ladies have arranged to be held in the W. L. vest room on Saturday, December 19th. A nice assortment of fancy things suitable for Xmas will be on display. Tea will be served.

Don't fail to see the picture on Wednesday night of next week, December 16th. We have been told that it is an extra good production.

Mr. J. R. Mackie shipped 145 bags on Thursday to Vancouver, 31c for bacon

Things From Teas

The wedding bells of Harold McLean and Miss Alice Mero peaked forth, then making some hours past as soon. We all wish them a happy and prosperous journey over the long voyage.

Steve Craft, Harold and Geo. Hansen and the Perry boys and several other young lads have gone north across heading.

K. D. McDougall drove up to Edmonton Tuesday on business. Miss Mildred Beattie, who is attending business college in Red Deer, was home over the week end, returning Tuesday.

Teas has become quite a quality market lately and thousands of new birds have been brought in and several of the towns boys have made quite a little sum of pin money pulling feathers. L. H. Gehlert has charge of the auctioning and he says business is brisk.

Miss Dickinson, high school principal, was a Lacombe visitor last Saturday.

Mr. Arthur I. Jones of the Independent Grain Co. was looking after his interests here Monday. Some of the Time boys stood at the dance at Olive street Friday night.

A very large number of prizes in all classes have been generously donated by the businessmen and farmers of the town and district, and every effort will be made to make this show a success. We have in our district many poultry flocks, and they all express themselves as greatly pleased that this association has been formed, and have pledged their support. All information may be obtained from D. F. Chisholm who will very shortly have entry forms and rules and regulations for distribution.

Do your shopping without delay. Christmas is only two weeks from today.

STAY WITH THE WAKAT POOL

In announcing the delivery of wheat to Pool districts in the spring previous, The North-western Miller, never very friendly to the Pool movement, says: "There is reason to believe that all those Pools have up to the present or hoped they would get a fair handling in the country. Such a small quota of fair handling and from country buying happens the reality of the wheat farmer to the country. This has been his lot."

The solidarity of purpose manifested by the grain growers of the west brings gratifying results even from opponents. Do not be left for a minute.

Preparing For League Hockey

A meeting regarding for senior
hockey was held at the rink on
Monday night when the delegates
to the Baskin meeting reported
on what had transpired, giving
the names of the teams entering
the Battle Lake League and
stating that Alix would play their
games on Mondays and Thursdays
one game at home and the other
away. To all twelve games will
be played by each team. The
question of officers was as follows:
President. — J. R. Neish.
Vice Pres. — B. Price.
Sec. Treas. — A. L. Smith.

The selection of a manager and
captain was left to the team.
All four teams have good line-
ups and we are sure in saying that
hockey fans are sure to be treated
with fine exhibitions of this sport
at every game.

The curling club held a
meeting Tuesday evening at
the rink and the following
men were chosen as ships for
the season: C. Johnston, A.
Foster, T. Wilson, W. Pen-
cock, B. Price, G. E. Loomis,
A. S. Stuart.

We learn that Mr. and
Mrs. Ted Price of Calgary
will spend Christmas with
their parents here. Ted sure
springs a surprise but we
trust it is not too late to ex-
tend congratulations.

As we go to press we learn
that the quota of prizes
offered by the Alix Agricul-
tural Society for the big dance
on the 31st, will be
more than doubled, already
around 60 donations to the
lot have been made.

Many people who will be
impressed that Monday, Decem-
ber, 31st was the shortest day
of the year, but the shortest day
really fell on Tuesday.

Bonville Observatory officials
explained that the date varies from
year to year, depending on which
day the sun is farthest south.
Tuesday at 2:30 p.m. the sun
was the farthest south for 1932.

Oldenies

Some people imagine that
we are living in a province of
arctic temperature, but to
disprove this Mr. W. L. Pettit
called us into his office on
Saturday, December 19th, to
show us a bouquet of pansies
gathered that day from his
garden. We later examined
the plants, still in the ground
and found them as fresh as
in summer time.

Went the and burned
them! Mr. P. Aves left at
their office on Saturday last a
"Paper Collar" which is
between 50 and 60 years old
and the style is practically
the same as in vogue today.
But the price, you purchased
two of them for the price we
now pay to have a collar
laundered, lot a down. Do
you remember those good old
economizers?

Miss Olive Ryther of Peace
River left for home on Mon-
day after visiting for a few
days with her friend here,
Miss Gertrude Harton.

Leap In Mind December 31st

Have you purchased your
ticket for the big dance being
put on by the Alix Agricul-
tural Society on New Year's
Eve, Thursday, December
31st. Not only will you have
a whole of a time, but more
than twenty-five ticket hold-
ers will take home prizes,
ranging from a pig to a load
of coal. The program will
comprise dances both new
and old, and for those who
do not dance we are told that
the L.O.O.F. hall will be used
for cards. Everybody come
and enjoy the watching of
the passing of the old year
and the ushering in of 1932.

THE survival power of Christmas, its persistence as a world-wide festival, lies in the fact that it quickens in all of us the sense of human kinship. It gets beneath the surface cynicism and releases those finer impulses which we all possess. For a day we become “as little children” and the child in our midst is the symbol of the joy which we seek.

MERRY CHRISTMAS then—merry because it brings to us the vision of love ruling in the hearts of men, and renewed hope that the dream of a day may yet become the perpetual reality.

Mr. George Gilbert of Calgary was a visitor with his brother, Mr. Wm. Gilbert, of Alia, for ten days prior to Monday last when he returned home.

The junior hockey boys trimmed the Bashaw puck chasers on Alia last Thursday evening by a score of 4 to 3. This was the first game of the season at our rink and proved very interesting to a fair number of fans.

A. Linack and W. Woods attended the hockey meeting at Bashaw on Saturday night last called for the purpose of forming a league among the towns on the C. N. R. name: Dalby, Wm. Alia, Mirror, and Bashaw. The schedule was drawn up and we believe a cup is to be procured for competition. We also learn that Alia will play their first game at Dalby on Monday January 4th.

At the Alia United Sunday School next Sunday at 12.15 awards will be handed out for proficiency during the year.

We are pleased to report that Mrs. S. Crutchen, who underwent a critical operation at the University hospital in Edmonton on Friday of last week, is improving as rapidly as can be expected and we trust to learn of her complete recovery within the next few days. We understand that on leaving the hospital she will go to Alliance to visit with her sister while recuperating.

A special Christmas service will be held in the Anglican church, Alia, on Christmas morning at 11 a. m. The church is being decorated for the occasion and the rector, Rev. Griffiths, will deliver an address in keeping with the day. Everybody welcome.

Christmas Tree entertainments were held this week at Stanton school on Monday night, Carroll school Tuesday night, and Haynes, Ties and Alia Wednesday night.

JANUARY'S VISITING DAYS

H. J. Small, Field Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alia on Friday, January 12th, at the Nelson Hotel.

Miss Edna Brown, teacher at Minnisis, is home for the Christmas and New Year holidays.

Miss Mary Rasmussen, attending Camrose Normal, is home for the holidays.

The annual Christmas entertainments in connection with Alia Consolidated school was held in Legion Hall on Wednesday night and, keeping up their reputation, the program of drill, recitations, songs, music musical numbers, etc., was all that could be desired as both teachers and children are to be congratulated on furnishing such a splendid evening's entertainment. The well known to bring cheer to all the children and also a good many of the grown-ups.

The ladies of the United Church are preparing for a feel supper and program in the church in the near future. Watch for further announcement.

The shortest day has passed over and the beautiful weather still continues, notwithstanding the old saying that “as the day begins to lengthen, so the cold begins to strengthen.” However, we have enough snow to last a real Christmas spirit.

School has closed for the Christmas and New Year's holidays, to re-open on January 4th, 1932.

Mr. T. Crutchen arrived home on Monday after having spent several days in Edmonton.

The annual meeting of the newspapers of the Province Municipality will be held on Saturday, February 25th.

Listen! How about getting ready the list of New Year resolutions. 1932 is pushing around the corner.

STAY WITH THE WHEAT POOL

In commencing the delivery of wheat to Pool elevators in the prairie provinces, The Northern Wheat Pool, never so friendly to the Pool movement, says: "There is reason to believe that all wheat Pools have up to the present enjoyed their usual quota of grain handling in the country. Such a condition is a year of short crop and low prices. The Pool movement is the only of the western farmers in the organization that he has built up."

The solidarity of purpose manifested by the grain growers of the west brings gratifying praise from non-Pool sources. Do not let us up for a minute.

See that All Year Grain goes to Alberta Pool elevators. You can put your wheat or sell for less at current profit prices.

Alix Loses At Deburbo 2-4

The first league game to be played by the Alix seniors was at Deburbo on Monday night and the score went against them, the tally being Deburbo 2, Alix 1. Those who witnessed the game say that the teams were evenly matched which made a fast battle. Earl Linack scored the one and only counter for the locals.

Luck was surely with the Deburbo goals who were literally peppered by our boys while Deburbo's shots on the Alix goal were mighty few. The return game will be worth seeing.

A Letter Of Appreciation

Alix, Jan. 1st, 1933
We, the executive of the Alix Agricultural Society, wish to take this opportunity to extend our sincere thanks to everyone who contributed to the splendid "Hogman Party" on Thursday night of last week.

The magnificent prizes were a great attraction; the lunch was tasty and efficiently handled by the Misses Strang and Strang aided by a willing group of helpers; the card sharks enjoyed themselves, and as for the dancers - if well, just ask Councilor Weatherill. The cash or checks lined up to all advance notices and we hope we haven't seen the last of them.

Finally, the writer would like to express his gratitude to the usefulness and enthusiastic work and organization on the part of our popular secretary Bob Whitfield. To him, more than any other, the gaiety and the general public owe a deep debt of gratitude.

It is not too much to say that the generous and wholehearted support the society have received is giving them a new lease of life, with encouragement to go ahead with a real fair in 1932.

Alix Council Meets Last Evening

The initial session of the Alix council for 1932 was a short one, but all councillors were present with Miss Mackie presiding.

Complaints having been received by members of the Calgary Power Co. that the service charge of \$1.50 per month was unreasonable. The secretary was instructed to take the matter up with the Public Utilities Board asking for a reduction.

The secretary pointed out that the meeting of February 1st was the annual meeting and resignation of one councillor.

A few small accounts were passed for payment.

United Church Activities

The Annual Congregational meeting will be held on Tuesday evening of next week January 12th, at 8 p.m. in the church when the financial statement will be read and the 1932 board elected.

On the evening of Friday, January 20th, a social evening will be held in the church for which a splendid program is being prepared and supper will be served. Watch for further announcement.

St. Francis Church, Alix Congregational Meeting

The Annual Yearly Meeting of the parishioners of the St. Francis Church will be held at the home of Mrs. Yarrowed on Tuesday, January 11th 1933 at 2.30 p.m. when it is hoped that everyone interested in the welfare of the above church will make it a point to be present at the meeting.

YOU MOOT WHILE THE BOYS SHOOT

Hockey fans are to be treated to some real fast exhibition during the next month and we ask our citizens to turn out to all home games of the league series and whenever possible accompany the seniors when they go away for the out-of-town matches. We understand that our boys intend going into the Provincial play-off.

Remember the next home game is with Deburbo on Monday evening, January the 11th. You shoot while they shoot.

The Fly, Pole Hill Juniors met at the Brudo home on Saturday night last when Donny Murray of Alix addressed the meeting, giving a most inspiring and instructive account of his visit to the River Scout meet held in Switzerland last summer. These non-political, non-demonstrational, international interest meetings of the world are providing much of the spirit that will fulfill Tennessee's prophecy of world peace and unity. The lecture was a treat and is recommended to young people's clubs interested in world movements.

JANUARY'S VISITING DATE

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, January 21st, at the Nelson Hotel.

Miss Hilma Moller, marceller, announces that in the future she will visit Alix every Tuesday.

Miss Agnes Gibbon of Innisfail has been a guest for the past week of Mr. and Mrs. A. E. Hollings.

On Wednesday night Delburne Junior hockey team played Alix Juniors on Alix ice in a very fast and exciting game lasting out to the locals by a 3-2 score. The play was very clean, no penalties having been handed out. "I Will" - A New Year Resolution

I will start afresh this new year with a higher, better crowd;
I will cease to stand contemplating of my trifling neighbor's good;
I will cease to sit regretting what my day's trail is doing;
I will waste no moment, wishing and my heart shall have no hour;
I will sometimes about me for the things that merit praise;
I will search for hidden beauties in the garden's grass;
I will try to find contentment in the path that I may choose;
I will cease to have resentment when another's path is shown;
I will not be vexed by any when my road's dark night is shown;
I will not say my heart's duty to go to prove my own;
I will try to see the beauty spread before me, and my shame;
I will cease to punish my body and be more concerned with mine.

HERE'S A LITTLE STORY FOR Retailers

A young tailor complained bitterly about his poor business, "I make just as good clothes as 's do", he said, "and I sell them for less, yet I get most of the business of the district."

This young tailor felt men ought to find out all about him—that they should search him out. He didn't see that it was his job to make known to all men the fact that he made good clothes and sold them at attractive prices.

's, on the other hand, advertised their business, and, of course, men went to them for their clothes.

It's the same all the world over—buyers go where they are invited to go. They buy in largest numbers from those who give them information about their business, service, goods and prices. This is exactly as it should be.

Why shouldn't the most aggressive seller get most business?

The world likes to buy from keen sellers—retailers who pay them the compliment of telling them about what they have to sell and about their desire for their custom.

Dumb retailers may be fine men, may give good values, may be first-class store keepers, but the buying public prefer to go where advertisements in their local newspaper direct them to go.

The wise Retailer runs his business in line with what buyers want because it is profitable to do so.

It costs a Retailer far more not to advertise than to advertise.

57AY WITH THE WHEAT POOL

In connection with the delivery of wheat to Pool elevators in the prairie provinces, The Northern Trust, Miller, have very friendly to the Pool movement, says: "There is reason to believe that all three Pools have up to the present enjoyed their usual quota of grain handlings in the country. Each receives a quota of short crops and heavy country harvests. The Pools of the western farmer in the country have been built up."

The solidarity of growers manifested by the grain growers of the west in their pooling grain elevators, does not set up for a minute.

See that All Year Grain goes to deliver in Pool elevators. You can put your wheat or feed for each in optimal condition.

Both Trustees Re-elected

As usual a good attendance greeted the annual meeting of the taxpayers of the Alix Consolidated School District, Friday afternoon of last week, and the business went through with dispatch.

Mr. A. G. Dille took the chair and after making the meeting to order, asked the secretary to read the financial statement which was very satisfactory. The inspectors' reports for the various rooms were then read and showed that Alix has no efficient staff of teachers.

The meeting was then closed and the two divisions of the district closing their year, the vote required to different rooms and proceeded with nomination and election.

For Alix there were two candidates, the retiring trustees, Mr. W. L. Pettit and Mr. H. Edgar, the vote resulting in an overwhelming victory for W. L. - 73 to 8.

There was also an election for Open Valley, Mr. F. M. McIntosh resulting against the retiring trustee, Mr. O. B. Brown. The vote in this case was a close one, but favored Mr. Brown, the result being 9 to 10.

Look To Babine And The Mirror

Hard seasons for three periods, the Alix senior hockey team fought hard to tally against Babine on Monday night at Babine in a Buffalo Lake League fixture, but the breaks were against them and Babine added another win to their list, taking the big win of 3 to 0 to close.

The score, however, did not indicate the play. The teams were very evenly balanced and the debate on either side was evenly played. The game was a rough one, with many fouls and a number of injuries. The Babine team were those to see the breaks didn't come.

Babine tallied twice in the first period, once in the second, while the final score went 3-0.

Alix and Mirror for their first long game with this team at Babine on Monday night and despite the over-time thirty-minute play the game ended a tie 3-3. Possession games were played for the first time, allowing their everything went.

Mirror scored the first tally in the first end, Alix scoring twice in a tie in the second period and then the game ended 1-1 as the end of regular play.

1. In the over-time both teams continued leaving the tally 3-3 at quitting time. Mirror was again the first to score and after the extra played fifteen minutes, a high shot by Henry Price from the blue line did the trick.

Three two teams must go Alix lost much Monday night and the it will be a real game, don't miss it.

The Alix senior hockey team won over Babine on last Tuesday night on Alix by a score of 3 to 0.

The dance on Friday night of last week was well attended and most enjoyable. The next visit of the Roth Orchestra will be on Friday, February the 5th.

"FACTS AND FAIRY TALES" is the name of the 3-act play to be put on shortly by a group of local players. Would you like to find the spell of midsummer moonlight, and the sparkle of a midsummer morning when the birds are singing and everything is gay and bright? There are lots of interesting people to meet. There is a match-making mother, with a host of interesting reminiscences. There is a real fairy book Prince—in plus four. There is a travelling palmer who turns into a philosopher. There is a little girl who hates housekeeping and longs for a true knight,—and discovers romance where she least expects it. Fine on coming to join the fun and watch for dates.

In the report of the standing of the pupils at the Christmas examinations in the Olds Agricultural School, we see the following average made by pupils from Alx district:—First year domestic science, Nancy Wolfenden 60 to 80; Second year domestic science, Mary Semple 60 to 80; Second year Agriculture, Margaret Wolfenden 60 to 80.

JANUARY'S VISITING DATE

H. J. Snell, Night Supervisor, Graduate of Canadian Ophthalmic College, will pay his next visit to Alx on Friday, January 22nd, at the Nelson Hotel.

On the front page of this issue will be found the advertisement of a free picture to be exhibited in Legion Hall Alx, on the last Saturday of this month in the afternoon.

Backing up to the Red and White store on Wednesday morning the Dutch truck crashed into one of the plate glass windows, smashing it to bits.

On Tuesday Mr. J. R. Mackin shipped a car of cattle to Vancouver and on Thursday he sent out 90 hogs to the same market for which he paid 34c for bacon.

On Tuesday night of this week a rink of Alx curlers: G. E. Lissack (skip), R. Whitfield, J. Sweet, J. Bruthout, motored to Erskine and played a rink in that town shipped by A. Scotland. The Alx team brought home the bacon, having won by a 17 to 6 score. On Wednesday night a Stettler rink went up against the Foster team of Alx and again our boys were victorious, taking the visitors into camp by a 11 to 7 tally.

Mr. J. Loughbridge returned to Leduc on Wednesday after a month's visit among Alx friends.

A meeting was held the
forepart of this week with
the object of forming an as-
sociation to promote athletic
the initial movement being
for the establishing of an
inside arena for boxing, wrest-
ling, and all physical exercises.
The association was formed
with Mr. J. P. Macle as the
president, Mr. W. Findlater
as secretary and Mr. J. W.
Simons the instructor.

A meeting will be held on

of this opportunity.

Two Wins Straight For Alix

On Thursday night of last week
Alix seniors played their first
shot out game of the season in a
Buffalo Lake League game on
Alix for against Delburne.

Excellent combination plays,
stirring defense and stellar goal-
keeping accounted for the abso-

lutely.

The scoring data was as follows:

1st goal D. Wilson on corner from

2nd " D. Wilson on solo run.

3rd " E. Sears on break - head

shot from close in.

4th " E. Price centered by H.

5th " Ray Wilson centered by

H. Price.

Alix seniors added another win

on Monday night last, to their

list, taking Mirror into camp by a

4-2 score; and thereby obtained

second place in the Buffalo Lake

League.

Play started fast at the open-

ing bell. Combination plays

frustrated through out and in the

first period D. Wilson scored on

a pass from L. Paine.

In the second period H. Price

scored a solo goal shot from the

blue line. Mirror then got

their first goal, but our boys re-

sponded shortly after. H. Price

scoring again on a solo run.

In third period play was fairly

fast. Mirror taking again. Ray

and Harry then went down on a

beautiful combination play, to

score again for Alix; Harry o-

scoring, Ray got the goal.

Not tonight folks, Alix plays

Mirror two games next week,

at Mirror on Monday; at Alix on

Thursday. The games will

sure be worth seeing!

The thermometer dropped to

around the zero mark on

Tuesday but is again on the

rise and the days are bright and

the sun warm.

Mrs. T. M. Wilson entertain-

ed at bridge in her home last

Tuesday night. There were eight

table and everyone had a most enjoyable

time, not only at play but also at the

delicious luncheon.

Bert Takes Over Garage

We understand that the
Alix garage business here-to-
fore run by McTaggart Mot-
ors of Stettler, has been pur-
chased by the manager, A.
E. Hollings. This will be a
popular change as Bert has
many friends who will be
glad to know that he has
taken the step. We thought
for him a share of the pa-
tronage.

Alix is indeed fortunate in
having two garages up to-
date in every particular and
operated by men who extend
every courtesy to the public.

No one knows the bitter pain
No one knows the sorrow we feel you,
But we are sad to see that you,
But we are sad to see that you,
But we are sad to see that you,
But we are sad to see that you,

In our hearts your memory
dwells tenderly, fond and true,
There is not a day, dear ones,
That we do not think of you,
The more we love, the more we miss you,
And only those who have lost you can tell

Alix Village Annual Meeting

The meeting of the ratepayers of Alix held on Monday evening last in the council chamber was not very well attended.

A number of questions were asked with reference to the financial statement which were answered satisfactorily by the secretary.

A letter from the commission stated that the matter of a reduction of service charge on electric light was receiving consideration.

The account for lighting streets was given a rebate of \$3.00 owing to the fact that they were out for three nights.

There was no one to oppose Councilor Woolgar, whose term had expired, and he was re-elected to the board. Several accounts were read and passed.

Interesting Meeting Saturday

Mr. J. Pettinger, field man for the Alberta Wheat Pool, will give an address on the conditions of the Pool at the Alix U. F. A. meeting in the creamery hall tomorrow afternoon, Saturday, February 6th. Mr. J. W. May, the district delegate, will also speak to the meeting. All are cordially welcome.

Rel. Advanced To Saturday

Owing to weather adverse conditions, the meeting of the Alix Athletic Club to be held on Tuesday last was postponed until Saturday, Feb. 6th, in the Town Hall at 7:30 o'clock. Everybody come and let's get going.

Don't grieve over a bad beginning, devote your efforts to making a good ending.

Show Your Intelligence

Newspapers are not going into discard.

The new talking picture advertising on the screen isn't going to replace the newspaper advertising in any great extent, if say.

Radio advertising isn't going to grow and grow while newspaper advertising shrinks and shrinks.

Campaign organs and handbills of various kinds are not going to replace the newspaper for advertising and for forming an intelligent public opinion.

The radio, the motion picture screen and personal organs are not going to thrive at the expense of the newspaper.

All these things have their value and can fill that place and deliver their value without supplanting or crippling the newspaper.

One reason for the newspaper's holding its position and advancing it from time to time is because the newspaper fills a need and the second reason is because the newspaper editors and publishers have grown with their job.

A newspaper is a medium which must be intelligently used to be effective, and the more intelligent its use the more its effectiveness increases. And intelligence is just another word for common sense. Truly trouble with failing to define intelligence is because some think smart, alchism, trickiness and something other than direct, honest and properly directed advertising is an exhibition of intelligence.

To night! To-night! Friday, February 5th is the Legion Hall, Alia, a three act comedy "Facts and Fairy Tales" will be presented by an all local cast. Don't miss it. You will have a good laugh and spend a most enjoyable evening.

Rebekahs entertained at bridge Friday night of last week. There were eight tables and everyone reports a very enjoyable time. The prizes went to Mrs. J. Chief and W. Brown.

Messrs. Powers and Patrician, Auditors, of Edmonton, were in town over the week end and auditing the M. D. books for 1921. The statement is now in the hands of the printer and will be mailed to the newspapers within the next few days.

Miss Fairman of Fort Saskatchewan is a guest at the home of Mr. and Mrs. W. D. Clarke

PHARMACY'S VISITING DAYS

H. J. Soell, Special Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alia on Friday, February 10th, at the Nelson Hotel.

Mr. W. L. Porter went on Tuesday to the secretaries convention at Calgary, he returns home tomorrow.

Dr. Chown wishes to announce that he has resumed his practice at Murro after spending some time in Post Graduate work on Women's and Children's Diseases in the East.—Advt.

Mr. F. Cook of the Department of Public Works will give a moving picture program on Thursday evening, 11th of February, at Alia, featuring the work on public health, carried on by the Province. The program will be of interest to all. Watch for further announcement.

The electric regulator is once again on the hammer, our street lights being on all day and off most of the night.

From the Edmonton Journal we note that Mr. and Mrs. M. E. Gillis were in the city over the week end.

"Beb" Thompson from near Joffre spent a couple of days this week among his many old Alia friends.

Stock shipments were made this week by Mr. J. R. Macchie as follows: On Tuesday he sent 187 lambs to the Toronto market for which he paid \$2, and on Thursday he shipped 90 hogs to Montreal, paying therefor \$3c on the basis of bacon.

The financial statements of Lamerston M. Co. are being mailed out the forepart of next week which will give ample time for a thorough study before the annual meeting which has been set for Saturday, February 20th. There are three conditions up for re-election this year: Division 2, A. C. Witt; Division 3, E. C. Sherburne; Division 4, L. V. Carter. It is rumored that at least one Division will be contested.

A pleasant time was spent at the home of Mr. and Mrs. R. Whitfield on Wednesday evening when a number of friends assembled to help their son George celebrate his birthday. The party played bridge and Mrs. Whitfield served a dainty lunch.

Paul Strick of Neria is the coal business. Read his advertisement on the front page.

We understand that arrangements are under way for making a winter carnival at the Alia rink in the very near future, with a ladies hockey team as one of the attractions. Watch for further announcement.

There was a good attendance at the illustrating lecture given on Saturday last by the representative of "Imperial Brand Fertilizer" and our farmers received some very valuable hints as to the upkeep of their soil. Mr. E. Whitfield is the Alia agent for this product.

Mr. R. Jennings has opened a machinery exchange department to his business which should prove of wonderful benefit to the farmers. If you have a machine you wish to sell list it with him or tell him what you want and he will get it.

STAY WITH THE WHEAT POOL

In contemplating the delivery of wheat to Pool elevators in the prairie provinces, The Northwestern Miller, never very friendly to the Pool movement, says: "There is reason to believe that all three Pools have up to the present enjoyed the same quota of grain loadings in the country. Each elevator has a line of short crops and heavy country loading hampers the loading of the western farmer to the pool elevators than he has built up."

The tendency of farmers considered by the grain growers to the west, among various pools at first, is to support the one that pays the highest price.

Western Economist Suggests Canada Abandon Gold Standard In Conformity With Britain

Wheat Market For Canada

Value Of British Wheat Quota Plan Is Questioned

Final judgment on the value to Canada of a British wheat quota system will be made in the near future.

Acceptance by Canada of the need of giving full value to the currency of Great Britain, is suggested by Dr. W. W. Swanson, professor of economics at the University of Saskatchewan, as a possible means of contributing toward alleviation of prevailing conditions in the British Isles.

analysis may have some merit as to its possible benefits. Canada averages an annual export of wheat greater than Britain's total annual importations. That if Canada, under the quota were to obtain all of Britain's importations of wheat (a not very logical assumption) we would still have to find a substantial

These three markets we would find lesser competition from the Argentine, American and other wheat exporters from Britain. What net benefit would there be for us in that situation?

There is another consideration. A British wheat quota might lead to increase the offerings in Britain of Australian and other Empire wheats and

these other foreign countries. As the price of wheat is largely governed by the volume of offerings in relation to the demand we stand to gain but little from any action that might increase production elsewhere.

Canadian wheat will always find a ready market so long as its quality is maintained at present levels. It will continue to meet this demand.

The final meeting of the 1931 council of Lamerton Mountain council will be held tomorrow (Saturday) afternoon in the secretary's office at Alix.

A meeting of the Alix Athletic Club was held in the town hall on Saturday last and was very well attended. The club set Tuesday night of next week, February 16th, as the opening night. On this night there will be some exercises and two or three exhibition bouts in boxing. The ladies are especially invited to be there. Remember the date, February 16th, upstairs in the town hall, Alix, at 8 15 p. m. The inauguration of this club, having for its object the physical development of our boys and young men is a boon to Alix and well worthy of your patronage.

Mrs. C. Johnson left on Friday of last week to visit for a few days with Edmonton friends.

The Lad—Aid of Tees are getting up another play. Noted. We know the ability of the players, who have visited Alix in the past. Watch for full particulars in these columns and also for posters.

FEBRUARY'S VISITING DATE

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, February 19th, at the Nelson Hotel.

The I. O. O. F. Grand Lodge and Rebekah Assembly got in session at Calgary on Monday next and Mr. W. L. Pettit will represent the Alix Lodge at the Assembly. Mr. F. A. Straub is to represent the Oddfellows.

Thank You, Bert. On behalf of the Bashaw Senior Hockey Team I wish to thank Bert Holliday for his kindness in allowing the boys to use the down stairs room of his garage for dressing for Monday night's game.—A. Perry, President.

Berg—At Mrs. Magle's Nursing Home, Alix, on the 10th February, to Mrs. Lois Coomes, a son.

Miss Agnes Gibbons of Innisfail is a guest this week at the home of Mr. and Mrs. A. E. Hollings.

The dance which was to have been held tomorrow night (Saturday, February 13th) in the Legion Hall has been postponed for one week, until Saturday, the 20th and again on the 27th. Don't forget these two dates.

The three act comedy "Facts and Fairy Tales" put on by an all local cast on Friday of last week, was well patronized and went over good. Each and every member of the company took their parts perfectly, living up to the reputation established years ago.

A very pleasant evening was spent at the home of Mrs. J. E. Mackie on Tuesday last when she entertained a few of her lady friends at bridge, followed by a dainty luncheon. Mrs. A. E. Henry was the prize winner and Mrs. A. E. Mackie was awarded the consolation.

Mrs. W. L. Pettit D.D.P. visited Erickson Rebekah Lodge on Thursday night for the purpose of installing the officers. She was accompanied by the district secretary, Mrs. S. C. Andrews.

The lecture by Mr. F. Cook on the United Church, Alix, last night was not so well attended as it should have been, but those present enjoyed the speakers address and the pictures of the Public Health work being carried on by the Province. A silver collection was taken to aid the work.

Moved by Westburn and carried that the bid of the Green Lumber Co. of \$20.35 per thousand feet on current material be sustained in its letter of February 13th be accepted. A letter from the Mirror Co. solicited School District No. 31 was read in part to a proposal of Mr. A. E. Wright to purchase Block Y, Plan 2000 A. E. a subdivision of the agreement, to break at least 40 acres each year hereafter for a least 100 acres be sold. No interest or taxes in 1931 but thereafter taxes would be paid and a would pay 6 percent per annum on the unpaid balance. Commencing 1932 and each year thereafter he would pay over to the vendor or one third of the crop grown on the land to apply on the purchase price, the agreement to be in law form of an option to purchase. Motion on an agreement for a sale after payment of the \$400 initial payment and the first crop were both carried. After discussion of this proposal it was moved by Westburn that the offer be sent forth to approved and the Department of Municipal Affairs and Health be notified of our approval. Carried. Moved by Ouster and carried that a grant of \$10.00 be made to the City School Board, toward their 1931 bill. A letter from the Superintendent of the C.P.R. at Edmonton was read stating that they were applying to the Board of Railway Commissioners for authority to operate their Agent from Westburn by Westburn that a grant be made to the Board of Railway Commissioners against the payment of the C.P.R. road at Free. Ouster, owner of the balance of the material for the sum of \$10.00. Carried. Dr. Warren came to the Council and a plan whereby the cost of medical care to the people of the Municipality could be very much reduced, and also more evenly distributed. His plan: That he should see his patients at charge in full. 1. Ordinary office consultations \$1.00 instead of \$2.00 2. Ordinary house visits \$1.00 instead of \$2.00 3. Minor surgery \$10.00 to \$20.00 or at times of birth and a small fee. No charge connected with the case for the two trips 4. Other professional fees one-half (1/2) the present rates. 5. Billings to the people 25c per visit, no fee. (Operations at hospital not considered at present but can be if desired.) To make this possible in absolute revenue from the council: 1—\$75 per month. 2—18c a mile on each road only 3—All accounts not paid at the end of 6 months to be considered delinquent, the doctor to receive 75% of their fee value at same time sending or giving account to the agent for collection for the Municipality. (Example of how the new plan would affect the people) Ouster—Medical attention needed 15 miles in the country. At present rate of charges 15 miles at 90c per mile \$13.50 One house visit 2.00 One bill by doctor process \$14.50 Under new plan 15 miles at 25c per mile \$3.75 One house visit 1.00 One bill by doctor more than \$4 to 50 cents per mile. Published for the Proprietor, The Calgary Free Press, Ltd., by The Calgary Free Press, Ltd., 1000, 10th St. N. W., Calgary, Alberta.

Tuesday of next week is the first of March.

At the election of officers for the Rebekah Assembly, held in Calgary last week, Mrs. W. L. Pettit was elected as one of the Grand Assembly officers. This is an honor to our town and we congratulate Mrs. Pettit.

After spending the past two months visiting with Calgary friends, Mrs. D. Shulley returned home on Friday of last week.

Mrs. E. M. L. Parby returned on Friday of last week from a couple of weeks' visit at the home of her daughter in Calgary.

MARCH VISITING DAYS

A. J. Seel, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, March 17th, at the Nelson Hotel.

We are sorry to learn that Mr. S. Craibb was on Sunday taken to the Red Deer hospital where he underwent an operation for some internal trouble.

Mr. R. W. Field was a business visitor at Calgary and Crossfield from Thursday until Monday last.

Our old friend, Mr. H. Paulson of Veterans, on his way to Banbury, was shaking hands with his many old Alix friends on Tuesday. Harry looks well and says that while the east country is not making him much dough during the hard times, still he has managed to keep above board and get three meals a day.

The junior hockey boys played at Mirror on Monday night and took a real trimming, something like 9 to 1.

Mr. W. L. Pettit had on display in his morning last Wednesday a beautiful pony gift from the ladies of his garden.

Saturday night dances in Alix are proving popular if we may judge by the attendance at the last one. Evidently the music meets with the approbation of the young people, also the price, two bits. The next Saturday night frolic is March the 5th.

We are pleased to report Bert Hallings back at his garage after a couple of weeks' sickness.

An Alix risk, D. Stewart, A. B. Stewart, J. Docherty and F. A. Straub, have been visiting Scatter such day this week since Tuesday, taking part in the hospital. They are having the usual luck, winning some games and losing some.

Alix Lodge L. O. O. F. are anticipating an enjoyable evening on Wednesday of next week when a number of the Lacombe Odd Fellows have accepted an invitation to come out and confer degrees.

Control Tuesday, March 1st

Weather favorable for the carnival arranged by the W. L. will be staged at the Alix rink on Tuesday night of next week, March 1st.

Prizes will be given for comic and fancy dress, from children six years and under (boys and girls) all the way to adults (men and women). All contestants must be in dates with the exception of children under six and they can not themselves. For attractions there will be raffle, Indian hockey game, costume parade and the management is endeavoring to arrange a mammoth dance. Refreshments obtainable at the rink. Adults 10c, children 10c.

BREK R. E. LEBSON

City and Provincial police have been called by relatives to locate Ralph E. Leeson who was last heard of several months ago working out of Drumheller. Anyone knowing his whereabouts is asked to communicate with W. E. Leeson, 1233 7th Avenue West, Calgary.

Fire destroyed the House Harold on Saturday night last, completely ruining the fine plant. The loss is estimated at \$10,000.

The current economic depression, and the resultant financial stringency, which the order of these two conditions should be reversed,—have led to the advancement of many suggestions and ideas having to their object the relief of economic distress in national, provincial and municipal spheres of government and administration. Unquestionably people generally are now apt to feel that when the entire consideration is these matters we

The regular monthly meeting of the village council will be held next Monday evening at 8 p. m.

Born—Near Chive on February 25th, to Mr. and Mrs. Harry Kbert, a son.

Adames W. J. Warren and S. C. Andrews were Lacombe visitors from Friday until Sunday.

On February 26th, R. Gawnick, north-east of town, shot a crow which carried leg bands numbered 452477 and 452031. The bird had been released from Washington, D. C.

Tonight (Friday, March 4th) the Town Dramatic Society are putting on the three-act comedy "The Third Floor Front" in their own hall at Toss. Don't fail to see it and have an enjoyable evening.

MARCH VISITING DATE

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alix on Friday, March 17th, at the Nelson Hotel.

We clo the following from an English paper, which refers to the wife of an old Alix resident: "Died—At Deane, Nairn, on 1st February, 1932, Florence P. Thomas, beloved wife of Alexander Mather, Haverhill, Hoxsey, London. (Funeral private)." Alix old timers will join with us in extending sympathy to our old friend.

Mr. and Mrs. A. F. Linack went to Stettler last Monday where they will visit with friends for a couple of weeks.

Don't miss the Saturday night dance in the Legion Hall, Alix, tomorrow, March 5th. Music by that popular orchestra "The Albertans."

We are pleased to see Mr. S. Cruikshank again on the job after a week in the Red Deer hospital. He returned on Sunday last.

A pleasant afternoon was spent at the home of Mr. T. Witton on Thursday when she entertained a number of her lady friends at Auction bridge.

The Flag Pole Hill Junior U. F. A. will hold their annual concert and dance in the Hayman hall on Friday, March 11th; beginning at 8.30 p. m. Admission, adults 35c; school children up to 15 years, 15c.

A pleasant evening was spent at the Fred McGoogin home south of town on Friday of last week when on invitation a large crowd partook of their hospitality in dancing. The midnight lullaby was one of the enjoyable portions of the evening.

February decided to kick backwards at its exit. Snow fell pretty much all day and March was ushered in with the thermometer slightly below the zero mark.

One of the season's big pictures is coming to Alix on Wednesday of next week "Hell's Angels." Don't miss it.

Bob and Dora Thompson left on Monday for their home in the Fawcett district.

We are sorry to learn that Mr. George Malins is on the sick list, under the doctor's care.

Mrs. Brigham, who has spent the past few months at Turwin, arrived back on Monday and has taken up her residence on Kiblick street. Her daughter, Mrs. Frank Dace and babe of Langdon, have come to spend a few weeks with her.

A letter from our old friend Mr. Ed. Bray, who is now in Java, says that he is still confined to the house as the result of his accident in the early part of the winter. His many Alix friends will sympathize with him and trust that spring will see him around again.

Miss Pearl Wilson of Stettler was a visitor in town on Wednesday, a guest of Miss Lou Andrews.

Inspector McLean was a visitor at the Alix school the forepart of this week.

Mrs. S. C. Andrews entertained sixteen ladies (four tables) at auction bridge, and we believe an enjoyable evening resulted. Mrs. W. Petat was winner of the first prize and Mrs. T. Witton the consolation. This happened on Wednesday when the editor was at lodge. Pretty bad when even your oars can put one over on you.

Seventeen members of the Lacombe Odd Fellows lodge paid the Alix fraternity a visit on Wednesday night and conferred degrees on three candidates. At the close of the meeting the local lodge served supper. It was indeed a most enjoyable evening.

Among the songs on George Washington turned in by the pupils of one of the rooms of a nearby school assembly was the following: "George Washington was the father of his country, who fought for freedom all his life, and then went and got married."

There wasn't a large crowd at the picture show on Monday night last but those who took it is thoroughly enjoyed the comic trips over the C. N. R.

Passing of George Ross

A highly respected citizen, Mr. George Ross, died suddenly at his home here on Monday last. He had not been in the best of health for the past few years, but it was only the last few days that he seemed to be going down and preferred to remain in bed the greater part of the time.

The late Mr. Ross was born at Uxbridge, Ontario, on February 20th, 1866, leaving him at the end of a long and useful life, aged 66 years and 14 days. On December 31st, 1887, he married Mary Jane Cunningham, by whom he is survived. They came to Canada in April of 1910 and took up their residence in this which has ever since been their home. He was, up to the retirement of a few years, the manager of the U. S. and G. M. H. as a gas man.

Deceased was a life member of St. Peter's Lodge No. 281 of Uxbridge, Ontario, and a Past Master of Loyal Lodge No. 46 of P. A. M. H. Also, he was a Presbyterian, and had a number of other affiliations.

He leaves to mourn, his wife, two sons David and John both of Uxbridge, Ontario, and three daughters Mrs. B. Leitch and Mrs. W. C. Tatham of Alix, Mrs. J. McElroy of Uxbridge, and thirteen grand-children.

The funeral, which will be held at 11 o'clock (Friday, March 17th) will be under the auspices of the M. U. S. Order, at 3 o'clock from the United Church in Alix. Burial will be in the cemetery here, while the pallbearers will be all members of the Order. Music by J. B. Mackin, M. W. Wilson, M. D. Ward, J. B. Doherty, J. Talmage and J. C. Andrews.

Funeralizing & Son, undertakers of Uxbridge, are in charge.

The March Meeting

The initial meeting of the 1932 Alix Council Board was held last Monday night with all candidates present. C. Woolgar took the oath of office.

Minutes of the February meeting were read and approved, following which the following appointments were made:

Chairman—J. B. Mackin
Secretary—Mr. G. C. Farwell
Salary \$15 per year
Assessor—R. F. S. Johnson
Salary \$15 per year
Auditor—W. L. Finkel \$15
Junior \$10 per year.

The estimates for the year were then presented by the secretary and accepted, among which was provision for laying more walks, extensive repairs to the town hall and a tree planting campaign.

A letter from the Public Utilities Board of Edmonton was read after due consideration of the request for lowering the service charge on electric lights, it was found

J. Smith Killed at Dawson Creek

A wire was received from Dawson Creek, B. C., on Friday of last week carrying the sad news of the death of Joseph Smith, who up to a year ago was a resident of Alix District where he was a friend of everybody.

Joe with a companion were felling trees and cutting logs in the bush near their home-stands on Thursday, March 3rd and a limb from a falling tree struck him in the head knocking him unconscious. He was rushed into Dawson Creek and the doctor summoned from Pouce Coupe, who advised removal to the Pouce Coupe hospital but he passed away en route without regaining consciousness.

Born in Petrolia, Ont., he came west as a young man and spent his time in all the western provinces and for the past few years and up until May of last year, he farmed south of Alix. He was aged 52 years and 4 months.

In addition to a surviving mother in Petrolia he leaves several brothers and sisters, one of whom is Mrs. F. A. Mann of Alix.

The body was brought to Alix and the funeral, under the auspices of Alix Lodge I. O. O. F., of which he was a member, was held from the United Church in Alix cemetery where interment took place. Rev. R. Upton conducting the service. The pallbearers were members of the Order, which he dearly loved: C. C. McDermond O. Sandberg, M. Brown, F. A. Strub, A. B. Blisset and C. Walker.

The beautiful floral tributes were testimony of the sorrow felt at "Little Joe's" sudden passing.

Funeralizing & Son, of Uxbridge were in charge of the funeral.

impossible to grant same.

The secretary was instructed to advise those owning property now under claim that unless some payment is made, same will be advertised for sale.

A few small accounts were named for payment and the meeting adjourned.

Send a check for a check, see the Alix Council Board, Pouce Coupe, B. C., for the full amount.

The initial meeting of the re-elected council for the Municipal District of Lamerton No. 238 will be held on Monday afternoon next, the date set by the Department.

Mr. C. Johnson was a patient at the Lacombe hospital from Saturday until Monday. He had been troubled with pain in the head and went in for an X-ray when a clot of blood was found in the forehead which the doctor removed.

Misses Florence McDonald R.N. and Myrtle Kemp R.N. of Calgary and Miss Margaret Bonis of Red Deer spent the week end at the Bonis home east of town.

Keep in mind the auction sale at the farm of A. A. Jackson 11 miles south-west of Alia on Friday of next week, March 18th.

MARCH VISITING DATE

H. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alia on Friday, March 17th, at the Nelson Hotel.

Mr. A. Scotland of Erskine motored up to Alia on Tuesday and accompanied by Mr. T. Winton left for Calgary returning again on Thursday.

Geo. Mathews returned on Saturday from spending several days with friends in Red Deer.

Mr. John Ross of Nacaimo, B. C. is in town having been summoned to attend the funeral of his father, the late George Ross.

Mr. S. A. Lear left this week for Dryden where he will take over the management of a farm. Mrs. Lear and William will not move for the present.

Among the relatives from a distance who are in Alia to attend the funeral of the late George Ross, are: Mrs. Carr and Mr. J. Aroett of Huxley and Mr. J. Cunningham of Calgary.

Mrs. J. McMilligan of Crossfield arrived in town this week to attend the funeral of her father, the late Mr. Ross.

Presbytery of Three Hills

The Presbytery of Three Hills met in Delburne United Church on Feb. 17. The ladies treated them to a turkey supper at 6 p. m. in the Mow and the men of the town gave the Presbytery a very interesting game of cards.

The choir of the church supplied some excellent music at the public meeting at 8 p. m. when Rev. G. R. Connor of Three Hills gave an enthusiastic address on Religious Education and Rev. W. H. Hibbert presented his interesting address "Weathered Rocks." Rev. Jacob Redinger applied to be received into the United Church and his name was forwarded to the Conference with the Presbytery's endorsement. Although money is scarce, yet the Presbytery raised over \$1,200 for M. & M., a gain over last year of some \$200. A gain of 44 members on probation of faith was reported. Accas also reported that they were self-supporting this year. The Presbytery is preparing to move forward in religious exercises in day schools.

The following were elected on the Settlement Committee for 1933: Rev. W. E. Seiber, Rev. J. C. McLeasney.

A resolution on Refraining restricted attention of Presbytery and the stand of the United Church is in opposition to raising any church funds in this way was heartily endorsed.

Rev. J. C. Mac Leasney occupied the chair, Rev. Dr. Powell, Superintendent of Missions, rendered valuable assistance, while the convocations of committees had their work well in hand.

Things From Town

Thomas A. W. Andley, G. B. Sturgeon, William McMilligan, Douglas McMilligan and John Davis were to leave for the States on this date.

Mr. and Mrs. E. D. McDougall rejoice over the arrival of the North bringing a new 16 pound baby girl. You should not E.D.'s name now. Is he happy? Well we don't know maybe!

Mrs. Leveson of Toronto is visiting at the home of Mr. and Mrs. Goshawski this week.

The census and map which the mail goes out and keeps because it is very handy, the previous census had sent from one to a customer.

Mr. and Mrs. Ross came up from Ft. Dodge, Kansas for a visit with Mr. Ross's mother, Mrs. A. W. Leveson. Mr. Ross is in the employ of the Alia Canadian Railway lines.

On Friday evening March 1st, a large appreciation audience gathered the Eve Dramatic Society in the little theatre of the "Third Floor Front" and all present were led in their praise of the themes of the play and the able manner in which it was presented. The U. F. & L. hall was filled to overflowing in spite of the inclement weather, and there was presented here a number of the best plays ever presented by this organization and it may be just possible to visit again the presented here and there is a popular growing demand for another performance.

At the 25th-anniversary for the "Big 5 League Championship" staged at Stettin last Tuesday night with Red Deer on the opposing team. Stettin won by a 5 to 1 score, thereby winning the championship and the cup for the 1931-32 season. Stettin's majority on the second was one goal, while the first was a 5 to 2.

The next big event is the **Winter Dance** being put on by the Alix local U. F. A. on Monday night next, March 26th, in the Legion Hall, Alix, music for which is being furnished by Morton's 4 piece orchestra. Coupon tickets are being sold and at the supper hour drawings will be made for the 40 (or more) prizes will be given away. Come and have a real time (the price (supper included) is only 50c).

Their Contribution Appreciated

The Alix Curling Club Management wish to extend their appreciation to the Haynes Players for donating their play in the interests of the Association on Wednesday night, March 16th. The presentation was thoroughly enjoyed, each member of the cast taking their part in an excellent manner. They also wish to thank the members of the "Albertans" orchestra who gave their services free. Signed by the Executive.

Shorten By's Cold War Home

In this issue Mr. G. E. Meadows of Ties is offering for sale three of his fine young Shorthorn bulls and we will be glad to learn that these have been purchased by resident stockmen. A few days ago he disposed of two superb yearling bulls to Messrs. Will Ferguson and Earl Barnes, both farmers near Ties.

Make a weekly practice to read the ads.

Birthday Parties

It seems that Birthday Parties are the order of the evenings out around the "Poplar Grove Fox Ranch" district.

An enjoyable one was held at Jim Carroll's house on Feb. 10th and nearly all the neighbors were present. A very tasty lunch was served by the hostess at 12 o'clock to which all did justice and with cards, music and social chat the evening passed pleasantly.

The friendly spirit of all set the ball rolling and on Feb. 18th the same crowd invaded the home of Mr. and Mrs. Iman, it being the latter's birthday. Cards and music were the main objective high score going to the originator of "Angel Food" and "Bachelor's Dream." Delight lunch was served at midnight by the hostesses, Ramsey & Iman. A high old time was had by all and after exchanging of presents and bottle greetings all retired in the way was "ours" the morn.

But the best was yet to come "Triple Birthday Party" on March 22nd at the home of Mr. and Mrs. Ames, three of the crowd's birthdays coming in succession: Mr. 21 Mrs. Iman's; March 22 Mrs. J. Carroll's; March 23 Billy Seely's. You bet it was a good time with cards and music, not forgetting the wonderful luncheon.

Now, don't get jealous because you don't all have a birthday. Celebrate since out of your mind, celebrate.

Good Horses

Horses are coming back, as is evidenced by the increased demand and the resultant raising in price, and the farmers of our district are advised to breed only the best.

We visited the farm of Mr. A. Larkin, south of town, one day recently and were surprised at the fine bunch of Percherons in his corral. He informed us that a team of this breed, which he sold at the Red Deer horse sale on March the 5th, brought the highest figure.

Last November he purchased a pure bred Percheron stallion "Jules" and stock raisers will not go wrong if they use this horse to start a foundation drive. He was champion at both Toronto and Chicago sales.

It is a pleasure which you should avail yourself of, a visit to the Larkin ranch.

Miss Mary Rasmussen came home from the Camrose Normal the latter part of last week and did her practice teaching at Carroll school this week. She returns to her studies after Easter holidays.

Mr. H. Hodgkins from near Ponson, came down to the old stamping grounds at Aliz the latter part of last week to look after his several properties here and have a shake with his many old friends. Harry says it isn't the lack of mate that has loosened his waist band, but simply of age. However, he looks fine.

Donald, the little son of Mr. and Mrs. E.A. McKinnon of the Lacombe hospital on Saturday last.

Gordon Brown, trouble shooter and motor reader in this district for the Calgary Power Company, has been transferred to Camrose and will leave for that town the first of next month. His work here will be taken over by the Lacombe office.

Miss Ella M. Laren of Edmonton, Normalia, has been a visitor among her many Aliz district friends and did her practice teaching at the Hocking school.

The Robbick ladies had seven tables at their bridge party on Tuesday night and an enjoyable time to spend by all. The prize winners for the night were Mrs. E. Peers and W. Patrick, while B. E. Todd was awarded consolation.

Mr. and Mrs. J. Stewart of Lloydminster were guests a couple of days this week at the home of the lady's brother or, Mr. J. G. West.

School closed on Thursday for the Easter holidays, to re-open on Monday, April 4th. The time table for the midsummer Departmental exams has been received and from now until June things will be at the academy.

Mrs. H. L. Wood and daughter of Calgary are spending the Easter holidays at the home of her sister, Mrs. C. Woolger.

Listen for the wedding bells. They will be ringing out with a north of town.

Mr. T. T. T. and two children of Trochu were guests this week at the home of Mr. and Mrs. C. T. Brown.

Mr. J. R. Mackie shipped eggs on Thursday for which he paid \$3.30 income tax, a 5c raise over last week.

Misses W. A. Edgar and E. A. Green start Friday on their journey to England where they will visit their home. We are indeed sorry to see them leave but trust they will have a pleasant journey and find the change in every way profitable.

Many-Pair Hospitals

A pretty wedding was solemnized at 1 p. m. on Wednesday, March 30th, at the home of Mr. and Mrs. F. A. Mann, east of town, when their eldest daughter, Audrey Alberta, became the bride of Mr. George Part of Erskine. Rev. R. Upson performing the ceremony.

The bride who was given away by her father, looked charming in white georgette silk and carried roses. While the bride, Miss Alberta Mann, sister of the bride, was gowned in figured chiffon and carried carnations. The groom was supported by his brother, Mr. Arthur Parr.

The ceremony concluded the wedding party, including some twenty guests sat down about 1:30 in a sumptuous dinner, the table, as well as house decorations, carrying the same red and white decorative effect.

The happy couple left for a short honeymoon at Calgary, the bride's traveling coat being of sand color, fur trimmed and hat to match.

On their return, Mr. and Mrs. Parr will reside on the groom's Erskine farm. We join in wishing this popular young couple all happiness.

Celebrate 40th Anniversary

The fortieth anniversary of the settlement of Lacombe and district will be observed by special services in St. Andrew's United Church at Lacombe on Sunday, April 3rd. Early settlers, charter members of this United Church, will tell the story of the early days at 11 a. m. Rev. F. W. Loch, pioneer missionary before the railroad was built, will speak at 7:30 p. m. There will be appropriate music.

On Monday, April 4th, as old timers reunion will take place at a supper in the church hall (price 35c). Stories of the early trials, homesteading, ranching and railroad building will be told by old-timers. A musical program will be given and an hour of social fellowship will enable the old friends to meet again.

Edmonton, March 22nd—

Mr. William Lovett and his sister, Mrs. H. Nash, desire to thank the many kind friends at the Alix who assisted and cared for Mr. Lovett in his recent illness.

In The Social Circle

A very pleasing event in the Alix district was the shower at the home of Mrs. A. F. Barrett on Monday afternoon for Miss Audrey Mann. The bride-to-be was recipient of many useful and beautiful gifts and oodles of good wishes.

On Saturday night last Mrs. P. C. Toepfer entertained in honor of her visitors, her father and sister. Auction bridge was the entertainment. —Mrs. R. L. Toepfer and her sister were the prize winners. A dainty midnight lunch closed a pleasant.

Mrs. A. E. Hollings entertained at auction bridge on Wednesday night and it was indeed most enjoyable. There were seven tables, the prize winners being Mrs. Todd and W. J. Brown. A dainty luncheon was served by the hostess who was assisted by Mrs. A. Thack.

Bill Gets The Top Grade

Recently Mr. W. Frouse shipped a car of No. 1 Northern Edward wheat, no damage, to Vancouver. As far as we can learn this is the only No. 1 wheat shipped out of our district this year, but we have marketed lots that went a strong two.

W. F. A. Dance Went Over Big

From far and near the people gathered in Alix on Monday night to patronize the dance put on by the W. F. A. and to say that the evening went over big is putting it mild. There was one of the largest crowds the Legion hall has ever accommodated, the music was all that could be wished and the midnight supper was ample. The large number of prizes (chickens, roasts, sheep, corn, wood, fruit, dishes, etc.) were pretty well scattered some of them going as far as Edmonton, while the beautiful centre piece was drawn by Mrs. Borrell.

To furnish amusement for those who did not dance, the O. O. F. hall had been rented for bridge which run till midnight. Mrs. F. J. Setters being the prize winner.

The organization is to be congratulated on the success which attended their efforts.

March lived up the old way of coming in the snow and departing like a hawk.

Mrs. Patrick of Lacombe has been spending the past week at the home of her son, Mr. W. G. Patrick.

The summer time-table came into force at the Alix school last Monday, the opening hour being at 9 a. m. instead of 9.30.

On Friday of last week Mrs. C. Sarnson entertained a few of her lady friends at bridge. A pleasant afternoon was spent and a dainty luncheon was served by the hostess. Mrs. Jennings won the prize and Mrs. Topsberg the consolation.

The annual meeting of the Alix Curling and Skating Association will be held in the rink on Monday evening, April 25th, at 8.30 p. m.

J. R. Machie shipped 89 hogs to Edmonton last week for which he paid but 5c on a bacon basis, the lowest price in history.

After having spent the winter in town, Mr. Maxwell Smith and children have moved back to the farm. Mrs. Dore and child, who have also moved to the farm north of town after a winter's sojourn in town.

The farmers in every direction are busy on the land and reports are that the moisture content is away ahead of the previous years.

Mr. and Mrs. E. T. Hunter, Misses Evelyn and Meta and Stanley of Lacombe were Sunday visitors of Alix friends.

APRIL VISITING DATES

Let us once more remind you of the big play of Stettler on Monday and Tuesday of next week, April 16th and 17th. A two-act musical comedy, also dances, drills, etc.; put on by the Alix's band. Don't miss it. Nights at 8.15 p. m. and Monday afternoon at 4.15.

The threshers have been busy this week threshing the green feed left over on the farms of several of our neighboring farmers.

The Todd truck, in charge of Norman Todd and Jack Grief, left on Thursday to join the travelling gang on the Stettler-Castor highway.

Mrs. C. M. Yarwood returned on Tuesday from a week's visit with Edmonton friends.

Mrs. A. A. Lear and son William left on Wednesday to join Mr. Lear at Daryland where they will make their home. We regret to lose this family from our midst but trust they will find prosperity at their new place of abode.

Odd Fellows from all lodges of District No. 20 attended the District Meeting in Alix on Wednesday night, there being in all around sixty in attendance and it proved a most enjoyable and instructive gathering. The guests of honor were Bro. J. Allison of Granum, Grand Master of the Grand Lodge of Alberta; Bro. Wilson of Edmonton, Grand Scribe of the Grand Council; Bro. Todd of Lacombe, D. D. G. M.; Bro. An April Wedding

A quiet wedding took place at Lacombe on Thursday of last week, April 14th, when two young people of the Alx district were joined in wedlock, the contracting parties being Ella, daughter of Mr. and Mrs. A. H. Davender, and Richard Waddy. The ceremony was performed by Rev. Layton of the United Church.

Following the wedding the couple drove to home of the bride where the supper was served, a goodly number of friends gathering to welcome them. Mr. and Mrs. Waddy have taken up residence on the Reynolds farm near Stanton School. We join in extending congratulations.

On Tuesday evening a surprise was sprung on the newly-weds when some 40 to 50 of their friends stormed their home and spent a few hours in dancing and having luncheon.

Getting Ready To Go

Mr. R. L. McManus of the Department of Public Works was in town on Monday in connection with the employment of local labor on road work relief. The matter of immediate attention is the grading of the end of the new north and south highway which will begin as soon as the grading is completed and the south graveling is finished, which will be about the middle of May. The crusher will be moved to the pit south of town where the gravel will be hauled to finish the job.

H. H. Mann The Ace

A special session of the Lacombe M. D. council was held last Saturday night to consider the employment of an examiner to replace Mr. J. Cairns, who had handed in his resignation. The applications of H. H. Mann, F. A. Straub and Gen. McTaggart were before the meeting and after careful consideration Mr. Mann was hired for the work at a salary of \$1100.00 and he is already at the job. Mr. Cairns, you may rest assured for his any day.

Bill says—"Walloo how do you get all we want a lot of us get all we deserve."

"Yes, I'll say a thank you, Mr. Cairns, when called if he would attend a trial drive. I don't know anything about what, but I shall enjoy the drive."

Timely Warning To Prospectors

The onset of a big mining rush into the Great Bear Lake and other mineral areas of the Northwest Territories has prompted the minister of the interior at Ottawa to issue a warning to prospectors against entering the country without ample backing and supplies. He also urges all parties going into the field to call at the department of interior offices at Edmonton or Fort Smith in order to receive copies of the latest mining regulations and other information necessary for the guidance of those going into remote districts.

Enlarging His Business

Having taken over the building on the east side of Main street, formerly used as a restaurant, Mr. H. Edger will move his Cock-butt agency there around the first of next month, and in addition will add a line of general hardware, harness, etc. He intends putting in a fair stock to start and will add as fast as possible. Watch for his announcement in next week's issue.

Maskadee News

A huge crowd attended the masquerade dance in the school house on Friday, 8th April. Some of the Town crowd were positive the orchestra, Messrs. Colbrook and Lawson, would not arrive back from Calgary, where they were spending the week but around ten o'clock they arrived by car and the laugh was on Tom.

Mr. and Mrs. W. Ferguson visited friends at Lacombe on Saturday.

A number of young people motored to Town on Friday last to the dance but owing to there being a dance at Clive with Bone's orchestra in attendance, the Town dance was a flop. Tom cannot expect to compete with Clive with a five dollar Haynes or Lacombe orchestra.

Fair Maid—Oh, sir, what kind of an officer are you?
Officer—I'm a naval surgeon.
Fair Maid—Goodness, how you doctors speculate.

"What did you learn at Sunday School today, dear?"
"The Lord is my chauffeur I shall not walk."

A treat is in store for our people on Thursday night of next week, May 5th, when Rev. A. A. Lytle will take you on a trip "Girding The World" in picture and lecture. No-such Officers

The annual meeting of the Alix Curling and Skating Association was held at the rink on Monday evening last, but there was not so large a turn out as there should have been. The financial statement showed the Association to be in good shape. Officers for the coming year will, by unanimous choice, be the same as the previous year.

Mr. Fair Will Address W. L.

Former Alix Girl Weds At Farnett

A wedding which is of interest to a large number of Alix people, took place at the home of Mrs. Isabelle Mitchell of Farnett on Wednesday April 28th, when her only daughter, Anabelle Irwin, was united in marriage to Mr. Elton Ostland and the young couple have taken up residence on the grove's farm near Farnett. The bride spent the greater portion of her girlhood days in and around Alix and her many friends will join with us in wishing Mr. and Mrs. Ostland all happiness.

Almost 3 inches Rain in 10 Days

April is about ended and it has been a peculiar month for Alix. It is in a good many years since we have seen the remnants of so much moisture so early in the season, but what a blessing. The first half of the month was mostly bright and warm but starting on the night of Saturday, the 16th, and until Wednesday night last we have had enough rain to soak the ground thoroughly, the precipitation for the ten day being 2.66 inches. True, the roads have been put in a terrible condition, what of the fields awaiting the seed? Sloughs that have been dry for years are filled and the water in our fields has risen considerably.

Lecombe Publishers Reminded For Trial On Libel Charge

Lecombe, April 26—Magistrate H. W. Scott yesterday remanded for trial the publishers of the Western Globe of this place on a charge of defamatory libel laid by J. J. Maloney, of Edmonton and Calgary. The action was based on an article recently published in the Globe attacking Mr. Maloney.

Defense was conducted by J. A. McCormick of Lecombe and J. W. O'Brien of Ponoka, no evidence being offered at the preliminary hearing. Mr. Maloney and his agent, Mr. McGuinness, were on the stand for the prosecution and subjected to lengthy cross-examination, interrupted at times by the Hon. Mr. Maloney.

A large percentage of our citizens have been suffering from the flu during the past couple of weeks.

B. G. Anderson, Editor and Prop.

Have you planted a tree this spring?
Monday night, May 2nd, the council will hold its regular monthly meeting at 8 p. m. in the village hall, at the same time, sitting as a Court of Revision, they will adjust any complaints which may come before them in regard to the 1935 assessment.

A pleasant time was spent by a number of our young people at the home of Mrs. G. O. Tooper last Saturday night when they gave a shower to Miss Ethel Todd, before to be. The gifts were both numerous and useful, while everyone had a good time with games, music, etc.

Born—In the Big Bend district on April 22nd, to Mr. and Mrs. E. Wilton, a daughter.

MAY VISITING DATE
R. J. Snell, Sight Specialist, Graduate of Canadian Ophthalmic College, will pay his next visit to Alx on Friday, May 20 h, at the Nelson Hotel.

Gus Lehmann of Camrose is spending a couple of weeks with his aunt, Mrs. Gassnick.

Word comes from Carstairs that Mrs. G. A. Lissen, who underwent a serious operation at a Calgary hospital last week, is rapidly recovering.

Rumor says that we are to have a wedding in Alx next week.

One of the large Dorch trucks made a man of the highway, four miles west of town, one day last week when it skidded almost off the grade and stuck. It took a bunch of men with a tractor the best part of two days to start it on its way again, and so we said before, the highway was in a badly torn up state as a result. The question is who pays for fixing the road? The people, of course.

K. Roy McLean, Optometrist and Sight Specialist, of Calgary, wishes to announce a visit to Alx, at the Happy Valley Hotel, on Thursday, May 5th. Those desiring optical attention and former patients please note.

Our streets have been put in as good a condition as possible, B. E. Todd on Wednesday putting the grader over them something out of the ruts left as a result of the recent heavy rains.

Born—At Calgary on Tuesday, April 26th, to Mr. and Mrs. A. Sherit, a son.

HOW MANY SUPER-TEST COINS

\$3000.00
GOODYEAR
PRIZE CONTEST

Here is a contest in which you have a chance to win \$1,000.00 or any one of 100 other prizes, without spending a cent of money.
Simply take a look at the old Goodyear Tire, which we have in a special display. There are three sets of various sizes, types and ply-thicknesses. Estimate the number of individual cords in each, find the total, and divide by six to get an average.
Submit the figure you get on a standard entry form. There is nothing for you to buy, nothing to pay.
A section of Goodyear Super-Test Card material is on display

to help you make your estimate.
The exact number of cords in each of the Goodyear Tires has been inscribed with a Trust Company. At the close of the contest the correct figures will be disclosed. The average of the numbers obtained by the official count must be accepted as final.
Anyone from a family where a car is owned is eligible to enter the contest—except tire dealers, rubber company employees and the families of each.
Closing date: June 5th, 1932.
Address: "The Goodyear Super-Test Card Contest," New Toronto, Toronto 14, Ontario.

On Saturday night the car belonging to Mr. C. Rouse slipped into the basin around the drainage well on Main street and became mired. Mr. Rouse coming to the rescue with his truck, landed in the same spot. A team was required to release the car but it took four hours to retrieve the truck. Is all our experience this is the first time we ever remember seeing a car stuck on the Alx Main street.

Mrs. P. C. Tooper returned from Edmonton a few days ago and she informs us that her father, Mr. Scott, had so far recovered from his serious illness that he was returning home from the hospital this week.

By proclamation, Monday next, May 2nd "Arbor Day" has been declared a holiday in this Province for the purpose of tree planting.

In conversation with the president of the Alx Agricultural Society, he informed us that the society has every intention of holding a fair this year and that as soon as appling is finished it is the intention to call a meeting and devise ways and means of putting it over. drastic changes in the price list will have to be made to offset the conclusion of the Government grant.

Dove comforters to be covered or wool comforters made or re-covered. Prices reasonable.
—Mrs. E. T. Hester, Lacombe.

Don't forget to plant a few trees on May the 2nd.

A pleasant evening was spent in the Odeon Picture hall last Tuesday when the Bunkies had on their guest Miss Ethel Todd to whom they presented a half dozen silver spoons and then individually showered her with many gifts which will prove to her that she is not only a matron but a queen. The evening was then spent at bridge, Mrs. R. Burns and W. J. Brown winning the prize, after which a lunch was served.

On Saturday last little Jennie Whitfield exhibited a nerve that few grown-ups would have shown. The team belonging to Mr. G. Jim grabbed the lead end of the wagon, climbed aboard and pulled up the team, thus preventing what might have been a serious accident as one of Mr. Rogers' little children was in the rig.

Mr. A. Longbridge is busy planting the 200 Russian Poplar shade trees being put on our streets by the village. He has half of them already in. This is money well spent and we urge every citizen to see that proper care is taken to preserve them.

Are We To Have A Fair?

To settle this matter (and we trust it will be a decision to go ahead) a meeting of the directors of the Alix Agricultural Society will be held tomorrow (Saturday) night at the lumber yard office. Now listen, Mr. Director, we want you to be there at 8:30 sharp. Let nothing stand in the way.

Ontario People, Hey!

We are informed that arrangements are under way to stage a big "Ontario" get-together on the fair grounds at Red Deer early in July. A general invitation will be issued and the assembly will be in the form of a big picnic. Watch for further notice and full particulars.

Ball Game, Play, Dance

On the evening of May 26th "Victoria Day" there will be staged a real enjoyable time in Alix. Commencing at 6:30 Bask and Alix will meet in the first game between these two teams for the Buffalo Lake trophy; at 8:30 sharp the Tons players will present their popular play "The Third Place Front" in Legion Hall; and following this play there will be a dance with a good orchestra supplying the music. Holders of tickets may have them returned for 15c each at W. J. Brown's better shop. The entire evening is under the auspices of the Lions. Come and have a good time.

Air Makes Second Win

Going strong with the new old Battery, G. Wilton and F. Brown, the Alix side won their second game for the Buffalo Lake Cup, on Tuesday evening last from the Clive ball-players by a score of 12 to 4 shut out.

The rainers put up a real sports fight but were outclassed by the locals although Cunningham on the mound for Clive pitched good ball, but his support was very weak. The locals got away in the first inning, scoring seven runs, two of which were home runs by Gordon Wilton and Earl Sergeant. Score by innings:
Clive 0 0 0 0 0 0 0 0
Alix 7 0 2 1 5 3—15
W. J. Brown, Upton

Last Friday's game scheduled at Clive was called off on account of rain.

Hurt By Tractor

On Tuesday morning John Trulsson, operating Mr. O. E. Olson's farm near Bashaw, met with a severe accident which will lay him up for at least three months. He had gone to work with the tractor early that morning and backing up to hook onto the seeder, slipped down to connect the two machines at which time the clutch slipped into gear and the tractor backed onto him breaking his left leg and seriously injuring the other. He was some distance from the house at the time but managed to shut off the power and drive the tractor to the yard.

Passing of J. P. Walters

The death took place at an Edmonton hospital on Tuesday afternoon of Mr. J. P. Walters, for many years the locomotive foreman at the C. N. R. shops at Mirvix.

Deceased had been on the sick list for a long time but the best of medical skill was baffled and he gradually became worse day by day.

Johnny, as he was familiarly known both to Alix and his home town, was a favorite and his passing is regretted by a large circle. He was a valued member of the Mirvix Masonic lodge.

He leaves to mourn, his wife and four daughters Lois, Audrey, Jean and Eleanor. Interment took place at Edmonton on Thursday.

Great Britain And United States Unite In Opposing Abolition Of The Larger Naval Vessel

Units In Opposing Abolition Of The Larger Naval Vessels

Rating Like Map Sheet

Lake Country Unit of Woodstock in a Proclamation For Comments

Very informative and interesting is the Rating Like Map Sheet of the United States Navy. The United States Navy is the largest in the world, with a fleet of 10,000 ships and 10,000 tons of aggressive.

Great Britain and the United States sought the their intelligence in the Arctic Chambers of Geneva, where a defensive alliance against an organized offensive of the small powers who wish to destroy all ships of 10,000 tons or aggressive.

The map covers the country along the international boundary from Quebec, Ontario Provincial Park on the east to within thirty-three miles of the limits of Chazy River on the west. In addition to agricultural, mineral, forest and water power resources contained in the area, it is known as a great hunting and fishing region. The

Part Arianne, Bay River and Winnipeg line of the Canadian National Railways runs through the district from east to west, skirting its edge through the mass of lakes and rivers, which were the means of transportation from the time the opening up of Western Canada until the railway came, and at the beginning of the present century the lakes and branches carried any necessities for the

monstrous, the Madrasans, and the boat-
men, and the waterways are so tortu-
ous that the voyagers and trappers
of the fur companies from the time of
La Vérendrye onward were always
searching for shorter routes for the
carriage of their furs and trade goods.

The chief centre of population is
Fort Frances, named after Lady
Frances, the wife of Sir George

Stamps, one of the famous government of the Hudson's Bay Company Fort McMurray is situated on Rainy River a few miles from the border where it emerges from Rainy Lake. Near it are some of the water power with which its name is associated. On the south side of the river in United States is the town of International Falls. The agricultural river crosses the border into Canada at the town of Fort Frances in the northwest.

The railways and highways in United States which bring travellers and tourists into this part of Canada are also shown. The map which is now available in all topographic detail of this district than any previously issued, may be had at a nominal price upon application to the Director of the Topographical Survey, Department of the Interior, Ottawa.

Canada Dairy Industry

The dairy industry throughout Canada is in a critical condition. That is the unanimous verdict of a com-

and, according to world-wide conditions and prevailing economic conditions. The remedy for the nation lies to a large extent in our own hands but the cure for the disease is not an easily come at.

One of the remedies suggested was to pay a bonus upon all butter imported from Canada through a levy upon the production of butter. Chamberlain said that the government

The conference was unable to reach a unanimous decision on the proposal. It was called at the request of Hon. Robert Wair, Minister of Agriculture, and Hon. H. H. Stevens, Minister of Trade and Commerce. Among the

Consider this for years had this department of agriculture to no many different products, in addition to numerous agricultural colleges and centers. It seems strange if their united efforts have produced as little effect upon the dairy industry as the combined 22 Offices have indicated.

A General Invitation

A meeting of all returned
men, and all others interest-
ed, will be held in the Legion
Hall, Alix, at 8.30 p. m. on
Wednesday next week, 8th
June, when Mr. Hudson, the
Provincial Organizer for the
Legion, will deliver an ad-
dress. All returned men are
particularly requested to at-
tend, but remember the
public as a whole is invited.

Premier Browne at Alix

We were that under the
auspices of the Alix U. F. A.
and U. F. W. A. a field day
and picnic is being arranged
for Wednesday, July 6th, at
the home of Mr. and Mrs. H.
Parley, west of town when
Premier Browne will be on
the program to address the
gathering. We will be able
to give full particulars in a
later issue.

Rapid Growth

We never remember of a
spring when growth was as
rapid as this one. A local
farmer told us that Garment
which he drilled last
week was better than two
inches high in seven days.
This is abnormal and with
the abundant moisture some-
thing should stand in the way
of a bumper crop this fall.
Garden truck is shooting
along, some of our towns-
people are already using red-
den and green onions from
their patches. We may have
a shortage of money at times
but Central Alberta never
fails to fill our c're and
storehouses with a lavish
supply of the necessities.

We believe it is: we are
correct in stating that better
than half as much of rain fell
in the short space of twelve
minutes last Tuesday even-
ing, and the seed is not yet
for it has continued to shower
ever since. Now, don't say
we are getting too much
for we don't believe it. It
will take a tremendous log
of water to make up for the
several dry years that we
have just come through.

Keeping Up The Good Work

Friday evening of last week
our ball boys, with their
horsehoes still in their pockets
played in Bashaw and put
over an easy win, making
their fourth straight win in
the Buffalo Lake Cup com-
test. It surely must have
been an off day for the north-
west men as the score stood
Bashaw 4, Alix 15.

Once again our lads dem-
onstrated their ability to hold
the lead for the cup when on
Tuesday they played in Glen-
ora and took that team to the
changers to the tune of 10 to
6. Jim Peers and F. Rouse
were the Alix battery for this
game.

The Stettler ball tossers
are scheduled to play in Alix
tonight (Friday) at 6.30.

Change of Day

Owing to absence, Mr. E.
B. Fry announces that he
will not pay his regular visit
to Alix on the 8th inst., and
that in future his weekly
visits will be on Tuesdays
each week, next visit being
Tuesday, June 14th.

K. Joy McLean, Optometrist and Sight Specialist, of Calgary, wishes to announce a visit to Alix, at the Happy Valley Hotel, on Friday, June 10th. Those desiring optical attention and former patients please note.

Four carrels of members of the Alix Masonic Lodge metored to Lacombe on Monday night to attend a special session of Lacombe lodge called for the purpose of meeting and listening to an address by Rev. Dr. Kerby of Calgary, Grand Master of the Grand Lodge of Alberta. Masons were present from Rimbey, Red Deer, Ponoka, Drumheller, Bashaw, Clive, Lacombe and Alix and the evening proved not only enjoyable but instructive. The Dr., although in his 70's, is a well preserved man and puts over his message with the same vim characteristic of him as a younger man.

Phone to Miss Garrett, Nelson Hotel and make your appointment for H. J. Soell, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, June 17th.

Born—At Nurse Magie's Nursing Home in Alix on May 1st to Dr. and Mrs. W. J. Warren, a daughter.

The death occurred at Petroka, Ontario, on May 12th of Mrs. William Smith, at the ripe old age of 78 years and 11 months. Deceased was the mother of Mrs. F. A. Moss of Alix.

Dr. Warren is driving one of the new Ford 4's while Mr. C. Johnson has a new Pontiac.

Madison Massey Smith and A. R. Bennett have been in Edmonton a couple of days this week attending the sessions of the Grand Chapter Order Eastern Star.

The U. F. A. meeting tomorrow (Saturday) will be held at the house of Mr. and Mrs. U. G. Marryat at 2.30 p.m.

Mr. H. Johnson, who has spent the past six months on one of the towers at Montserrat, returned to Alix on Tuesday.

Short Session of Village Council

The regular monthly meeting of the Alix council, held last Monday night, was a short one but all councillors were present and Reeve J. R. MacInn presented.

The secretary produced a copy of the bylaw passed in 1916 respecting "Transient Traders" and it was decided to rigidly enforce same.

The secretary produced before the board asking for financial support for the Alix Fair, and a donation of \$10 was passed with a promise of more if the council could see their way clear to grant it.

It was decided to hold up all public works, with the exception of necessary grading, until the taxes started to come in.

Mrs. Chief laid a complaint as to a neighbor's chickens being a nuisance and the secretary was instructed to write the party that poultry must be about up.

After passing a few accounts meeting adjourned.

Free Methodists Start Building

Building operations started this week at the property belonging to the Free Methodists on the east edge of town, when several men arrived and commenced the erection of the first of a number of cottages to be erected between now and the opening of the conference here early in July. We anticipated instead getting started by getting under way a tuberculosis just as soon as funds will permit.

A Lodge Member Hounded

The town hall, Mirror, was the scene of a delightful entertainment on Tuesday evening, June 7th, when the Lakeview Rebekah Lodge No. 110 I.O.O.F. entertained in honor of Mr. W. Stump and also to commemorate the first anniversary of the lodge. Mr. Stump, who has been for the past 15 years an active member of Rebekah Lodge, was presented on behalf of the Lodge by Mrs. L. McFarlane N.G. with a lovely bouquet of Dorella tulips. Mrs. W.G. McCoskie of Edmonton, Past D.P., was a visitor on the occasion and joined with the lodge in administering honor to Mr. Stump.

From all parts of our district we hear the same comment "what wonderful growing weather, the best we have ever seen."

China Is a Ready Buyer

Imports a Steady Stream of Foodstuffs

There is an interesting item reported by the United Nations Secretariat in its *Monthly Bulletin of Statistics* for January, 1936, "to show sales for the quarter, or the first three months of the year, of the principal commodities of China." It contains a summary of Chinese trade statistics which indicate that China is a staunch-buyside food importer. But, contrary to popular opinion, it is not a heavy importer of wheat. The statistics show that the most important foodstuffs imported are rice, wheat, oil, and sugar. In addition, there is a heavy import of cotton, and a smaller amount of wool. The total value of imports for the first three months of the year was \$1,000,000,000. The total value of exports for the same period was \$800,000,000. The balance of trade was therefore a deficit of \$200,000,000. The main source of the deficit was the heavy import of cotton. The main export was silk. At the Olympic Trials held at Ponoka on Wednesday of this week Mr. E. W. Cormack of Alix was winner in both the 800 and 1600 metre races.

Arrangements are under way for the holding of a summer Central Alberta Odd Fellows picnic: some time in July at Gull Lake.

Miss Rosa Thompson of Calgary is visiting with her friend, Miss Audrey Blount.

Vets Re-organize

A well attended meeting of the Alix Branch of the V. V. F. A. was held on the Legion Hall on Wednesday night to meet Capt. Andrew, of the Provincial Command. A spirit of goodwill and understanding prevailed, and with the help of Captain Andrew, a new state of affairs was discussed as follows:

Rev. President—Comrade Bob Brown, whose services to the Branch during the last year were gratefully acknowledged.
President—Comrade Alex Anderson.

Vice Pres.—Comrade Eric Cormack.
Secretaries—Comrades George Wilson (Hon.) and George Carr.
Treasurer—Bill Mathis, Cashier—Jack Tullman.

Comrade Tullman reported on the financial statement for the year, which was turning out well. A few minutes and business was transacted. The meeting was adjourned until the next meeting, which will be held on the 17th inst. at 8 p. m. sharp. When next we meet we will have a very interesting and profitable meeting, which will be held on the 17th inst. at 8 p. m. sharp. When next we meet we will have a very interesting and profitable meeting, which will be held on the 17th inst. at 8 p. m. sharp.

Comrade Maxwell is writing a comic song specially for the occasion, and is a real cracker in his program. He will sing and all Comrade Alex Anderson will have there, too, to give a hearty concert.

By virtue of a straight win never losing a game through out the entire competition, the Alix school team will be holders of the Buffalo Lake Cup for 1932-33.

THE ALIX FREE PRESS

Two weeks from today is Alix Fair Day.

Mrs. Borrell returned from Lacombe hospital on Sunday and Mrs. C. T. Brown from the Red Deer hospital on Sunday where they underwent operations and are pleased to report that they are fast recovering.

Mr. D. F. Lawney of Seattle is visiting at the home of her mother, Mrs. Shule.

Mr. and Mrs. J. McDonald and two children of Pouce Coupe were guests over the week end at the home of the lady's sister, Mrs. P. C. Topley, and have left for Glenora, Eastern Ontario, where they will visit for a time, their holiday will last two weeks.

Miss C. Maurer of Cive was visiting among her many old Alix friends a couple of days this week.

Max Lloyd, who has spent the past year at the home of her sister, Mrs. Wiley, left Monday for Victoria, B. C.

Phone to M. S. Garrett, Nelson Hotel and make your appointment for J. H. J. Small, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, July 22d.

Harry Johnson went on a business trip to Edmonton on Tuesday last.

Alix beach on Haunted Lake has been opened off to the public which will prove a disappointment, especially to the children. Evidently Mr. Hanes has this money to prevent his sheep from getting out, and as this is the only connection between the home land and the large pasture to the west he had no alternative. Might we suggest that he be interviewed and if there is no other way a stile might be built for crossing the fence. Hogs, cats and horses could be parked on the roadside. We believe this matter should be handled by the village council.

Gadsby Lake Tennis Club—A bridge drive will be held at the home of Mrs. F. Fawkes on Friday, June 24th, commencing at 8:30 p. m. (approximately 8 miles north of Alix). Come along and bring your friends. Admission 35c per person.

Card of Appreciation—Mrs. Borrell wishes, through our columns, to thank all those who so kindly have written and spent in the hospital brighter with flowers, letters and visits. She surely appreciated the thoughtfulness.

Wednesday night's rain laid the dust and went to the pivot roots.

Shorthorn Club Field Day

The annual field day of the Central Alberta Shorthorn Club will be held in Lacombe District on Wednesday, 22nd June.

Starting at 9 a. m. at the home of H. Magilton, west of Lacombe, the farmers and herds of E. Magilton, John Leung and Dr. P. Talbot will be visited. At noon a basket lunch will be held at Lacombe Experimental Farm, cows and calves, cream and sugar will be supplied.

After a short program the herds of J. L. Walters, Wm. Sharp, U. S. Trane and P. A. Seltzer will be visited.

An interesting program is arranged for rock-plant visitors. Everyone is invited as the day will be full of interest to every member of the family.

Three Little Girls Present Away

The funeral service of Audrey Dorene Darlow, three-year old daughter of Mr. and Mrs. Frank Darlow, of Jasper, Alberta, who passed away at Jasper on June 10, was held on Sunday afternoon at 2:30 o'clock at Howard and McBride's Chapel, Jasper. Rev. Langille officiated and interment took place in the Jasper cemetery. The Edmonton Journal.

Frank is an old Alix boy and his many friends here will join with us in extending sympathy.

Working Gold South Of Alix

Red Deer, June 14—Word has just leaked through to Red Deer that there has been a considerable gold rush to a section of the Red Deer river about 40 miles down stream from the town at what is known as the old Grand Trunk bridge site.

Prospectors who have been panning gold on the river for the past two seasons are congratulating at this point where the sands are reported to be yielding as high as 50 and 80 lb. a day per rocker, while party washers are setting water varying from \$2 to \$5 daily.

The number of prospectors there is not definitely known. One be whiskered old-timer of the gold-pans came down the Medicine river 30 miles, and down the Big Red Deer 100 miles to reach the spot. He averaged 30 miles of travel daily, working the sands lightly on rocks, as before of a "color" strike. He made the trip in a battered flat-bottomed boat, despite the flood condition of the river and some violent rapids.—Edmonton Journal.

THE USED CAR SITUATION

Since the introduction of the New Ford V 8's and New
Four cylinder cars a decided change has taken place in
the prices of good used cars. There are a large number
of people wanting to buy New Fords if their used cars
can be disposed of, but owing to the general reluctance
of the public to buy anything the dealers are unable to
trade in these cars with the result that many good cars
are being offered by the owners at prices far below their
real value. Anyone contemplating the purchase of a used
car may never see prices as low for years to come.

We have a fine selection of Used V 8's, Ford, Oldsmobile, Buick
and Packard. Prices are in line with the Alix Free Press.
We will guarantee to deliver the car you want at the lowest possible price.

Alix On "Dominion Day"

On week from today is
"Dominion Day" Friday, 1st
July, and all roads will lead
to Alix on that day, as ar-
rangements have been com-
pleted for holding the annual
Fair and Sports Day by the
Alix Agricultural Society.

The prize has been
circulated by the secretary
and while the classes are not
so numerous or large as heretofore,
owing to the cutting
off of the Government grant
to all fairs, there are sufficient
to insure a good exhibit and
the prizes in every case are
well worth competing for. A
number of stock men, sup-
porters of the fair for years,
are also bringing in their
stock not listed for exhibition
purposes. There will be no
entry for any class this year.
Particular attention has been
paid to the ladies' and children's
classes.

The entertainment for the
day is being well looked after
four teams having been pre-
pared to play baseball; also men
(football game; athletic events
for all, etc. To complete the
day one of those ever popular
dances will be held in the
Agricultural Hall on the
grounds at night with Mrs.
Dorothy's 5 piece orchestra fur-
nishing the music. They will
also play on the grounds all
afternoon.

Arrangements to take to Alix is
the last and bring the whole
family. The admission to the
grounds will be, up to 10 years
25c; over that age 50c, while
no admission will be charged
for any kind of vehicle. The
dance will only set you back
25c each. Mr. townsmen
desires to request to hold your
flag on Friday, July 1st.

In addition to donations
already chronicled, the society
wishes to acknowledge with
thanks a cheque for \$15 from
Hon. Irene Parlar.

Strawberry Tea

Tomorrow afternoon, Sat-
urday, June 25th, a "Straw-
berry Tea" will be served in
aid of St. Patrick's Guild, at
the home of Mrs. C. M. Yar-
wood. If weather permits,
it will take the form of a
lawn social where straw berries
and cream, tea and cake will
be served. Don't miss it and
everybody welcome.

Ripley and Alix will play
tall tonight (Friday) on the
Alix diamond, and we have
been told that the gravel
game is coming in for an-
other game on Saturday
night.

Additional Fair Attractions

Under the auspices of the
Alix Athletic Club an exhibi-
tion of boxing will be put on
at the Alix Fair on July 1st
by two of our young men
now in training. Clyde Sise
and John Wilkinson, also
arrangements are being made
for wrestling.

Word comes to us that we
are to have another real item
on our entertainment at the
Fair next week, when our
old townsman Alex Boyten,
holder of the middle weight
championship for Alberta,
and Jean Lauder of Leduc
will stage a wrestling match
at 1 p. m. Remember, the
above are attractions arranged
by the society, not side-
shows.

DATE ADVANCED

Owing to the heavy rain
Wednesday last the soccer
advertised by the Alix branch
of the Legion had to be can-
celled and the date has now
been set for next Tuesday,
June 28th. Business session
at 8 sharp and social evening
will follow. Everybody invited,
and ladies included.

A Sight Correction

Mr. P. Russell calls our at-
tention to a slight error
last week in which we stated
the M. D. assessor had com-
pleted his assessing of eight
of the thirteen townships
comprising the Municipality.
This was not really an error
as we know better. There
are but eight complete town-
ships and five portions and
we should have said, "in
eight of the townships rep-
resented in the Municipality."

Alx Old-Timers Celebrate

Their Golden Wedding

On Thursday, June 23rd, a
few relatives and old friends
gathered at the home of Mr.
and Mrs. William Martin to
bless their union on their fiftieth
anniversary. Following recep-
tional hours were spent in
social chat and reminis-
cences and the worthy couple
were the recipients of many
wishes for the occasion.

Mr. and Mrs. Martin were
married in Scotland in June
of 1882, coming to Canada
and settling in Alberta in
1916 and after a few months
in Wetaskiwin moved to Alix
which has since been their
home. They have two chil-
dren, Mr. D. Martin and Mrs.
C. B. Brown, and one grand-
daughter, Miss Mary Brown,
all of Alix.

Their many friends join
with us in wishing them two
old anniversaries the best of
the happy and many happy years
of married life.

Pleasant And Profitable Evening

On Monday evening last
Society Rehearsal Lodge had
the pleasure of welcoming
Mrs. B. Robinson of Stettin,
Vice President of the Grand
Assembly of Alberta, and
her husband to the lodge for
address from her. For her
entertainment the lodge con-
ferred the degree on two cor-
dillates. Another pleasing
feature of the evening was the
presentation to Mrs. D. F.
Lawry of Stettin, who is
serving the summer with her
mother here, of a 15 year
jewel. The evening closed
with the members gathered
around the table to partake
of the beautiful spread pro-
vided by the Alix ladies.

Visitors were present from
Hewer, Redlin, Stettin.

Miss I & M

F. C. Tupper has a bus-
ness in conducting her mother
by business over a bunch of
penny pigs and she shows a
kindly hearted attitude if
he likes to show the piglets
to himself and Paul says the
pigs are certainly the same
business.

Mr. Smith, president of the
Alix school, had Thursday to
spend the holidays in Ed-
monton.

Miss Gertie Brown, teach-
er at Stettin, is with her
parents here for a few days
and will go on to Edmonton
to attend University.

DOMINION DAY

JULY 1ST
IS YOUR FLAG UP?

Sown To Secrecy

We are sorry to disappoint
the large number of children
who have asked us if the
exam reports were to appear
in the paper. For some rea-
son, we know not what,
neither does the secretary, we
are politely told that the
results are not to be publish-
ed. We can understand not
printing the individual marks
and the publishing of the
results of the successful stu-
dents is a different matter.
What is the trouble? Is the
teacher ashamed of their
pupils' work? Is the publica-
tion decided by the principal?
Or have some of the
intelligent boys hiding it?
We are inclined to think the
last supposition the "honest"
one, but would like to know.

Make the introduction of the New Ford V-8 and New
Ford V-8 a limited chance has taken place in
the price of good used cars. There are a large number
of cars coming to the New Ford V-8. If you want one
you must be quick, but owing to the general realization
if the public to buy something the dealers are unable to
take in these cars with the result that many good cars
are being offered by the markets at prices far below their
real value. Anyone contemplating the purchase of a used
car may never see prices as low for years to come.

Regular meeting of the village council next Monday night at 8 p.m.

Born—North of Tux, on Thursday, June 23rd, to Mr. and Mrs. H. Klasing, a son.

C. S. Andrews of the Royal Bank staff at Standard, is holidaying for a couple of weeks at the home of his parents here. He is Editor and Mrs. A.

Owing to muddy roads, the bridge party at the home of Mr. and Mrs. Fawkes last Friday night was not so well attended as it would have been otherwise, but those present spent an enjoyable evening and Mrs. A. E. Henry carried away the prize.

Mr. and Mrs. Bert Gilbert, travelling in a Ford roadster, journeyed the 1700 miles from Oakland, California, to spend a few days with the late Mr. Gilbert's father here, arriving on Thursday of last week and leaving on the return trip on Sunday. Bert says he gets homesick for the old home town and thoroughly enjoyed meeting once again his many old friends.

Phone to M. & Garrett, Nelson Hotel and make your appointment for H. J. Smith, Night Specialist, who visits Alix without fail every month. His next visit will be on Friday, July 22nd.

The annual camp meeting in connection with the Alberta Conference of the Free Methodist Church opened in Alix last Sunday and will continue for two weeks with services every day at 6, 9 and 10 a.m., and 2, 8, 7, 30 and 8 p.m. Everybody invited.

Mr. Fred Stone arrived from Montreal last week to visit for a time with his parents, Mr. and Mrs. C.E. Stone.

As per usual the United Sunday School has been shut down for the summer vacation, two months, July and August, and will re-open on September 4th. At its last meeting last Sunday the half-yearly report was read which showed a real good year, the average attendance being 34.

Mrs. R. G. Lowe of Calgary, accompanied by her two sons, Gordon and Jim, were week visitors at the Jewell home in Buffalo Lake.

The Hulings Garage have installed 2 gasoline pumps, discarding the old pump which has become worn in use.

The Ripley and Alix boys played football again on the school diamond last Friday night, but only got in as many, owing to darkness. The first part of the game was played in a night drizzle of rain which slowed it up considerably and resulted in errors galore. The score was 19 to 6 in favor of Alix.

The members of the Masonic Lodge will picnic next Sunday at the home of Mr. R. D. Carr on Buffalo Lake.

Monna Roberts and Henry Whitfield of Calgary are spending a few days at the home of their parents, Mr. and Mrs. R. H. Whitfield. They were accompanied from the city by their cousin, Miss Nellie Whitfield who will remain with her uncle and aunt for a month.

Mrs. E. Genger of Clive, on her way to Hanna, spent part of Thursday visiting with her old friend, Miss L. L. Lash.

Field Day at Lacanville

The Annual Foreign Craft Field Day will be held at the Dominion Experimental Station, Lacanville, on Friday, July 16th. The place contains a large number of different varieties of grasses and legumes, grown this year for best seedling, and the results of many valuable experiments in rotation, and methods of cutting and harvesting will be presented.

The drive around the farm to see the fine stock, and the field crops of grain and hay made was most satisfactory. The famous vegetables, poultry, and hams will certainly be better.

Ball, music and supper will be supplied. Come early and bring your lunch. This will be an interesting way to celebrate the National Holiday, July 1st.

The President's Appreciation

The Executive of the Alix Agricultural Society wish to express their appreciation of the effort made by almost every member of the community to make the 1932 fair a success.

The manner in which the service of the town and unreserved valuable prices was an inspiration to those having the interests of the Society at heart. Many others also gave generously for this purpose, and while our price list was of necessity greatly curtailed, it was still possible to stage a successful fair.

Special mention should be made of the cattle exhibit in the case for dairy cows for the creamery prices, there was the unusual sight of twelve high quality cows paraded before the judge—Mr. J. B. Anderson, the Assistant Deputy Minister of Agriculture. This splendid well for our district as being unsurpassed as a dairy district in Alberta. In best cattle, the outstanding animals were the Shorthorn, but exhibited by Mr. Potbury, and the Hereford by Mr. A. S. Short. These animals have received recognition at any fair.

In the ladies' work, though the number of exhibits were fewer, the judge's report indicated that the quality was of anything. We should like to express our admiration of the efficiency and hard work of the ladies operating the lace booth. Mrs. Strang, our vice-president, and Mrs. Strang certainly able to get together and produce results. The booth was a great financial success.

The entertainment provided in the way of sport was up to the high quality aimed at, there were certainly no idle moments throughout the day. We should like to express our thanks to Messrs. Simpson and Will have representing the Athletic Club, their polished boxing display. The footballers at least displayed an amazing amount of energy. It might seem to the visitor that these footballers gave their eyes to look out the field after a ball for an hour or so and then they also joined, and then there was no point of any sort to return home. Many thanks footballers. The first football game was only enough matched to make for exciting games and some of the plays were well executed. Congratulations to the players on carrying off the honors. The dance in the evening was very successful. There appears to be strong feeling that the society held another dance in their hall before harvest season and if this can be arranged it must be held.

H. W. Gorman, President

A Thank You to the Farmers

Rev. Dr. W. Wyman of Winnipeg, on a month's holiday to Banff, will visit Alix for a few days next week and occupy the pulpit of the United Church for two services on Sunday, the 17th. This will be good news to all residents as the Dr. was missionary student to this district back in 1904, and in addition to hearing him from the pulpit large numbers will be glad to meet him personally.

Popular Young Couple Wed

The marriage of Lavina Chabala, second daughter of Mr. and Mrs. George M. Ross of Miram, and Mr. Lewis Goodwood, also of Miram, was quietly solemnized in the Anglican parsonage at Banff on Monday, June 27th Rev. J. J. Barrett officiating.

The ceremony was witnessed by the bride's sister, Mrs. C. E. Clarke, and by Mrs. R. Garrett. On Monday evening, July 4th, a reception was held at the bride's parents' home. More than two hundred relatives and friends were present. Following the inspection of the many lovely gifts, including a beautiful silver chalice from the employees of the C. E. shops in Miram where the groom is employed, a dance was given in the apartment here left. At midnight a most delicious supper was served in the style, after which Mr. and Mrs. Goodwood heartily thanked all those present for the gifts and good wishes extended to them. Dancing was enjoyed until the early hours of the morning.

Mr. and Mrs. Goodwood have left on Wednesday for Glace, B. C. where a two weeks' honeymoon will be spent at the home of the bride's mother and brother. On their return to the happy new couple will reside in Miram. The heartiest best wishes of the entire community are extended to the bride and groom both of whom are popular members of the Miram club.

THE USED CAR SITUATION

Since the introduction of the New Ford V 8's and the new Ford four-cylinder car a decided change has taken place in the prices of good used cars. There are a large number of people waiting to buy New Fords if their used cars can be disposed of, but owing to the general reluctance of the public to buy anything the dealers are unable to trade in these cars with the result that many good cars are being offered by the owners at prices far below their real value. Anyone contemplating the purchase of a used car may save prices as low for years to come.

See figures in this condition of Ontario & Florida, Lady Elizabeth (Queen) and President. Prices are in line with only the highest quality. We will maintain a schedule in which prices are maintained at a high level.

We learn that our old citizen, Bill Falkner of Foxwell has decided to make another move with Mr. and Mrs. Carl will locate further north in B. C. Their Foxwell friends held a farewell for the occasion.

Jimmy Wilson's "Ramblow Rambler" will put on a dance in Legion Hall, Alix, on Friday night, July 15th.

The trustees of Corraldo school, which has been closed for the past term, decided at a meeting held on the 30th, to re-open after the summer holidays.

Mrs. A. Linsch, who has spent the past two weeks with her parents at Gralnah, returned home Wednesday.

Mrs. C. M. Yarwood has come to spend a few days at the home of her son in Edmonton.

The four teachers of Alix Consolidated school have accepted an invitation to return for another year.

Several carloads from Alix took in the heating boat at Clive on Monday night, being drawn by the large program. The main event, but mostly in support of the Alix boys who were on the bill: Clyde Simpson, Dick Bargin and John Wilkinson. They enjoyed the evening and were proud of the showing put up by the locals. Clyde finished his own out, Ed. Falchuk of Pooka, in the second round; Dick was given a draw with George Reid of Clive in the third round; but John's opponent, Gray Meador of Blaine, put him to sleep in the second. The main event went the full ten rounds but "Lefty" Scotts of Redding held it over "Fighting" Bob Fox of Kinsey and had no trouble in winning the decision.

Mrs. W. G. Patrick went to Lacombe on Thursday to visit with friends for a few days.

Haying is the next item on the program and what's more there is, away the harvest in June.

M.R. Council Held Yesterday

A regular meeting of the Municipal Council was held in the Municipal Office, Alix, on Monday last. All members present. Mayor Richardson in the chair. Meeting lasted an hour and a half.

The minutes of the meeting of June 11th were read and adopted on motion of Dittus. A delegation consisting of Messrs. H. Ingram, E. B. Martin, W. Stevens and E. O. Funn, and representing the Gadsby Lake 1st ward appeared before the Council and submitted for their consideration the following resolution, and a written argument in support: "Owing to the fact that generally every line of farming activity without exception is being carried on at a loss, a large percentage of farmers find it impossible to keep their taxes cleared up; consequently tax arrears in consultation with penalties have piled up to the point where it is imperative that something be done to relieve the situation."

"We would therefore submit that your Municipal Council take advantage of 'The Local Tax Arrears Conciliation Act' of 1932 which gives your Council power to authorize the conciliation of the whole or part of the penalties which have been previously added to taxes in arrears as at January 1st, 1932. The resolution and the new legislation which prompted it and with which the Council had previously facilitated themselves were discussed, the act has a number of amendments or in part of the 1932 act with some additional amendments, and framed so that it is optional with any Municipality whether or not it should be adopted by them, and is in no way mandatory. The legislation is apparently recognizing that conditions vary so much as to what is suitable. The Province it should be felt into effect only in those districts where the local authorities deem it necessary."

It was finally moved by Dittus and carried that the Council be authorized to take the Local Tax Arrears Conciliation Act of 1932. In arriving at this decision the members took the view that insofar as conciliating arrears are concerned such opportunity was given under the 1932 Tax Conciliation Bill of this Municipal District to those who might be unable to take advantage of such arrangement, and under the provisions of which by law over \$15,000.00 of arrears of taxes were considered.

The members of the delegation, according to it is verbal representation and written statement, are apparently under a misapprehension in regard to the conciliating of penalties. They are under the impression that no penalty could be assessed by payment of a five percent charge and at the same time allowing the principal sum of the taxes to remain outstanding.

Conciliations and discounts such as suggested would mean an equivalent of arrears for the current year, and no estimate of expenditures and a mill rate not which would produce the same result had already been made.

conciliations and discounts would reduce the anticipated amount of arrears to such an extent that an upward revision of the mill rate would become necessary.

In arranging for a time of meeting with the Council he would send it summary to the members both current and arrears of taxes, and in granting discounts and making conciliations would be writing of it to the property pledged with the Council, so would it appear fair to those taxpayers who already this year had paid arrears including penalties to now cancel penalties for those further delinquent in making payment, and thereby discontinuing between taxpayers.

A letter from Payne & Graham was read in regard to the status of a Mr. Parkinson in connection with a bond case. The letter was referred to the Council.

A letter from Payne & Graham in connection with the account of Mrs. V. Magle was read. Moved by Richardson and carried that the sum of \$10.00 be paid in full settlement of this claim as proposed by Mrs. Magle's solicitors.

Moved by Carter and carried that an S. H. maintenance be removed from the Richardson Road Machinery Co. for the use of Division 4, and that the Revenue Board be authorized to add to the same in settlement of the account of \$275.00.

Mr. E. M. A. Farley appeared before the Council asking for some improvements to be made on the road between sections 15 and 16 and E1 and E2 township 46-28-4. Commissioners Weatherall and Dittus, in whose divisions this road is situated, agreed to give the matter their attention.

Mr. W. C. H. Farley appeared before the Council and asked for an improvement on the road between sections 11 and 14 46-28-4 but no action was taken.

Moved by Weatherall and carried that the sum of \$100.00 be paid Richardson Co. on account of their past due note.

Mr. J. J. Cairns appeared before the Council in regard to making the two large drains along the Dittus road and carried that the grant be made to him if he should require as much as the rate of \$1 per acre per year and soil (consolidated on each page).

Some Examination Results

The first reports of the midsummer exams would indicate a very successful year at the Alix Consolidated school. We are in receipt of results from Grade IX which show that five of the eight pupils who wrote this paper had passed in the clear and the rest only failed in one subject.

Those who made the full list were:

Louisa Brown
Mary Gray
Flora McKinnon
Louise Straub
Pier Patrick
Failed in one subject only:
Joseph Dionne
Frank Henry
Clayton Walker

The pupils successful in passing the two subjects in Grade X marked by the principal were:

George Goldberg
Patrick Hall
Marlene Henry
Lucia Wallace.

And The Old Man Smiled Again

The ball game on Sunday only went four innings owing to rain, but as usual our boys took the Gravel Gang over the road by a 3 to 2 score. The battle had every appearance of being a real fast one, but perhaps it was just as well for the G G boys that nature intervened, it might have been a slaughter. The visitors scored one in the first, our boys talked in both the second and third, and each aggregation marked a run in the fourth. Gordon Wilson whiffed for Alix and Bennett was on the mound for the stone crushers. Three teams will meet again next Sunday on the Fair Grounds.

Sir Henry Thornton has resigned as president of the Canadian National Railway. S. J. Hungerford, the vice-president, will be acting president.

Nearly all of Western Canada's wheat crop is in hand and in portions of Manitoba and Saskatchewan cutting will start about the first of next month.

The report comes from the Irish Free State that they are in the market for increased shipments of Canadian bacon and wheat.

The 8th annual convention of Alberta postmasters convened at Calgary this week.

The Imperial Conference

Opened Thursday Morning

The conference, from which it is hoped will develop solutions to our many, many Empire-wide troubles, opened at Ottawa on Thursday morning and to the world went forth by every means of distribution, the addresses from the various heads of the delegations in attendance.

Canada's Prime Minister was the unanimous choice as chairman.

The opening address by Hon. R. B. Bennett was a master piece of oratory and brought to the assembly the views and decisions arrived at by his Government, namely, the linking together of the whole Empire in closer trade relations.

Hon. Stanley Baldwin, heading the Great Britain delegation, stated that they had come to this conference bearing the same sentiments, to give some time pointing out that no one nation can live to itself. He hoped and believed the deliberations of the ensuing weeks would tend in a great measure to start the wheels of prosperity moving.

Following were addresses by the delegation heads from Australia, New Zealand and South Africa, all men capable of representing their several nations.

As we listened to all these capable statements we could not but help realize that if there is a solution they will find it.

Here's hoping and praying that the efforts of the conference may be crowned with every success.

There are more than 500 delegates to the conference.

Mr. and Mrs. Wise and family arrived in town last
week from Long Beach, California, to take up residence
here and we extended the hand of welcome. They have re-
sided in the Hudson house on Lake street.

In preparation for the grading and graveling of Main
street, the council have about completed the installation of
a long culvert diagonally across the road from the front of
the Thompson block to the drug store corner to take care
of the water which accumulates on the road side following
every heavy rain.

Question? Why is the
young man who lives next
door leading lumber to his
farm a few miles east? We
understand the early part
of August will bring the solu-
tion.

The cement work of the
new bridge on the C. P. R.
just west of town has been
completed and the gang has
moved on. The dirt filling
will be done by work train.
The large cement culvert,
approximately 60 feet and
around 50 feet in length
rests on piling driven between
20 and 30 feet into the ground
should make a permanent
job.

A number of our citizens
are attending the Edmonson
Fair this week.

Real summer at last.

'Intensive Decoration' Course

On the afternoon of Tuesday, August 2nd, at the W. I. rest room in Alix, Jennie Goodall will give instructions on 'Intensive Decoration' taking up wall and floor finishing, repairing and re-upholstering furniture, selection of materials for upholstery, draperies, etc. She will give practical instruction in the making of stocks, rugs and other small articles. Ladies interested in making a book of rug bring burlap, book and woolens; for a silk rug bring silk, rug, book, cover and bone crochets. If a stool cover, cushion or chair seat bring pieces of canvas or fine burlap such as comes around a rice sack, also odds and ends of colored yarn and darning needles. For a card table cover or cushion in felt applique bring material for background.

You do not have to be a W. I. member to take advantage of this free course, all ladies are invited.

Main Street Decision Over Season

The boning bust at Stettler on Saturday night last consisted of six events, five in addition to the main one in which Bostie knocked out Whitelaine in the fifth round. The scrap between Clive Seasons of Alix and Pete Holm of Stettler was the best number on the program, giving the full six rounds as per schedule, and although Holm was given the decision it was not a popular one as Clive, although but a young boxer in his first match, had the best of it, taking the aggression throughout and was going as strong at the finish as at the start. Holm, an old stager of the ring, showed the effects of Clive's punishment and in our opinion it was a good thing that there wasn't a seventh or the decision would have been reversed. At the very least the referee should have called it a draw. When these two meet again we can assure the fans it will be a real fight.

Quite a number of our citizens attended the Red Deer Fair which was held the first three days of this week. It would look as though some of our farmers are optimistic, two of our machine dealers are setting up bladders this week on order.

The hot sun of the past few days is just what our crops need to fill out the heads and ripen.

Conservatives Picnic At Sylva

All those interested in the Conservative cause are invited to a picnic at Sylva Lake on the afternoon of Wednesday, August 3rd, arranged for the Provincial Constitution of Leduc, Wetaskiwin, Ponoka, Lacombe, Red Deer, Innisfail, Olds and Didsbury. The following members of the Legislature will be present: D. M. Duggan, Conservative leader; John Irwin, Dr. McGill, H. C. Farthing of Calgary; Dr. Atkinson, C. Jamieson of Edmonton; W. E. Payne of Red Deer; also H. E. Miller, president of the Conservative association for Alberta.

This will be an old-fashioned picnic, bring a full basket (tea and coffee provided) and come for a real enjoyable afternoon and evening.

Mail Damage South Of Town

A severe storm of rain and had, lasting but a short time swept in from the west around five o'clock last Monday evening and took toll of the crops south of town to the extent in some cases of 100 per cent. The strip was around three miles wide, but the heavy damage was on its southern boundary. The heaviest loss we heard of in Stone Brook, who suffered a total loss on 400 acres of their fine crop. Others had a total loss of a portion of their crop and some had a general loss of from 15 to 50 per cent.

The Alix baseball team are playing at Ripley today as one of the items on the program at the son cream social being put on by the Ripley ladies.

Regular monthly meeting of the village council at 8 p. m. next Monday evening in the town hall.

Robert Golder of Stettin was a week end visitor at the home of his sister, Mrs. C. Golder.

Mrs. P. C. Tupper returned on Thursday of last week from spending a couple of weeks in Edmonton. She was accompanied by her father, Mr. J. W. Scott.

Mrs. H. Edgar and daughter and the Messrs. Forbes are camping for a week at Syden Lake.

Mr. H. Shepherd went to Edmonton last week to interview a specialist and take treatments for a growth on his face. He returned home Tuesday and informs us that the treatments were beneficial and that he will return to the hospital again in a couple of months.

Mr. Albert Solene of Denning, Wash., left for home on Friday of last week after having visited for two weeks at the home of his cousin, Mrs. F. Hesse. He was accompanied home by Mr. Oscar Sandberg who will spend a few weeks in the U. S.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Seel, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, August 19th.

Mrs. A. Allan of Donalds, D. D. P., accompanied by two children of Revelstoke, visited the Alix Lodge last Monday night and installed the new officers.

Miss Rita Moller announces that next week she will pay her regular visit to Alix on Tuesday.

Mr. and Mrs. Parker have been spending the past week with the lady's mother, Mrs. J. Chief.

Gordon Wilton is going around with a well patched up nose, the result of being hit between the ears by the ball at the Wednesday game at Poplar Beach. He was playing for Mirror and pitching when a hot one bounced from the ground with disastrous results.

A business change was put through at the W. R. Jennings Garage this week when Mr. E. C. Weiss, recently arrived from the U. S., bought over the mechanical part of the business. Mr. Weiss came highly recommended as a mechanic and we welcome him to our business circle and his family as residents of our town.

Military Funeral For Spanish-American Veteran

Clarence B. Carl of Fawcett
Alberta, died at the auto
camp grounds here on Tues-
day night, July 26, following
an attack of apoplexy last
Thursday. Mr. Carl was on
his way from the prairie to
Poncha. He was accom-
panied by his wife. He is 55
years of age and is survived
by his wife and a brother re-
siding at Wainwright.

He was given a military
funeral in Creston cemetery
on Wednesday, arrangements
being in the hands of the local
branch of the Canadian
Legion. He was a Spanish-
American war veteran and a
large number of the American
Legion post at Bonners Ferry
came over and gave the regu-
lation military burial with
taps and rifle salute. Pale-
bearers were all members of
the local legion. The funeral
service was read by Rev. A.
Walker of the United church.
Mr. Carl, who expected to
continue on to Poncha to-
day, speaks most highly of
the kindness and sympathy
shown him in her time of be-
reavement by many residents
of Creston. — The Creston
Review.

Up until a short time ago
disasters was a resident of
Alix district and his many
friends will regret to learn of
his passing.

Old Ex-student Picnic

Between 250 and 300 as-
sembled at the Old reunion
picnic of former students at
the Continent bridge Sunday
afternoon last and seemed
to say there was a good time.
The weather man was at his
best, the water just right for
bathing, and with games
and lots to eat the afternoon
passed quickly. After lunch-
oon, Mr. J. Nielsen was ap-
pointed to the chair which he
filled in his usual capable
manner, calling on members
of Old school staff, and others
present took part. Before
dispersing the day was voted
the best picnic on record and
Content was selected as the
playground for next year.

There was a large class of
women and girls at the "In-
terior Decorations" course on
Tuesday and Wednesday last
under the supervision of Mrs.
W. L. with Miss Jessie Good,
all as the instructor, and as a
result our women folk are
now making up nice things
for their homes.

The Council Meeting Was Short

The regular monthly meet-
ing of the village council was
held last Monday evening at
8 p. m. with Revue Mackle
presiding.

Minutes of the July meet-
ing were read and approved.
The secretary read the
accounts in connection with
the gravelling of Main street,
which included the putting in
of the long culvert, purchase-
hauling and spreading of the
gravel and grading of road
and was within the estimated
cost, namely \$450.00, no
payment was authorized.

With reference to licensing
hawkers and peddlers, a re-
solutions to the bylaw was de-
cided on, setting the rate at
\$25 for the calendar year and
\$10 for a daily permit.

The council decided to lay
a license for draying, maste-
go into effect the first of the
year.

A committee from the Odd
Fellows lodge met the council
offering to arrange for the
gravelling of the pathways in
the cemetery providing they
would undertake removal of
soda from same. The council
thought the spring would be
the best time for this work,
however they will look into
the matter and let the de-
legation know their decision at
an early date.

THE ALIX FREE PRESS

Published by W. J. Warren, M.D., at the Alix Free Press, 28 Main St., Alix, Alberta.

Mr. Amos Goldberg, accompanied by his daughter Mrs. W. A. Campbell and her son William, returned up last week from Fargo, North Dakota, to spend a few days among friends, and particularly to see his grandchildren, Janet and George Goldberg. The old gentleman enjoyed the 12 1/2 mile trip despite his 75 years. While here the party were guests at the home of Mr. and Mrs. R. L. Lurie who on Friday entertained a number of ladies to meet Mrs. Campbell. On Saturday at the home of Mr. and Mrs. W. C. Tallman a number of old friends gathered around the supper table to meet the visitors and talk over old times. They left on the return journey on Monday.

Mr. George Brown of Theodore, Sask., who was visiting for a few days with his brothers here, Messrs. William and Morris Brown, left for home on Saturday last.

Walter Linsach, who has spent the past two weeks with friends near Stettler, returned home on Monday.

Miss Janet Tallman is holidaying at the home of her aunt, Mrs. J. M. L. Saggas of Carstairs.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Best, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, August 19th.

Dr. W. J. Warren and Eric Jansson arrived home on Sunday from their month's motor trip to Toronto, Ont. They were accompanied back by the doctor's sister, Miss Irene Warren, who will reside in Alberta for a year.

Mrs. A. Sherit and babe of Calgary are holidaying with the lady's parents, Mr. and Mrs. E. M. H. Parby.

Albert Deneen of Millet was shaking hands with his many old Alix friends on Monday. What? Oh yes, he had a couple of the fair sex with him, not bad looking either.

Mrs. H. Howson and daughter Hazel, and the Misses Maize and Mary Gray accompanied at Gull Lake this week.

Mrs. Wylie of Chicago arrived on Wednesday to spend a few days at the home of her brother, Mr. B. E. Todd, and with her sisters Mrs. Sheldon and Mrs. Cleof.

George Wynn from near Lloydminster is a visitor at the home of his cousin, Mrs. Ripley.

Mrs. Little of Stettler, Mr. Duffell of Calgary and Mr. Curr of Lonsdale were guests last week at the home of Mr. and Mrs. L. H. Siddons.

There will be no services in the United Churches of Alix and Mirror for the next three Sundays, Rev. and Mrs. Upton being on holiday.

August Wedding

In the presence of only the immediate relatives of the contracting parties, a pretty wedding took place at 1 p.m. on Thursday, August 4th, when Annie Elsie, daughter of Mr. and Mrs. G. W. Wanner, became the bride of Mr. Henry Alix Mann, son of Mr. and Mrs. F. A. Mann, all of this district. The ceremony was performed by Rev. E. Upton, following which the wedding dinner was served.

The happy and popular young couple have gone on a couple of weeks' honeymoon which will take them to several points in the T. B., and on their return they will reside on the groom's farm south of Alix.

We join their many friends in extending congratulations and best wishes.

Margaret Walker and Audrey Stewart, who have been studying music with Miss Barber of Lacombe, have both passed their Toronto Conservatory of Music exams with honors. Congratulations girls.

Following a paralytic stroke last Tuesday morning, Mr. A. W. Lee passed away at the home of Mr. George Nelson the same evening without regaining consciousness, at the age of 73 years. S. H. A. Visits "Rodono"

On Wednesday morning members of the "Shortbro Breeders Association of Alberta" on route for their annual picnic at the Saarp farm near Stettler, stopped in at "Rodono" farm, the home of Mr. and Mrs. Peter Jamison, to view his prize sows and stock. The host gave a talk on his bee colony and Mrs. Jamison served refreshments.

Good "Banner" Oats

By far the best sample of oats we have seen this year was left at our office last Tuesday by Mr. F. G. Morgan who farms north of town. The variety was Banner and measured 70 inches in height was still green and the heads would suggest 70 to 80 bushels to the acre.

Alix Boys Win From Ripley

The Alix ball team came back at Ripley in retaliation for the beating they received at the Ripley picnic a couple of weeks ago, when they played the return game on the Alix diamond Friday of last week. The visitors went to pieces after the first inning and the result was a walk away. The game was a seven "puss" one and the locals made their big counts, mostly through errors, in the second and sixth, as follows: Ripley 0 0 1 0 0 1—2 Alix 0 0 1 0 9—16

Fight Picture Coming

Alix picture fans are to have the opportunity of seeing the "Sharky-Schmelling" fight on Wednesday, August 24th. This will be your only chance of seeing this picture outside the city as Mr. Sharo has the only machine using the round-on-film. The fight will take up thirty minutes of the big double feature on that date. The feature picture will be "Free Soul."

Assessment Notices Made
The Notices of Assessment for Alix Consolidated School have been mailed out and you have until Friday, the 26th of August, to register an appeal, for on that date at 2 p.m. in the Municipal office the board will sit as a Court of revision to confirm the said assessment after considering the objections thereto.

Will Operate As Last Year

Alberta Pool elevators will be operated during the coming crop year in exactly the same manner as was followed during the crop year just passed, according to information received from the Calgary office, Monday.

This means that these elevators will be operated under public licenses, free to receive delivery of grain from any grain grower, and that pool members will be given the option of disposing of their grain under any of the methods provided by the Canada Grain Act and obtaining the full market price for same or disposing of their wheat on a pool basis, accepting the prevailing initial payment and participation in any future payments that may accrue from the pooling thereof.

Definite assurance is given that no deductions for elevator or reserve, commercial reserve or for repayment to apply on the 1929 overpayment will be taken from the proceeds of any grain delivered for pooling or for immediate sale during the 1932-33 crop year.

Mirror Was First Money

Although the crowd was not large, the Mirror baseball tournament on Wednesday afternoon proved a good one and playing was snappy and contests close. There were four teams and scores were small. Mirror beat Big Valley 3 to 2; Stettler beat Ripley 7 to 3; and in the play-off Mirror won from Stettler 5 to 3.

The heavy rain on Wednesday night will do a pile of good to all crops.

Alberta Pool Elevators will be operated during the current crop year in the same manner as in the crop year just passed; that is to say these elevators are free to receive delivery of grain from any person.

Alberta Wheat Pool members are given the option of disposing of their grain under any of the methods provided by the Canada Grain Act and obtaining the full current market price for same; or disposing of their wheat on pool basis, accepting the prevailing initial payment, and participating in any future payments that may accrue from the pooling thereof.

Definite assurance is given that no deductions for Elevator Reserve or Commercial Reserve, or for repayment of the 1929 overpayment, will be taken from the proceeds of any grain delivered for pooling or for immediate sale during 1932-33 crop year.

It should be clearly understood by Pool members that the statements recently sent out covering the member's position on the 1929 overpayment are merely for the information of the individual member. These statements are not a demand for repayment of the 1929 overpayment in any respect.

The annual general meeting of the Alix Agricultural Society will be held in the town hall, Alix, on Saturday of the week of September 10, at 8:30 p.m. Business: The financial statement, etc.

Everybody welcome. Come to the meeting with your suggestions and complaints.

Red & White Store Organized

Sometime between Sunday night and Monday morning thieves entered the Red and White store and lifted a roll of bills totalling \$52.00 and a few items from the stock. Entrance to the premises was gained by cutting a panel from the rear door, inserting an arm and shooting back the bolts and bars. The cheques and silver in the till were not taken. Constable Marks was on the job shortly after the theft was reported, but with so many drifters passing daily through our town the task of apprehension is almost hopeless.

Kenton, and the same division of grades. School closed at 9 a.m. There was a rumor that Grade XII would be taught this year, but as this would mean the hiring of a fifth teacher the trustees could not entertain the idea for a minute.

Supplemental examinations are now being held at Stettin starting yesterday and ending September 2nd. A number of Alix students are writing off subjects in which they failed at the midsummer exam.

ALIX ALBERTA

A TIME FOR CAREFUL THOUGHT

Unless he formulates and follows a new economics it is only a question of time until the farmer as a self-respecting freeman will take his place in the museum of vanished types. In this new economics the principles of co-operative action will play a decisive role.

If the farmer is to cease being the beaten and buffeted victim of modern industrial civilization, if he is to become the master of his own economic and cultural destiny, he must organize as the rest of economic Canada has organized. If he does not he will be lost in the shuffle.

The Alberta Pool Elevators represent the foremost step in the co-operative efforts of Alberta farmers. Every Alberta grain grower should see that this Alberta co-operative organization is assured the greatest possible measure of success.

Deliver Your Grain to ALBERTA POOL ELEVATORS

Advertising is essential in these days of keen competition and your local paper is here to serve you.

COMPLETE ORGANIZATION

United Grain Growers operates more than 450 elevators in Western Canada. Great terminal elevators are operated at Port Arthur and Vancouver. Export offices are maintained at Vancouver and New York.

The complete organization of this company, its highly trained staff, its constant contact with all markets where Canadian grain is sold, and its financial strength, all contribute to its ability to give good service to western farmers in handling their business.

Clive Sessions and John Wilkinson are on the program for the closing bout at Ponoka on September 5th.

Mr. and Mrs. A. A. Davies were holidaying in Edmonton from Friday until Monday.

Miss Katherine Gray leaves next week for Whistcourt, a thirteenth of Edmonton, where she will teach for the coming year.

The September meeting of Lamerton M. D. council will be held on Saturday evening, the 3rd.

Miss Paony Brown, who has been holidaying for the past five weeks with Carstairs friends, returned home on Sunday. We understand she will return to the southern town to continue her school studies.

Mrs. D. Gray of Didsbury motored up on Sunday to spend the day with her daughters here.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Best, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, September 2nd.

Miss Lynn of Erskine is in town on Monday with the object of starting a class for piano study. If you are interested drop in The Free Press office.

Mr. and Mrs. W. Shanley and family returned on Friday of last week from spending two weeks at Taber.

The W. L. Constituency Conference at Clive on Wednesday was attended by a goodly number of Alix members, namely: Mrs. C. M. Yarwood, Mrs. B. E. Todd, Mrs. J. Chief, Mrs. W. L. Pettei, Mrs. S. C. Andrews, Mrs. T. M. Wilton, Mrs. A. A. Davies, Mrs. R. L. Toepfer and Mrs. F. A. Straub. Mrs. H. Oldring of Mirvot, Constituency Co-ordinator, conducted the meeting, while the guests of honor were Mrs. E. J. Montgomery, Provincial President, of Wetaskiwin, and Mrs. J. P. Ferguson, District Director of No. 7, of Trochu. Hon. Irene Parley gave a very interesting address on the "League of Nations." Dinner was served by the Clive ladies which was thoroughly enjoyed by the 106 representatives and a few visitors. The conference was one of the best on record.

Last week Mr. R. L. Toepfer traded in his Ford for a new Cheb. coupe.

"Shanghai Express" is the name of the next big picture coming to Alix on Wednesday, September 7th.

Mrs. F. Sheldon is at present spending a few days visiting with friends at Nevia.

One of our western farmers informed us on Thursday that he would finish cutting his wheat in a few days and that he would be very badly mistaken if he did not average between 30 and 35 bushels to the acre. And we have lots of crops that will run this average. True, we have sections that will run right, but as a whole we believe Alix district will show a good crop return.

Miss Geneva Brown, who has been holidaying with her parents here, returned last week to Scotland where she has been re-engaged to teach for another year.

Miss Lucille Straub left today for Lacombe where she will spend a month.

Kurva Dindor of Red Deer was a visitor in town this week.

Looking for Help?

On the front page of this issue is an advertisement from the Shewan Coal Mine which we draw your attention to. Shewan is making further improvements for the accommodation of the hauler, especially for the truck trade. He will have double the quantity of coal this year and with a good graded road to the mines from Alix there is every opportunity for delivery. He claims for his fuel this year a quality second to none on the river and he doesn't mean "maybe."

"You mean" him me in sight of my parents."
"Why-ah-ah-ah I have never heard you."

"I know—but just in case you do."

OVER-PRODUCTION

Too much wheat and too much oats.
Too many years since I was here.
Too much cotton and too much wool.
Too many things that I don't sell.
Too many highways and too many cars.
Too many people behind the bar.
Too many landfills, too much money.
Too many things to pay their dues.
Too many references and too much law.
It's the damned mass I over care.

Mr. Jewell In Serious Accident

Word reaches us that Mr. D. M. Jewell was the victim of a serious accident at his farm north east of Alix on Sunday last. He had ridden to the pasture to look over some stock when his horse stumbled throwing him to the ground. The force of the fall rendered him unconscious and it is thought that while in this condition he was being trampled for when he was found he had sustained injuries from which he may not recover.

Pay Dividend of 5 Per Cent.

United Grain Growers Limited have announced the payment of a dividend at the rate of five per cent. on the paid up capital stock of the company out of surplus for the fiscal year ending July 31st, 1933. In making the announcement during the course of a directors' meeting held at Calgary, Mr. S. E. Law, president of the company, stated that the earnings of the company had been sufficient to pay bond interest, to provide full depreciation and after payment of the dividend to permit of a satisfactory dividend to the surplus accounts of the company.

The ducks have been playing havoc with the stocked grain, especially in the fields bordering on the lakes. They are plentiful this year and it is a pity that the owners don't open soon enough to prevent this damage. The Department should set the date back to August.

the favorable reputation enjoyed by this co-
operative elevator organization.

THE Alberta Pool Elevators are being op-
erated on a basis of no discrimination
between customers and with the definite policy
of extending fair and equitable treatment to
all persons using its facilities. Why not give

Car Turns Over On Highway

A model T driven by Mr. Leuch from near Caster turned turtle on the foot of west side of the Papineau hill last Friday night, pinning the driver in the ditch. He lay there for around four hours, passing cars not seeing him. Eventually he was released and removed to the Lacombe hospital badly bruised and a number of broken ribs. The badly smashed car was brought to the Hollings Garage at Alix.

E. W. Cormack Was Mile Run

At the 1932 track and field meet held in Red Deer on Labor Day, Mr. E. W. Cormack of Alix was the mile runner. The entry in this race was large and E. W. made the course in 4 minutes 58 and 3/5 seconds.

In the 800-yard run, Norman Holt of Bashaw won a new Alberta record of 2 minutes 18 1/2 seconds.

Denny Holt of Bashaw won a place in three events: 2nd in the 100 yard dash; 3rd in the 220 yard dash and 3rd in the 440 yard dash.

Next Program A Double-Header

When Mr. Sharpe returns in two weeks he will bring a real treat to Alix movie fans. The show will be a double-header, the two big pictures being: Douglas Fairbanks in "Around The World In 80 Minutes" and Chester Morris in "Corcoran". Keep the 21st of September in mind and arrange to see this double attraction.

Gain Being Watched

Threshold is in full swing and the odd farmer has been lashed. The first want to be delivered in Alix went to the Pool elevator from the farm of Mr. F. A. Mann and graduated No. 2.

At the boxing bout last Monday in Ponoka, Clee Simons didn't get his man (officially) he was only given a draw, but the fans tell us that Clee had it all over his opponent in every round.

The "Two Planting Car" aroused great interest on its visit to Alix last Saturday and a goodly number of our citizens, rural and urban, paid it a visit.

The Clive school will hold its annual fair on Wednesday September 14th.

Large numbers of our citizens have visited the Hanes ranch this week to witness a corn-leaf operation, it being the first time that the majority of the visitors have had the opportunity of seeing one of these machines in operation. We are inclined to place the combine as purely a corn implement, where the country is level and not for rolling land such as we have in the Alix district.

Seen to be getting in the garden track.

TWO TYPES

A man there was
So dull and dense
He failed to see
His common sense.
He talked bad times,
Then wondered why
The buying crowd
Frowned coldly by.
He then asked along
From day to day,
But could not make
His business pay.
Another man
Of different view
Refused by his slaves,
Hard work to do.
He advertised,
And spread good cheer,
The public came
From far and near.
He pushed ahead,
Despite the foe,
With well dog pluck
He made things go.
—Granville Klainer—

"Now, what?"
"Why didn't Noah wait
both the sin when he had
such a good chance?"
"Go to bad, young man."

Twenty Years Ago

W. H. Shurborne returned from Calgary on Tuesday, whether he will attend the Banquet. Mr. and Mrs. H. A. Shurborne returned on Friday of last week from their visit to friends in Madison, N. Y.

Laugh Your Pains Away

An Englishman travelling to the State of Utah entered a saloon and asked the owner, a middle aged old lady, for a glass of water. "I will send my daughter to the well for it," replied the woman, and the foreigner being out of doors, she was badly seasick and the use of Oxy's. "What a pretty name," said the traveller. "I have heard of this being christened after other persons names, but never have I yet met one called Oxy's." "Oh don't know anything," said the woman, "but no prettier name," said the traveller. "Mak old men had been in good for fourteen months when she child was born, and that is why she calls her Oxy's—short for oxytocin."

A Chicagoer is a fellow who goes paid for what some other fellow would be shipped for.

With good management there is money in farming. Fifty years ago an Ontario farmer paid \$200 for a farm and last week sold it a gold club for \$120.

ONE FARMER SAYS
 There has been times I met one who has things been in a nest of a hen. But just the same I'll say with a grin it's a darned good year for the shape it's in.

Based among the men folk at the house "Did you see Mike on the bench shoving her bare bottom all off?" "No, when I saw her she had it on."

She seemed for help when he kissed her, so he gave her another helping.

"Mother (coughing violently)—"How does what come after?" "O'—Child—Tush!"

"Customer—"This is a poor last year!"
 "Sales Agent—"Yes but it was better!"

Seldom are Substitutes Equal in Quality
 Here is a Message to All Shoppers of Both Sexes and Varying Incomes
 Insist upon Branded, trade-marked and advertised merchandise. Do not accept a substitute for what you want. Long experience has shown that goods which are widely and steadily advertised in the newspapers are the ones that are worthy of your faith.
 Modern newspaper advertising does you a great service; it permits you to accept without fear goods you have never bought. What others have believed in and accepted you may buy with confidence.
 Advertisers must be, and remain, honest if they want to be successful in business today. Their announcements bear their names and signatures. They tell the truth to protect themselves as well as to safeguard you.
 A newspaper advertisement is a publicly printed bond between advertising merchant and the buying public. It is the strongest guarantee for goods of honest quality at fair and competitive prices.

THE WAY YOU'RE JUDGED

It's the way you live, not the way you talk.
Not the way you preach, but the way you walk.
That the world will judge whatever you claim.
That the world will prize, as the world will claim.

It's the way you do, not the way you say.
Not the way you speak, but the way you pay.
It will be the best or will like the most.
It's the way you work, not the way you boast.

It's the way you sing, not the way you sigh.
Not the way you strive, but the way you try.
That will hold you down, or help you far,
Not the way you mean, but the way you are.

Starting in Saturday evening our district has been treated to a three day rain which put a damper on the threshing for several days. A lot of rain fell and the stubble was pretty well soaked. However, a warm day or so will fix things up and we feel certain there will be ample time to finish before the snow comes.

The M. D. office, which has been closed during the secretary's absence, will be re-opened next Wednesday.

Car & Truck in Hugging Match

A car and truck crash took place on the highway at its intersection with Alx Main street at noon on Saturday of last week with a heap of damage to both machines. The car, a Buick, was travelling east on its way from Edmonton to Statler. The truck, owned by Mr. U. G. Murray, with a load of barley had driven up Main street and it was while turning onto the highway for the west that they met. The car was driven by a lady and endeavoring to prevent a smash she pulled sharply across to the left side of the road and took a side swipe at the truck ripping off the right fender and running board, but the damage to the truck was considerably greater, no doubt attributable to the heavy load, the frame was cracked and twisted, which caved in and springs broken. Fortunately no one was hurt and the owners agreed on a settlement.

One Killed For You, Sloop

Tonight (Friday) at Lacombe, Clive Simons meets Gray Moseley for four rounds in the boxing arena. The main event at the bout in Statler on October 15th is a ten-round fight between Clive Simons and Pete Holm. It is said of these two that on July 23rd last they got up the best fight ever seen in Statler, when Holm was awarded the decision.

Mrs. Whitefield and daughter Peggy returned home on Friday after visiting with her sister, Mrs. Gladys Plante and friends at Camrose. Mrs. Brigham has been spending the past few days among her many friends in and around Alx. Mr. and Mrs. W. L. Pettit and Lawrence have returned from their three weeks holiday in the U. S. and B. C. Editor W. J. Goad of Emley paid us a friendly call one day this week. Mr. A. H. Munn has been spending the week visiting with Lacombe friends. The first two games of the world's baseball series are over between New York and Chicago. Wednesday New York won 12 to 6, Thursday New York won again 5 to 2.

"Sing O' My Heart"

John McCormack sustained the world's greatest honor, who stands in "Sing O' My Heart," the Fox moviehouse production, has more talent than perhaps, than any singer in history. This distinction would probably be shared by Patti and Caruso. In the last eight or ten years, hundreds of tunes have been heard, but in the estimation of the average or estimative friends and relatives were "great" or "less" McCormack. They gradually and they slowly slipped from public notice.

The plot twist of the matter is there has never been a "McCormack" melody who survived for any length of time. There never was a "McCormack" Patti, never a "McCormack" Caruso and there is no "McCormack" McCormack. Somebody greater may come along some fine day but he will have to be original, not merely imitative.

Music from the world over will be brought to know that in McCormack's last picture his voice will be heard in a stormy song.

TEA

From the Gardens

Taste—Who Is Responsible For Them?

It is in the way of doing, and less, that there are at least two things which are known to the world as tea—black and green. It is the tea in the former is known to be a stimulant, and the tea in the latter is known to be a sedative. The tea in the former is known to be a stimulant, and the tea in the latter is known to be a sedative. The tea in the former is known to be a stimulant, and the tea in the latter is known to be a sedative.

Tomorrow in October, three quarters of 1932 goes. Dance tonight (Friday) in the Legion Hall, Alix, Come. Regular monthly meeting of the Alix Village Council next Monday evening at 8 p. m.

Mr. and Mrs. B. E. Todd and daughter Nola motored to Calgary on Friday and visited with friends till Sunday.

The town shields have been awarded for 1932 1933 according to the recommendation of the Town M. B. Sweet as follows: Individual property, Mr. C. Toppenberg; Best street, Jamieson. Mr. Sweet informs us that his job is becoming harder each year as more than ever the citizens are bawling their properties. He noted a wonderful improvement this year.

Mr. and Mrs. V. Allan of Cochrane were visitors with the latter's brothers here several days returning home on Sunday last. Colonel and Mrs. Wilkinson and Mr. P. C. Wilson, also from Cochrane, completed the party.

Miss Lucile Straub, who has spent the past month at Lacombe, returned home on Sunday last.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Scott, Night Specialist, who visits Alix without fail every month. His next visit will be on Friday, October 21st.

While in town last week Mr. J. Brueber rented the residence on Lake street recently vacated by the Pettis' and is this week moving the family up from Calgary. We join in extending them a hearty welcome back to Alix.

The Rebekah social evening held last Monday was a most enjoyable affair. The entertainment was action bridge, there being even tables, but 35 sat down to the delicious chicken supper provided by the ladies. The prize winners were Mrs. C. Walker and Mr. H. K. Kipch.

Mr. H. Sheppard again went to Edmonton on Monday to spend a few days under treatment at the hospital.

The thrashing outfit were once more in full swing at noon on Tuesday after a week's lay-off.

A wedding of wide interest was solemnized Wednesday at 11 o'clock by Rev. R. Upton in the Alix United Church when Margaret Robertson, youngest daughter of Mr. G. Robertson of Alix became the bride of Thomas Campbell Bourke, eldest son of Mrs. R. Wilson of Reddick, Sask.

The bride who entered the church to the strains of Lobe-jin's wedding march played by Mrs. Upton, was lovely in a gown of dim pale blue georgette, with white cut felt hat and carried a large bouquet of carnations. She was attended by Miss Bonnie Sibert dressed in a honey melon cape dress, also carrying a bouquet of carnations.

The bridegroom was attended by Mr. Hope. Mrs. R. Upton sang "At Dawning" while the register was being signed.

The ceremony was followed by a reception and wedding dinner at the home of Mr. and Mrs. T. M. Robertson and immediately after the happy young couple motored to Reddick, Sask. On their return they will reside in Reddick.

Among those present were Mr. and Mrs. Wares, Mr. and Mrs. Hope, Mr. and Mrs. Suckling, Mrs. Takaherry, Mr. and Mrs. Lammie and family, Mrs. Pike, Mr. Haggard of Edmonton; Mr. and Mrs. A. Reinos, Miss Louise Sibert, Mrs. Magle, Mr. J. Brethour, Mr. and Mrs. T. M. Robertson of Alix.

Village Council Meeting

The regular meeting of the village council was held last Monday evening, all present.

A letter was read from the U.F.W.A. asking the council to erect a safety sign at the intersection of Main street and the highway. Councillor Woolgar was appointed to erect a safety sign at the intersection of Main street and the highway.

It was decided to have all dogs shot on which licenses have not been paid by the end of this month.

The secretary was instructed to prepare necessary plates for the abattoir.

The by-law setting the drawing license at \$10.00 and containing legislation governing the use of the dog was given its first reading.

The council decided to take over payment of electric light for town hall and charge a rental for use of upstairs.

A donation of \$10.00 was made to Mrs. J. Ciel as a little help following the destruction of her home.

Fatal Accident At Alix

Mr. George P. Johnston of Lacombe, trouble shooter and meter reader for the Calgary Power Co., was instantly killed about 8 a. m. at the Alix sub-station on Tuesday.

The unfortunate man was doing some work on the big transformer on the stinging twelve feet above the ground and in some manner he formed a connection between the negative and positive wires, 13,000 volts passing through him. He was thrown to the ground and when from the fall or shock death was instantaneous. Coroner N. W. Lamberton, of Strathmore, and Constable Marks of Bashaw were summoned and an inquest was held, the jury composed of Messrs J. Mackin, T. Watson, D. Melvin, R. L. Tupper, U. Siddons and S. C. Anderson, bringing in a verdict of accidental death by electrocution.

Mr. G. E. Linack attended a meeting of the Maintenance of Way Employees Lodge at Coronation last Tuesday evening, Mrs. Linack accompanying him as far as Balhous where she visited until Wednesday.

That Alix will have a five-piece orchestra is proved,
the boys having lined up and are practicing steadily. You
can take it from us that the music will be up-to-the-minute
in each and every one is a music veteran, and all Alix boys:
Floyd Cockrill, piano; Lawrence Pettit, and Matt Breaker

trumpet; and our old time drummer, Frank Brueker, will
handle the traps and vocal end. We will certainly make
their first appearance and will be there to hear them.

Would Lecture On Alfalfa

If the farmers of our district are interested in the growing of Alfalfa they should through their farmers' organization, arrange to have Mr. R. McLaren, who resides north of Tese, give them an address on the subject "Alfalfa, the Wonder Forage Crop." Mr. McLaren has made a hobby of this crop and is well versed in every incident pertaining to its cultivation, having been a grower of Alfalfa for the past twenty-five years. At present he is preparing a book on the subject which will bring to the interested a wealth of knowledge on the subject. He informs us that he is more than willing to tell what he knows to any audience and if the U. F. A. wish his assistance he will attend a meeting at any time.

Don't Forget Camera At Alix

Meeting No. 30 of the L. O. O. F. will hold its meeting at Alix on Thursday evening of next week, October the 27th. Representatives from all lodges of the district, Carr, Lacombe, Mirror and Alix, will attend and Alix Lodge is making arrangements for their entertainment.

District No. 9 of the Masonic Order will hold its annual communication in the Alix lodge room on the afternoon and evening of Thursday, November 17th. The district comprises nine lodges, Carr, Alix, Stettler, Big Valley, Donalds, Castor, Coronation Gadsby and Monitor.

At each of these meetings the Grand Master of the Grand Lodge of Alberta will be present.

New Municipal Map

We have this week received from the office of the Publicity Commission, Edmonton a tentative map of the suggested boundaries for the new enlarged municipal area and in our way of thinking the distribution of our present system would be one of the biggest mistakes that any Government could make.

The revision of taxes is a small item of the business carried on in the secretary's office. Throughout the year hundreds of people visit the office for information outside the tax question altogether and if the present system is put into force the personal touch will be practically cancelled. Take the Lacombe

Municipality for instance, the resident farmer at the farthest has not over twenty miles to travel, but under the new adjustment some would have to travel seventy-five miles to travel (for a case of gopher poisons). We would be to a district some 150 miles long by 30 miles wide and we will venture to state that to the individual taxpayer there will not be one cent saved, in fact we are willing to bet that the mill rate will take a very pronounced jump. The only ones in favor of the change, as far as we can learn, are a few who expect good jobs and the Government who will be able to turn over some of their financial obligations. Think it over carefully before you go crazy on the idea.

A number of the local Odd Fellows accompanied the D. D. G. M., Mr. T. Wilton, on an official visit to Lacombe Tuesday last Monday night and on Tuesday night a number attended lodge in Clive.

THE ALIX FREE PRESS

Published by the Alix Consolidated School

Inspector McLean paid the Alix Consolidated School a visit the early part of this week.

If you make money, have a good crowd and a most enjoyable time, the event must have been a success. This is what happened to the bridge party held on Friday night of last week by the Alix Agricultural Society. There were fourteen tables and the prize winners were Miss Bowyer of Lacanabe and Mr. A. A. Davies of Alix. The consolation prizes went to Mrs. A. E. Henry and Mr. W. E. M. Strang.

Our citizens will look forward to again hearing Rev. Dr. Powell when he again visits Alix on Sunday, October 20th, to conduct the service in the United Church and deliver a lecture on the following Tuesday evening.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for E. J. Best, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, October 21st.

"The Smiling Lieutenant" starring Maurice Chevalier is the next picture coming to Alix November 2nd.

The Alix Legion are making arrangements for their annual "Remembrance Day" service to be held on the Sunday nearest the day which will be November 15th at 2:30 p. m. in their hall. The three divisions of this district have been invited to conduct the service.

His Grace Archbishop O'Leary of Edmonton, assisted by Father Harrison, priest of the parish, held Confirmation service in the Alix Catholic Church on Wednesday afternoon at 3 p. m. There were a class of fourteen.

Let us once again draw your attention to our advertisement in this issue re the "Big Momma Doll" offer. Some time last year, and we went over little girls to have one.

Thrashing machines have once more started up after a lay-off of several days owing to the fall of snow last week.

Popular Young Couple Wed

A very quiet wedding was celebrated at the United Church Manse in Stettler on Friday of last week, October 21st, when Jenn, youngest daughter of Mr. and Mrs. J. J. Cairns of Mirror, became the bride of Florin Elmer, the youngest son of Mr. and Mrs. C. A. Cockrell of Alix, Rev. J. G. Goddard of Stettler performing the ceremony.

This popular young couple have many friends in Mirror, Alix and throughout the district who will join with us in extending congratulations and wishes for every happy hour.

and they surely uphold their rep for a beautiful spread.

Another pleasant surprise was the presentation to Mr. W. J. Pickett by Alix Lodge of a 20 Year Veterans' Jewel.

Your Old Clothes Acceptable

A collection of old clothes, boots, shoes etc., for needy families will be taken at the next meeting of the U. P. W. A. in the cemetery hall, Saturday November 5th. All members and friends are asked to bring whatever they can manage.—B. Cernack, Sec.

Mr. F. W. Pickett is on the sick list, in bed.

Judge Reserves Decision

The sixteen appellants against the findings of the Court of Revision on the Alix Consolidated School assessment last August, appeared before Judge Mahaffy in the Municipal Office on Wednesday last. The school's case was explained by the secretary, also acting as Clerk of the Court, and represented by Lawyer McGuire of Red Deer. The appellants were led by Mr. Sam Bohrer, who acted as spokesman and lawyer.

His Worship listened to both sides of the question and after duly considering same, reserved his decision. The main contention seemed to be that the town and rural assessment were not in accord. We wish to point out that in town, taxes are being paid on lots valued at \$250 which would not bring \$1 at present.

Sam made the crack that land was only worth a nominal value. While this may be, yet the value for taxation purposes is its relative value to adjacent properties, and for school revenue.

L. O. O. F. Banquet Meeting

The district meeting of the L. O. O. F. held in Alix last night was one of the best on record. A large reception being presented by the lodge competing the district. Laramie, Mirror, Clive and Alix. The meeting was presided over by Mr. T. Wilton, D. D. G. M., and the guest of honor was Mr. Wilton of Stettler, Grand Master of the Grand Lodge of Alberta. Following the regular business a degree was conferred on members of the different lodges conferred the honorary degree on a class of young apprentices. But the most enjoyable part of the evening was the old journeyman to the Lodge Hall where the Banquet had been held and where the delightful supper

Monday night of next week is Halloween.

Come to the United Church service next Sunday fifteen minutes earlier, or 10.45 a. m.

Tuesday next is the first of November, creeping close to Christmas and the opening of another year.

Mr. and Mrs. W. D. Clark and family spent the week end visiting with friends at Hanna.

Wedding bells will be ringing south-west of Alix in the early part of November. Listen for them.

Born—North of Twin, on Saturday, October 22nd, to Mr. and Mrs. Guy Stuechfeld, a daughter.

Dr. Warren was in Delburne the hospital of this week giving the school children a medical inspection.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Soel, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, November 19th.

From the Calgary Herald last week you learn that Jack Peare has again signed up with the Stettler Hockey team for the 1923-24 season.

George Matthews is carrying one of his wings in a slip as the result of breaking a bone in his wrist when he slipped and fell last Monday while helping to load a car of wheat.

Henry Sargeant met with a similar accident and he too is carrying his slipper in a bagging basket.

The ladies of St. Patrick's Guild held a very successful bridge party at the home of Mrs. Yarrowood on Tuesday last, five of the members being responsible for the table. Mrs. Davies being the lady with the highest score and Mrs. Edgar winning the consolation. Mrs. Yarrowood served a very dainty lunch at 5 p. m.

Starting around midnight on Wednesday, snow has been falling steadily and was still at it as we went to press on Thursday evening. It is not cold, however, the mercury standing at 26 above, four degrees below freezing.

Fire Destroys Morgan Home

Thursday night of last week around 8:30, fire starting near the chimney, destroyed the residence on the farm of Mr. and Mrs. F. G. Morgan north of town, making a complete job of the house and the greater part of the contents. The residence was insured but not the effects. The loss is a hard blow to the family. We understand they have moved into the old Verburgh house until a new one can be erected to replace the one burned.

Harvest Home Most Enjoyable

The board of Alix United Church was more than pleased at the response to their plans in holding a supper and concert on Tuesday night last, both by the willingness of those contributing to the program and supper and to the large crowd attending, the church being packed to the limit. The three long tables lined up with their display of all the good things of the season and despite the large crowd there was no dissent to satisfy all.

November 11th and 13th in Alix

The Alix Legion has posted bill for a "Remembrance Day" dance on Friday of next week, November 11th when Frank Brooker's "Gladiators" a 5 piece orchestra, will furnish the music and supper will be served in the hall. Adults 75c a couple and extra lady 25c (supper included). You are all requested to wear a poppy.

On the Sunday following, November 13th, divine service will be held in Legion Hall at 3 p.m. when the authorized program will be used. Full announcement next week.

They'll Get Them

Responding to complaints from farmers south of town, that thieves were raiding their premises, Constable Marks and two other police from Red Deer have been scouring the country in search of the marauders but to date we have not heard of an arrest. Nevertheless, we understand the names of the thieves are in the hands of the police and it is only a matter of time until they are gathered in. A quantity of the loot has been recovered.

Alix will have two pictures in a week. "Heritage of the Desert" by Zane Grey shown on Tuesday, November 21st and "Merry Mary Ann" on Wednesday, November 16th.

M. C. VanArk of the C. P. R. Colonization Department, who has spent five years at his old home in Holland, and the past year at Hamilton, Ontario, paid us a visit this week and in conversation he said: "I have lived in most of the European countries, Germany, Holland, Belgium, Ireland, etc., but the climate spot I have found in which I have spent the past year."

Unfavourable To The Change

Several of our M. D. Coun-tilors and members of the U. F. A. attended the public meeting in Lacombe Tuesday night called to discuss the proposed changes in the Municipal affairs. How is That Chimney?

The cold nights are coming which means hot fires, and if the pipes and chimneys are full of soot there may be some trouble. Alix had a scare on Friday of last week when the chimney on the Broker residence caught fire. Fortunately there was no damage, but there easily might have been. Clean them out now.

DO YOU WANT A HIGH-RENT TAX RATE?

Our opinion as to the reception of the Government's suggestion of enlargement of the Municipal areas seems to have been correct. For on looking over our exchanges last week we noted that other matters had taken the same action as that of the Lacombe railway, turning it down flat.

As regards the extension of the Province of \$218,000, we do not question it (we are only doubtful) but on the other hand not only this amount but many more thousands (in our opinion) will be added into the Municipalities. Beyond there was an effective saving to the M.C. of \$100,000.

We will stick a point and give each of the 40 proposals an area a credit for a saving of \$4000.00 each. This will mean that this \$700 for each of the new Municipalities, or in the case of Lacombe \$1 per taxpayer.

To effect this saving the enlarged M. D. would assume the relief of the unemployed (and we believe there are around 400 in the camp at the west end) supervision by the six councillors in place of 34, of all matters pertaining to the M. D. such as road work, old age pensions, farm relief, etc., and if these six councillors are to be regular for a district 150 miles long by 30 miles wide, they will have to be on yearly salary; an engineer, an assessor and other officials will have to be paid with all year salaries, and a thousand other items taken care of out of the \$6000.

And, by the way, his going to get pretty badly into this estimated saving if they keep sending men all over the country trying to convince the taxpayer that he can do all this and cut taxes.

Think it over. Evidently the Alix and district taxpayers were not even interested in the proposed bill as only about a half dozen turned out to the meeting called for its discussion last Saturday afternoon.

A quiet wedding was solemnized at the United Church, St. James at 4 o'clock on Saturday afternoon, November 5th, when Jeanie Marie Williams of Alix and Eugene Dale Dams of Alix, were united in marriage, the ceremony—Bettler Independent.

Mr. and Mrs. LeRoy Sawyer of Alix witnessed the ceremony—Bettler Independent.

United Church News Organ

A series of musical lessons held in the United Church last Sunday when a fairly large and enthusiastic group of children and adults were present.

Shortly after the opening of the services, the pastor, Rev. Mr. W. H. Watson, told the congregation that he had been elected to the position of Moderator of the United Church of Canada for the year 1927.

Councillors C. A. Cockrell and I. V. Carter are in Calgary this week on delegates from Lamerton M. D. Council to the Municipal Convention.

Can you realize that five weeks from Sunday next the season of Christmas Day?

A meeting of the Sunday School Institute for the United Church, the Three Hills Presbytery, is being held in Mirror today (Friday) at 2.30 p.m., with an evening session for the public. The Junior choir will furnish the music.

Former Alix Couple Wed

A wedding of interest to many Alix people took place at Lacombe on Monday, 27th November, when two former young Alix people were joined in wedlock. We refer to Miss Edna Riley from west of Lacombe and Mr. Herb Schard of Millet. The happy couple have taken up house in Millet. Congratulations from Alix friends.

Turkeys Doing Small Price

The farm women are the favored class when they received the small sum of 50c per lb. for No. 1 dressed turkeys. On Saturday last the Woodland Dairy Co. of Edmonton were buying in Alix and gathered in 18,000 lbs. and on Wednesday the new firm brought 10000 lbs. Turkey raising is a ticklish job which usually falls to the woman and it is too bad that they receive such small returns for their labor.

Alix Pack Dealers Get Busy

With their initial meeting on Tuesday evening last the Alix Senior Hockey commenced operation for the coming season. The large gathering comprised altogether hockey enthusiasts from the vicinity being the selection of Frank Brooker as captain and decision to buy P. D. Q. It was a meeting of good and earnest workers and much will be purchased, but men's equipment being headed in the junior team. We have a good line up to choose from and our local fans are assured of real fast sport.

240 Appeals Heard

When you consider that at the Alix 12th, had as high as 100 appeals on the new amendment. Lacombe Municipal District was busy in having only 90 appeals heard with at the Court of Revision on Monday last. This amendment goes into force in a year, January 1934, and lasts for three years, or to the end of 1936. The complaints were all of the grounds of too high valuation and owing to the large number of adjustments the matter of whether or not to grant a reduction was left to the Councilors to bring to a recommendation at the December 11th meeting.

NOTICE

Alix Consolidated School has extended the discount period on current term to December 31st.

"Has the male ever kicked you before?"
"No, eh, he ain't got but he frequently has kicked where ah recently was."

Village Council Meeting

The regular monthly meeting of the Village Council on Monday last was not a long one. However all the residents were present. A letter from the Calgary Power Co. stated they were looking into the matter of drainage at the Alix substation. It was thought one had been placed. As regards the demand for a high pilot fence they did not think such a fence would add to the safety.

A letter from the Department of Municipal Affairs gave attention to the by-law governing the stop signs on Main street where it intersected the highway.

Herb Schard reported the receipt of \$60.00 the village, shown on the wheat crop from the land owned by them and rented on a crop share basis to Mervin Hueston.

The drying 14-day received in third running and became law.

The Alix Junior Choir

The junior choir led the music at the United church on Sunday last and rendered a number of songs. Members are M. Berill and F. Setters are to be congratulated on the success of their efforts and the children on their efficiency. We are looking forward to the concert which we understand this organization is putting on in the near future.

Christmas is but two weeks and two days from today. Let us see to it that every child is happy on the 25th.

The Late Mr. V. Schnepf

The late Mr. Valentin Schnepf, who passed away in the Stettin hospital early last Saturday morning, December 1st, following a long illness, aged 73 years, was a native of Germany. He came to the States when a young man and resided for a time at St. Catharines, Iowa, where on March 15, 1888, he was married and in 1911 the family moved to Alberta, settling on the farm east of Alix which he owned since his home.

Mr. Schnepf was an industrious farmer, of a very quiet disposition and an obliging neighbor. His wife passed away in the great beyond in October of 1920. Seven children survive, namely: Morris V. Lawrence, O. James R. Karl J. and Margaret M. Alix, all residing in the Alix district; Anna K. M. Thompson, Ill., and Helen C. Anderson, Ill. and Frank C. Anderson, one of our great grandsons.

The funeral took place on Tuesday from the United church at Alix conducting the church service and the Rev. Fellows have charge at the grave side.

Among the beautiful floral tributes were a pillow from the family, a wreath from the Kelley family of Calgary and a wreath from the Nelson Club.

The pallbearers were all members of Alix Odd Fellows Lodge: W. L. Pettit, W. E. Davis, F. A. Strub, P. C. Toepfer, S. C. Andrews and H. Engel.

Funeral services were held at 10 a.m. on Wednesday at the home of Mrs. E. A. Strub, Alix. The services were held at the home of Mrs. E. A. Strub, Alix. The services were held at the home of Mrs. E. A. Strub, Alix.

**A JUMPER DRESS WITH SPACE
LETS (CREATE WHIPPED
ROCK LINES FOR
SMART FITTING)**

Here's a new type of jumper dress
the little girl of school age will love.
It's so simple, yet has so much smartness.

Mother will love it too for it's so
easily made and at a small outlay.

The navy blue wendy jumper was
stitched down the center-front with
inverted plait, the belt and the open-
ing. Give a smart pleasing tedium.

However, the stitching may be
omitted.

The separate gumps was white cotton broadcloth.

To give the wardrobe variety without incurring much extra expense you could make two or three different styles. For instance, one in red and white gingham check, one in the main red wool crepe and one in yellow jersey.

Style No. 234 is designed for sizes 8, 10, 12 and 14 years. Size 8 required 1½ yards 34-inch for dress and ¾ yards 34-inch for blouse.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap carefully.

After, British Island, on August 14, 1970, swells inflamed that in previous years and its influx of snow had forced the Navy to evacuate the island. On August 20, the day on which the conditions arrived several severe storms occurred but fortunately no such enormous squalls were reported. By the end of the month, the seas, which had not moved out in years, turned the way to South Atlantic, the most seriously part of the island. For the first time in the past, the storm season began the day after the first of September. The first of September was a storm in the Gulf of Mexico, giving others of ships a detailed picture of weather conditions on the entire coast.

R. C. Andrews, Editor and Prop.

We are sorry to learn that Miss Daisy Docherty is dangerously ill at the Castor Hospital from pneumonia following a severe heart attack, but we understand that she has taken a turn for the better.

Before the appearance of our next issue our list will have once again started on his northern march and gradually the days will have started to lengthen.

On Wednesday afternoon of last week a shower was given Miss Hazel Pearce, bride to be, at the home of Mrs. C. Sorenson. The gifts were beautiful and useful, from joining household linen, silverware, china and a lovely chair.

A dainty tea was served by the hostesses, Mrs. C. Sorenson and Mrs. A. Foster, after which came the shower.

A number of our citizens have been confined to the house the past couple of weeks with the flu.

Phone to Miss Garrett, Nelson Hotel, and make your appointment for H. J. Snell, Sight Specialist, who visits Alix without fail every month. His next visit will be on Friday, December 10-11.

Despite the inclement weather of Friday night last week, the card party and dance to raise a donation for the Red Cross was fairly well attended and the Women's Institute will have around fifty dollars to send in. At cards Mrs. A. G. Ditts and Mr. J. Talents were the prize winners, while Mrs. C. M. Yarwood drew the lucky ticket on the beautiful big doll. Among those contributing to the even's success by donation were: Frank Brooker's Gloriosa who played for half price; the Legion who gave the hall for the price of fuel and lights; the Odd Fellows who donated their hall; the Henry Drug Store who gave the doll; and the people of the community who furnished the supper.

Wedding bells are to ring again near Alix next week. Listen for them.

Mr. and Mrs. Jas. Docherty and family were in Castor last week end, having been called thither owing to the sickness of Nurse Daisy Docherty.

Those who failed to sell their turkeys in Alix last week received a shock at Tes this week where the price was a lot lower. Imagine buying a nine pound bird for 45c.

At the annual meeting of the Alix Curling and Skating Association, held in the rink on Monday evening last, the same officers were re-elected for the coming season: President, A. S. Bennett; Vice-president, I. Bennett; Secretary, R. W. Pascock; Treasurer, J. Breithorn. Skips were chosen as follows: A. S. Bennett, B. C. Andrews, A. G. Ditts, G. Lissack and W. Lissack. A committee was appointed to arrange for the official opening to see as the arrangements can be made. Outside risks will be invited and playing will start around six o'clock.

It seems like old times to have Gordon Brown come again as trouble shooter and meter reader for the Calgary Power Company. Gordon was transferred to Camrose in March last and has now been returned to reside at Bashaw in charge of this district.

The auction sale at Haunted Lake ranch on Wednesday went over better than was anticipated. Mr. Hanes leaves in a few days to take over his old farm in Saskatchewan. We were very, very sorry to have him go.

Wheat struck a new low on Thursday, 21c for No. 1 Northern.

We understand that plans are being arranged for a Junior Hockey game in Alix, to be played on Wednesday of next week, December 21st, with Mirror as the opposing team. Let's all turn out and show the boys we are boosting for them and help them win their first game.

Next show is Alix, Wednesday, December 28th, featuring the 4 Marx Brothers with Thelma Todd will be "Horse Feathers." There will be a matinee in the afternoon at 2.30 p. m. and the regular show at 8.30 p. m. The admission for the matinee will be 20c for children and 25c for adults; regular prices for the evening show. Don't miss this hilariously funny show.

Christmas Time Brings Angelic Choirs' Refrain

HEAVEN'S bend low above the earth at Christmas time. It is then that the things above join and blend with the things below. It is then that angels and archangels crowd above the Judean hills and the refrain of angelic choirs falls upon the ears of men. It is Christmas time, when the flaming glory of visitors from the sky stream all the sleeping folk and watching shepherds. At Christmas the stars of heaven find the paths of men and lead the kings of the East to the manger of the new-born Prince. It is then that the star of Bethlehem shines with the lantern of weary travellers to greet the Light of the World. It is then that angels and men join in praise to God in the highest, and peace and goodwill manifest the earth. All these are but small symbols of that finer blending, that richer combination of divine love and human frailty which brought the spirit-born Son of God to live in the flesh-born son of Mary, to be the Christ of God and the Savior of men. At Christmas time heaven looks down to earth and earth looks up to heaven. — William L. Gaston.

Pearce-McKinnon

A pretty wedding was solemnized at the home of Mr. E. A. McKinnon on Thursday, December 22nd, when their eldest daughter Pearl, became the bride of Mr. Leslie Bernard Pearce, eldest son of Mr. and Mrs. E. Pearce, all of Alix.

The bride, beautifully gowned in a white silk costume, was supported by Janet Goldberg as bridesmaid, while the groom was supported by his brother, Mr. J. Pearce. The ceremony was performed by Rev. W. P. Griffiths.

The wedding supper was at the home of the bride to which a large number of friends and relatives had been invited.

The happy young couple have taken up residence in Alix and we extend the very best wishes for unbounded happiness.

Curling Wins

Five out-of-town rinks took part in the official opening of the Alix curling rink on Thursday evening of last week. Mirror 2, Erskine 1, Stettler 1 and Botha 1. The three games contested by the local rinks lost out, while the Botha-Mirror game was a win for the latter in a very tight contest.

On Friday night of last week a local rink, G. Lissack (skip), I. Sweet, W. Peacock, R. Far, went to the Erskine opening and brought home the trophy by a substantial margin.

The first elimination contest is under way at the rink but no soon as the holidays are over the several rinks will get down to business.

December 26th a Holiday

Monday, December 26th, is a public holiday, celebration of Christmas Day. All places of business will be closed.

A lot of the young people will just now be singing "House, home on the range."

Alix Consolidated School closes today for the Christmas and New Year holidays and will re-open on Tuesday, January 3rd.

Again we wish one and all a Merry, Merry Christmas.

NOTICE!

The Alix White Lunch will NOT RE-OPEN on Christmas Day (Sunday) but on Monday, December 26th, from 12 noon to 2 p. m. and again at the evening meal Christmas dinner will be served.

We extend to everyone for compliments of the season and wishes for a Very Merry Christmas.

Greetings

Here you see our Christmas tree. One of the best type too, and while dear sir, 'tis not a fir, yet it was made "fit" for you. 'Tis true you see upon this tree no presents rich and rare, but please be kind and bear in mind, in thought the gifts are there. We wish you all, the short, the tall, young, middle-aged and grey, the poor, the rich, the black, as-pitch

Children's sluggish spells and other little ills just vanish overnight when they get Philip's Magic. A gentle anti-nausea and mild laxative, this is the ideal to give a child of any age, including infants. The gentle preparation—in the bubble-wrapped bottle that says Philip's—has complete directions and dosages covering many important uses for adults and children.

True Ideologues

A new classification for musicians has been established by Horowitz and Joffe, according to a description in *Classical Music*. A voluntary survey they find to be more appropriate to today's CD, is the defining instrument. It is a state of ignorance caused by excessive consumption.

attended, 714 meeting held, with a total of 20,716 attending. The total number who were present for lectures was 41,984, and this exceeds by a large number, the record of any previous year, over the same period. At every stage a record meeting, after the regular evening one, was found necessary to accommodate the large numbers of people driving in from all the districts, people driving, and almost impossible to cut out new ones, and expect them to grow. But it is under just such conditions, that we have been having, that trees can do so much for us. It is not surprising at all, that in these districts, we have had large numbers of trees, but absolutely none of the large numbers which are still alive. As the car travelled through the

A most encouraging feature, in the increased interest amongst the younger people. Without doubt they are becoming less conscious of the "old" and more of the "new" and for the purposes of true planting, *Ma* is the one called to the aid, and others retained after the lecture, to ask questions, and secure information on the various points of interest.

...tells of one young boy, who rode 7 miles on horseback to be prepared for the meeting, bringing with him a valuable spirit, containing the oil of the tree. When the moment, said he, he had, would not be sufficient to gain him admission, was quickly changed, to anything but worry, in learning that the oil was not for the programme, and still retain the oil people.

Amongst the other people, the con-

personal belief of a few years ago, in the impossibility of having success with true, deep-seated change. The change is not in the technology, time and labor, required to build up belts, as well as the drawbacks to contend with, but all are sympathetic, and aware of the many advantages. One side of the drive is 12 miles to secure information, at the car, unable to reach the meeting, they said that

A cow and her calf solemnly wait down the world's most famous cow path in Chicago recently.

While painful critics wondered what it was all about, honey and her calf were waiting for the moment when the corn-fed pair would appear on the cattle-paved path under a signpost at 100 West Madison Street. The cow and the calf did their stage to advertise the International Livestock Exposition.

The picture was taken from a point 30 miles south of the Cuban Gulf, and shows both San Francisco and Miami Beach, which are 200 miles apart, Cape Popular, Matanzas Bay, and so on. It was made by army air corps photographers who utilized the brilliant infra-red light through a special filter.

RING out, wild bells, to the wild sky
The flying cloud, the frosty light
The year is dying in the night;
Ring out, wild bells, and let him die.

Ring out the old, ring in the new,
Ring happy bells, across the snow,
The year is going, let him go,
Ring out the false, ring in the true!

Ring out the grief that saps the mind,
For those that here we see no more;
Ring out the loud and ugly year,
Ring in reborn to all mankind.

Ring out a slowly dying cause,
And ancient forms of party strife;
Ring in the nobler modes of life,
With sweeter manners, purer laws.

Ring out the want, the care, the sin,
The faithless coldness of the times;
Ring out, ring out my mournful rhymes,
But ring the fuller minstrel in.

Ring out false pride in place of blood,
The falser slender and the spite;
Ring in the love of truth and right,
Ring in the common love of good.

Ring out old shapes of foul disease;
Ring out the narrowing lust of gold;
Ring out the thousand wars of old;
Ring in the thousand years of peace.

Ring in the valiant man and true,
The larger heart, the kindlier hand;
Ring out the darkness of the land,
Ring in the Christ that is to be.

Alix School Entertainment

As per usual the Legion
hall was packed for the an-
nual Christmas tree and
concert for Alix Consolidated
school, held on Friday night
of last week. The program
was up to standard and ex-
hibited a lot of patience on
the part of the teachers and
ability in the children. We
are not going to single out
any one item, suffice it to say
that every number was ex-
cellently given and the drill
very, very pretty.

Some are inclined to ques-
tion this taking up of time
from school studies, but be-
lieve you me had some of us
taken a little more time in
our school days along this
line, we would not now be
such duds when asked to say
something at a gathering.
In our way of thinking this
is a very necessary part of
school training.

Let Us Be Thankful

1932, which is fast drawing
to a close, has brought to the
majority of us much worry
and anxiety from a financial
standpoint, but when we
consider the well laden tables
of Christmas Day, we cannot
but realize that we have
been to be thankful for, and
survive with our larders well
stocked we may look forward
to the incoming year with
hope for better things. Let
us welcome 1933 with bright
faces.

Obituary

A few days ago Mrs. Geo. Ross received the sad news of the death of her brother, Mr. William Cunningham, at Galtoun, Ayrshire, Scotland, who passed away on December 3rd. With his two sons, Mrs. William and James Cunningham, at his bedside this remarkable old Scotchman fell asleep after a long and active life.

The old times pass on one by one. This week we learn of the death at the family home near Clive of Mr. John Grose, one of the pioneer residents of this part of the Province, well known throughout the entire district as a just and upright man, a successful farmer and a kind and sympathetic neighbor.
